SOUTH CHINA is ahead in the civil war to decide whether north or south China shall have the pleasure of kicking out the foreigners

Soldiers in the northern armies are deserting, according to last night's news. All China is united in objecting to the United States' suggestion of a neutral zone to make foreigners safe. The Chinese don't want them "safe," they want them out.

MR. BURGERT, bachelor member of a very "old family" in Ohio, leaves money to build a home for girls "between the ages of 16 and 28, of small stature, bright, ambitious and good to look at." Fat girls are not to be admitted.

That will was made by a foolish bachelor. Young girls ought to be reasonably fat, with tissue and energy stored up for their duty as mothers. Girls of the skeleton type have barely energy enough for themselves, to say nothing of a family.

THE Italian flyer, De Pinedo, starts tonight on his "hop" across the Atlantic, with no string of ships to look out for him, relying on the engines of his Italian flying machine and his own skill. This may be called the beginning of real ocean flying. Exciting now, it will be commonplace a few years hence.

Only a little while ago Lord Northcliffe offered $50,000 to anyone that would fly across the English channel. Many chidren could do it today. Germany has flying lines as well organized as railroads, and charging the same fare as railroads.

A CHEERFUL stock market yesterday. You could borrow for speculating at 4 per cent. Railroads prices were up. Poor bears that took it into their heads to sell stock of the Baldwin Locomotive Co., got another lesson yesterday. The stock went up $9 a share—most annoying if you happen to be several thousand shares "short."

However, invest wisely, but don't gamble on either side of the market. You will lose if you do.

MANY good investments in this world for those that hang on. When Edward Fitzgerald published his translation of the Rubaiyat, that first edition sold for one penny in England. Yesterday J. F. Drake paid $3,200 for a copy.

When John Bunyan's "Pilgrim's Progress" was first published, wise book people said, "Only servants will buy a book of that kind." One of the copies, originally sold for two pence, is worth thousands of dollars now.

AN 11-year-old boy, Michael Ponkraskow, ran away from home after a beating, killed a shopkeeper in an attempted holdup, and is wondering what will become of him. It is said that he cannot be treated as a youthful delinquent, because he refuses to

CHEKING ARMY LOOTS AND FIRES HANGCHOW AS VICTORS PUSH ON

Thousands of Chinese Refugees From Two Cities are Pouring Into Shanghai, Seeking Shelter.

NEW GOVERNMENT IN FOE CAPITAL

After Defeating Sun Chuan-Fang Troops on Three Fronts, Victorious Canton Army Drives on.

SHANGHAI, Feb. 18.—The Cantonese drive on Shanghai continues, and the Chekiang forces appear unable to offer much resistance. The Cantonese today captured Ningpo, a treaty port, and the capital of Chekiang.

Thousands of Chinese refugees from Chekiang and Kiangsu are pouring into Shanghai, seeking shelter in the foreign settlement.

Retiring Army Adopts Torch.

Unconfirmed reports from Hangchow declared the city in flames. The retiring Chekiang soldiers were reported to have looted the city and then adopted the torch.

Authoritative reports to the China Press, English language daily of Shanghai, said the Nationalist forces were completely in control of Hangchow, although the southern troops had not occupied the city. A Kuomintang government has already supplanted that of the fleeing Chekiang officials.

After defeating the Sun Chuan-Fang troops on three fronts yesterday, the Cantonese continued their drive toward Kashing, where Sun is reported entrenching himself in a desperate endeavor to halt the southerners' drive toward Shanghai.

Atmosphere in Shanghai Tense.

The atmosphere in Shanghai was extremely tense as it was evident the deciding struggle for the possession of Shanghai is developing swiftly. Foreign officials here declared the capture of Shanghai may come, as usual in Chinese military politics, with lightning-like suddenness.

Twenty thousand of Sun Chuan-Fang's troops who evacuated Hangchow yesterday were entraining today for Kashing, where the main line of defense is being established, with a second line at Sungkiang. Four thousand Sun troops arrived from Ningpo, and were dispatched to Sung-Kiang this morning. More troops are expected to arrive from Ningpo shortly.

Foreigners, with a few exceptions, including American missionaries and teachers, evacuated Hangchow for Shanghai.

Reports from Chengchow, Honan province, indicate that Marshal Wu Pei-Fu's generals, Wei Yi-San, Tient Wei-Chin and Chin Yu-Nao, are co-

Roumanian Prince Blames Foes for His Abdication

Copyright, 1927, International News Service.

PARIS, Feb. 18.—Prince Carol of Roumania has only one regret over his renunciation of his rights to the throne, and that is a "feeling" that he has "shirked obligations that came as a birthright."

The prince made this statement today in the first interview he has accorded an American correspondent since his dramatic departure from Bucharest.

Prince Carol declared that his abdication was due largely to "misunderstanding." He charged that the initial step for his abdication was taken by his political enemies.

ALL-NIGHT CLASH

Meets Death as he Hides Under Bed in Alexandria.

ALEXANDRIA, Ind., Feb. 18.—Swift justice descended on George Schmauss, 27, when police and sheriff deputies killed him as he hid under a bed in an old hospital here early today.

Schmauss had shot and killed Chief of Police Opal J. Hughes, 32, yesterday when he attempted to serve a warrant from Muncie brought against Schmauss by his wife for non-support.

An all-night search by Alexandria and county officers during which Schmauss was wounded as he fought off the searching officers, terminated at 6 o'clock when the delinquent husband met death from the gun of Deputy Sheriff Walter Hepfer.

Hepfer fired at Schmauss as the latter made a sudden dash for freedom from his hiding place. The victim died instantly.

Mabel Normand, Ill Of Pneumonia, Will Live, Doctors Say

SANTA MONICA, Cal., Feb. 18. — Mabel Normand will live.

This cheering announcement was made at the Santa Monica hospital today by physicians who have been attending the actress since she was taken down with a violent attack of pleuro-pneumonia, complicated by an abscessed lung.

Miss Normand passed the crisis of her illness during the night.

The actress passed a restful night, it was said, and this morning her temperature had dropped to 100, the lowest since she was stricken.

FORMER POLICE CHIEF WITNESS FOR RUDNER IN CANTON TRIAL

S. A. Lengel Denies Accused Was Close Friend.

KNOWS PRISONER

Does Remember Talking With Ben on Day of Murder.

CANTON, O., Feb. 18.—S. A. Lengel, who was police chief of Canton, at the time of the Don R. Mellett murder, took the witness stand for the defense today in the trial of Ben Rudner, charged with plotting the crime, and testified that he had known Rudner, for many years, but denied he was a close friend.

Concerning his activities directly after the slaying, Lengel stated that he was called from bed and immediately took the usual action, sending out detectives and notifying police to pick up all suspicious looking characters.

Asked if he had talked with Ben Rudner on July 15, the date of the murder, Lengel said he could not remember. He did remember, however, a conversation with Rudner on the morning of July 16, the day after the crime was committed, when Rudner introduced him to a man named Smith, he said.

Admits He Visited Store.

On cross-examination Prosecutor Harter asked Lengel if it wasn't a fact that he was in Rudner's store a day or so previous to the killing of Mellett. Answering in the negative, Lengel said that he was only in Rudner's store upon one occasion and that was after his suspension from the police force, when he passed through Massillon and dropped in for a short visit.

Since the defense opened its case, there has been much conflicting testimony and several witnesses may be recalled to the stand in an effort to clear up certain angles.

Steve Kascholk, state's star witness, has testified that Patrick McDermott, convicted as one of the gunmen in the murder conspiracy, received instructions from Rudner, July 9. The defense maintains that Rudner at 2:30 that morning had a finger lanced in Massillon hospital and was afterward sent home under influence of morphine, sleeping until late that afternoon.

Unidentified Man's Body is Found in Woods Near Warren

WARREN, O., Feb. 18.—With deep wounds in the head, the body of an unidentified man, was found in a woods near here today.

The victim was about 5 feet 8 inches tall and apparently of middle age. His clothing consisted of a blue suit dark overcoat, black shoes, black silk socks and a blue scarf, sprinkled with red dots.

All indications point to murder, according to Coroner J. Henshaw of Trumbull county. The man's head was covered with rags which had been smeared with oil.

Because of the nature of the wounds, authorities were unable to determine the man's age or tell the color of his eyes.

Presbyterian Pension Fund Campaign Dinner Here Tonight

Rev. William Pearson Lockwood, of Hartford City, Ind., Will Make Address at Meeting at 6:15 O'clock.

PENSION FUND DINNER SPEAKER

Rev. William P. Lockwood.

First reports of the pension fund campaign being conducted among members of the Presbyterian church by the laymen's committee, will be made at a dinner meeting which will be held in the social rooms of the Presbyterian church at 6:15 o'clock tonight.

Between 60 and 75 churchmen from the East Liverpool district, which includes this city, Wellsville, Salineville and rural congregations, are expected to attend the meeting. The dinner will be served by one of the missionary societies of the First church.

The speaker will be Rev. William Pearson Lockwood, of Hartford City, Ind. He has been given a six months' leave of absence from his church to act as a special representative of the Presbyterian Board of Ministerial Relief and Sustentation. In his early life, Rev. Lockwood was a stone cutter but later entered the ministry. He is a forceful speaker.

The campaign in this district opened last Sunday and will be completed not later than March 1.

Of the proposed $15,000,000 fund, about $7,000,000 has been subscribed. Campaigns are now in progress in Ohio, Kentucky and Michigan. Quota of the Steubenville presbytery has been placed at $88,203, which represents benevolent contributions in 1925, plus an additional 10 per cent.

The fund will provide pensions ranging from $600 to $2,000 for ministers who may retire upon reaching the age of 65 after having served for 35 years in the church.

BOARD OF EDUCATION REFUSES T O. K. PARENT-TEACHER CAMPAIGNS

Action Follows Request for Approval of Grant Street School's Proposed Piano Fund "Tag Day."

The board of education, meeting in the high school building, last evening, refused to sanction city-wide campaigns to raise money for school projects planned by parent-teacher associations and other organizations.

This action was taken after representatives of the Parent-Teacher association of the Grant street school asked endorsement of a "tag day" campaign to raise funds to purchase a piano for the school.

Members of the board expressed the opinion that inasmuch as the voters had approved a school tax levy at the polls in November, federal campaigns to benefit only one school district should not be permitted.

The board's action, approved unanimously, provided that "no solicitation for raising funds by public subscriptions or tag days be sanctioned by this board."

Miss Vera Heddleston was appointed elementary teacher, upon recommendation of Superintendent C. S. McVay and members of the teachers' committee.

A letter was read from the state fire marshal's office requesting that the set number of taps upon the gong as the signal for a fire at the McKinley school be abolished. A stranger discovering a school fire would not know the number of gong taps, the letter pointed out. This letter followed an inspection by Deputy Fire Marshal D. J. Connor, Youngstown. The communication has been referred to the school principal.

SOLONS, MAYOR, CABINET MEMBER AND FIRE CHIEF IN LIVELY DEBATE

Question of Purchase of New Fire Truck Instead of Chassis Prompts Discussion at Council Session.

Council meeting last night in the municipal court room was featured by a lively debate on the proposal to purchase a new fire truck in which the solons, Mayor Ralph C. Benedum, Service-Safety Director J. W. Moore and Fire Chief Thomas Bryan took part.

Discussion followed Solon George Hughes' motion to rescind the action taken at a previous session, authorizing legislation for the purchase of a new chassis, and that a committee of three councilmen, the service-safety director and fire chief be appointed to confer relative to buying new equipment. The motion was carried with Councilman William J. H. Kelly voting negatively.

Solon Thomas Farrell opened the debate when he declared that at the court hearing on the annexation of suburban territory he and other members of council pledged fire and police protection in the new territory.

Councilman Charles Hayes endorsed Farrell's view with the exception that he did not favor buying a new pumper. Hughes and Solon Poole spoke in

Luther Wells Held When Police Find Liquor in Home

Luther Wells, stationary engineer, of 712 Jackson street, was arrested by Captain of Police Conley at 4:30 o'clock yesterday afternoon, after police found a half gallon of corn liquor in his home.

Wells declared today that the liquor was kept in the house for medical purposes. He was remanded to jail until the arresting officer could be heard. It is likely that Wells will be brought before Judge Hanley this afternoon.

The charge of operating a disorderly house against Frank Little, of Sandy Bottom, East End, which was to have been heard yesterday afternoon, was conthinued until next Wednesday because of the illness of Little's counsel.

Former Minister, Alleged Bigamist, Held on Check Count

DETROIT, Feb. 18.—Robert Alan Mc L. Browne, former minister, and alleged bigamist with six wives, was arrested here today on a charge of passing a worthless check. Browne's first marriage took place shortly after he received a degree of bachelor of arts in Columbia university of New York, police say.

TWISTER HITS THREE CITIES IN MISSISSIPPI AND LOUISIANA

Thousands of Dollars Worth of Property Destroyed.

WIRES ARE DOWN

Storm Followed by Rain, Originates in Texas.

ATLANTA, Feb. 18—Thirty-seven persons are known to be dead, scores are missing, more than 300 are injured and property damage soared into thousands of dollars following a disastrous cyclone which last night twisted its way across northern Louisiana and roared into central Mississippi, where it finally passed out.

Included in the death list are:

Pleasant Hill, La., 11 dead, 25 injured.

Rose Hill, Miss., eight dead, ten injured.

St. Joseph, La., seven dead, 15 injured.

The tornado originated in eastern Texas last night, twisted its way across northern Louisiana and subsided in middle Mississippi.

Taking a zig-zag course, the tornado dodged big cities, and tore a half-mile path of death and destruction across the rural districts. A heavy downpour of rain followed the storm.

Wires were down in many places and only meager details of the extent of the toll of the twister was available early today.

Second Tornado Strikes.

One person was killed, two are missing and 20 seriously hurt when another tornado struck near Natchez, Miss. Several plantation houses were destroyed there.

Pleasant Hill was hardest hit. A new oil field had just been opened there and the fury of the storm wrecked the hastily constructed wooden houses. Most of the dead and injured were eating supper at the time the tornado struck.

Ambulances and nurses were rushed to Pleasant Hill from Shreveport to take care of the injured and homeless. The dead there were removed to a morgue at Spring Mill, La., and the injured and homeless housed temporarily in the Masonic temple until they could be taken to hospitals in Shreveport.

The identified white dead at Pleasant Hill are:

Mrs. E. D. Hicks, 60; her son Keyes Hicks, 25; Mrs. Birdie Askey, 40; Miss Opal Askey, 18, her daughter; Lamar Askey, 6, and Larry Askey, 3; her two sons; Miss Ruth Birdell, 18; W. J. Brown; Elbert Bates, age 5.

MERIDIAN, Miss., Feb. 18.—Eight persons were killed when their houses were destroyed by the terrific storm that struck near Rose Hill, 45 miles southwest of Meridian last night, according to reports here today.

The dead are Mr. and Mrs. M. Boyd, their five children and John Lewis, Jr. Five other Boyd children were badly hurt, as was John Lewis, Sr.

The bodies of Mrs. Boyd and young Lewis were found, 200 yards away, buried among some bales of cotton and other debris hurled through the air by the storm.

Another Storm in California.

SAN FRANCISCO, Feb. 18.—Recovering from previous storms, San Francisco and northern California was being buffeted by another storm today.

Weather bureau officials have ordered storm signals to be hoisted from San Francisco to Alaska, and shipping apprehensive of Tuesday's gale again hurried into protecting ports.

The pilot boat Grace S. was forced to return here last night after heading out Golden Gate. The pilot reported a hurricane blow was brewing and that all vessels near the coast were in danger.

Lives lost in snowslides, traffic accidents, train wrecks and other accidents caused by the storms today had mounted to 33.

WALKERS, SITE OF FIRST SEWER PIPE PLANT IN UNITED STATES, TO BE MARKED BY DAUGHTERS OF AMERICA REVOLUTION

Location of the first ceramic industry in the United States, a sewer pipe factory, near what is known as Walkers, is to be marked with a bronze tablet mounted on a heavy boulder by Bethia Southwick chapter, Daughters of the American Revolution, it was announced today.

The organization will also mark the site of the old blockhouse which stood along the banks of Yellow creek, near the McCullough-Jefferson county children's home.

The chapter is now raising funds for the purchase of a chair, which will be installed in the auditorium of the Continental Memorial hall, which is nearing completion at Washington, D. C. On this chair will be a copper plate bearing the name of the donor. Every chapter in the United States has been asked to contribute a chair for this structure, which is being erected by the Grand Army of the Republic.

The chapter will give a Washington birthday entertainment and a benefit tea at the home of Mrs. George Moore, St. John street, between the hours of 2 and 5 next Tuesday to raise funds for the chair which will cost approximately $150.

Graves of Revolutionary war veterans in Columbiana county are also to be marked through the assistance of members of the chapter. Cemeteries are being searched for the bodies of men who lived during the Revolutionary days. The federal government will furnish a marker for each grave. The grave of one veteran of 1776 has been located at Clarkson.

Members of the Daughters of the American Revolution must furnish proof that their ancestors served with the Colonial armies in the war against the motherland about 150 years ago.

The chapter is named in honor of Berthia Southwick, a Massachusetts woman, who is said to have served the "Minute men" with lunch during the battle of Lexington. It is the only chapter in Columbiana county, its membership being between 25 and 30. It was organized about 10 months ago.

Mrs. W. F. Lones, wife of the judge of the Columbiana county common pleas court, is the chapter regent.

Rev. William Pearson Lockwood, of Hartford City, Ind., Will Make Address at Meeting at 6:15 O'clock.

First reports of the pension fund campaign being conducted among members of the Presbyterian church by the laymen's committee, will be made at a dinner meeting which will be held in the social rooms of the Presbyterian church at 6:15 o'clock tonight.

Between 60 and 75 churchmen from the East Liverpool district, which includes this city, Wellsville, Salineville and rural congregations, are expected to attend the meeting. The dinner will be served by one of the missionary societies of the First church.

The speaker will be Rev. William Pearson Lockwood, of Hartford City, Ind. He has been given a six months' leave of absence from his church to act as a special representative of the Presbyterian Board of Ministerial Relief and Sustentation. In his early life, Rev. Lockwood was a stone cutter but later entered the ministry. He is a forceful speaker.

The campaign in this district opened last Sunday and will be completed not later than March 1.

Of the proposed $15,000,000 fund, about $7,000,000 has been subscribed. Campaigns are now in progress in Ohio, Kentucky and Michigan. Quota of the Steubenville presbytery has been placed at $88,203, which represents benevolent contributions in 1925, plus an additional 10 per cent.

The fund will provide pensions ranging from $600 to $2,000 for ministers who may retire upon reaching the age of 65 after having served for 35 years in the church.

PENSION FUND DINNER SPEAKER

Rev. William P. Lockwood.

BOARD OF EDUCATION REFUSES T0 O. K. PARENT-TEACHER CAMPAIGNS

Action Follows Request for Approval of Grant Street School's Proposed Piano Fund "Tag Day."

The board of education, meeting in the high school building, last evening, refused to sanction city-wide campaigns to raise money for school projects planned by parent-teacher associations and other organizations.

This action was taken after representatives of the Parent-Teacher association of the Grant street school asked endorsement of a "tag day" campaign to raise funds to purchase a piano for the school.

Members of the board expressed the opinion that inasmuch as the voters had approved a school tax levy at the polls in November, federal campaigns to benefit only one school district should not be permitted.

The board's action, approved unanimously, provided that "no solicitation for raising funds by public subscriptions or tag days be sanctioned by this board."

Miss Vera Heddleston was appointed elementary teacher, upon recommendation of Superintendent C. S. McVay and members of the teachers' committee.

A letter was read from the state fire marshal's office requesting that the set number of taps upon the gong as the signal for a fire at the McKinley school be abolished. A stranger discovering a school fire would not know the number of gong taps, the letter pointed out. This letter followed an inspection by Deputy Fire Marshal D. J. Connor, Youngstown. The communication has been referred to the school principal.

SOLONS, MAYOR, CABINET MEMBER AND FIRE CHIEF IN LIVELY DEBATE

Question of Purchase of New Fire Truck Instead of Chassis Prompts Discussion at Council Session.

Council meeting last night in the municipal court room was featured by a lively debate on the proposal to purchase a new fire truck in which the solons, Mayor Ralph C. Benedum, Service-Safety Director J. W. Moore and Fire Chief Thomas Bryan took part.

Discussion followed Solon George Hughes' motion to rescind the action taken at a previous session, authorizing legislation for the purchase of a new chassis, and that a committee of three councilmen, the service-safety director and fire chief be appointed to confer relative to buying new equipment. The motion was carried with Councilman William J. H. Kelly voting negatively.

Solon Thomas Farrall opened the debate when he declared that at the court hearing on the annexation of suburban territory he and other members of council pledged fire and police protection in the new territory.

Councilman Charles Hayes endorsed Farrall's view with the exception that he did not favor buying a new pumper. Hughes and Solon Poole spoke in

Luther Wells Held When Police Find Liquor in Home

Luther Wells, stationary engineer, of 712 Jackson street, was arrested by Captain of Police Conley at 4:30 o'clock yesterday afternoon, after police found a half gallon of corn liquor in his home.

Wells declared today that the liquor was kept in the house for medical purposes. He was remanded to jail until the arresting officer could be heard. It is likely that Wells will be brought before Judge Hanley this afternoon.

The charge of operating a disorderly house against Frank Little, of Sandy Bottom, East End, which was to have been heard yesterday afternoon, was continued until next Wednesday because of the illness of Little's counsel.

Former Minister, Alleged Bigamist, Held on Check Count

DETROIT, Feb. 18.—Robert Alan Mc L. Browne, former minister, and alleged bigamist with six wives, was arrested here today on a charge of passing a worthless check. Browne's first marriage took place shortly after he received a degree of bachelor of arts in Columbia university of New York, police say.

TWISTER HITS THREE CITIES IN MISSISSIPPI AND LOUISIANA

Thousands of Dollars Worth of Property Destroyed.

WIRES ARE DOWN

Storm Followed by Rain, Originates in Texas.

ATLANTA, Feb. 18—Thirty-seven persons are known to be dead, scores are missing, more than 300 are injured and property damage soared into thousands of dollars following a disastrous cyclone which last night twisted its way across northern Louisiana and roared into central Mississippi, where it finally passed out.

Included in the death list are:

Pleasant Hill, La., 11 dead, 25 injured.

Rose Hill, Miss., eight dead, ten injured.

St. Joseph, La., seven dead, 15 injured.

The tornado originated in eastern Texas last night, twisted its way across northern Louisiana and subsided in middle Mississippi.

Taking a zig-zag course, the tornado dodged big cities, and tore a half-mile path of death and destruction across the rural districts. A heavy downpour of rain followed the storm.

Wires were down in many places and only meager details of the extent of the toll of the twister was available early today.

Second Tornado Strikes.

One person was killed, two are missing and 20 seriously hurt when another tornado struck near Natchez, Miss. Several plantation houses were destroyed there.

Pleasant Hill was hardest hit. A new oil field had just been opened there and the fury of the storm wrecked the hastily constructed wooden houses. Most of the dead and injured were eating supper at the time the tornado struck.

Ambulances and nurses were rushed to Pleasant Hill from Shreveport to take care of the injured and homeless. The dead there were removed to a morgue at Spring Mill, La., and the injured and homeless housed temporarily in the Masonic temple until they could be taken to hospitals in Shreveport.

The identified white dead at Pleasant Hill are:

Mrs. E. D. Hicks, 60; her son Keyes Hicks, 25; Mrs. Birdie Askey, 40; Miss Opal Askey, 18, her daughter; Lamar Askey, 6, and Larry Askey, 3; her two sons; Miss Ruth Birdell, 18; W. J. Brown; Elbert Bates, age 5.

MERIDIAN, Miss., Feb. 18.—Eight persons were killed when their houses were destroyed by the terrific storm that struck near Rose Hill, 45 miles southwest of Meridian last night, according to reports here today.

The dead are Mr. and Mrs. M. Boyd, their five children and John Lewis, Jr. Five other Boyd children were badly hurt, as was John Lewis, Sr.

The bodies of Mrs. Boyd and young Lewis were found, 200 yards away, buried among some bales of cotton and other debris hurled through the air by the storm.

Another Storm in California.

SAN FRANCISCO, Feb. 18.—Recovering from previous storms, San Francisco and northern California was being buffeted by another storm today.

Weather bureau officials have ordered storm signals to be hoisted from San Francisco to Alaska, and shipping apprehensive of Tuesday's gale again hurried into protecting ports.

The pilot boat Grace S. was forced to return here last night after heading out Golden Gate. The pilot reported a hurricane blow was brewing and that all vessels near the coast were in danger.

Lives lost in snowslides, traffic accidents, train wrecks and other accidents caused by the storms today had mounted to 33.

WALKERS, SITE OF FIRST SEWER PIPE PLANT IN UNITED STATES, TO BE MARKED BY DAUGHTERS OF AMERICA REVOLUTION

Location of the first ceramic industry in the United States, a sewer pipe factory, near what is known as Walkers, is to be marked with a bronze tablet mounted on a heavy boulder by Bethia Southwick chapter, Daughters of the American Revolution, it was announced today.

The organization will also mark the site of the old blockhouse which stood along the banks of Yellow creek, near the McCullough-Jefferson county children's home.

The chapter is now raising funds for the purchase of a chair, which will be installed in the auditorium of the Continental Memorial hall, which is nearing completion at Washington, D. C. On this chair will be a copper plate bearing the name of the donor. Every chapter in the United States has been asked to contribute a chair for this structure, which is being erected by the Grand Army of the Republic.

The chapter will give a Washington birthday entertainment and a benefit tea at the home of Mrs. George Moore, St. John street, between the hours of 2 and 5 next Tuesday to raise funds for the chair which will cost approximately $150.

Graves of Revolutionary war veterans in Columbiana county are also to be marked through the assistance of members of the chapter. Cemeteries are being searched for the bodies of men who lived during the Revolutionary days. The federal government will furnish a marker for each grave. The grave of one veteran of 1776 has been located at Clarkson.

Members of the Daughters of the American Revolution must furnish proof that their ancestors served with the Colonial armies in the war against the motherland about 150 years ago.

The chapter is named in honor of Berthia Southwick, a Massachusetts woman, who is said to have served the "Minute men" with lunch during the battle of Lexington. It is the only chapter in Columbiana county, its membership being between 25 and 30. It was organized about 10 months ago.

Mrs. W. F. Lones, wife of the judge of the Columbiana county common pleas court, is the chapter regent.

FASHIONGRAMS.

Latest news of the world of fashion condensed for quick reading.

Hip lines emerge with all sorts of snug glory and more than their share of importance.

Fashion's favored silhouette is loose and blousy above the waist and slender below.

Spring skirts step out of the clinging vine class with fullness, then precede to hide it in pleats which are sewn down or inverted.

Lace and Georgette have found each other again. This time, Georgette appears in brilliant designs; together they assume an important role in the dinner and afternoon class.

The two-piece effect appears at any hour of the day or night, smartly disregarding convention and the fitness of things.

Women continue to yoke themselves to fashion as the new yoke—demure or sophisticated—bears witness.

"The waist line must be at the top of the hip," says Paris then she turns and suggests a normal placement whenever she chooses.

Scarfs are with us still, but they take a diaphanous form, their only excuse for being lies in their color and originality.

Squares are more alluring than ovals is the boast of the new neck line.

Plaids—large and small, Scotch and otherwise—are here to stay awhile.

The inevitable Easter hat will, invariably be small brimmed, and invariably two toned and of two fabrics.

A straight and narrow path is the way to the popularity of the new top coat.

The reptiles—alligator and lizard—will be with us again this season.

The well dressed Londoner will take notice when he sees the new tailleur with its trim black jacket and gray striped skirt.

Gloves favor a generous amount of decoration whether they be slip-on or cuff.

New Silk Bags at $2.95

Delightful new Bags for your choosing. Many times a woman can be judged by the purse she carries. So every woman should choose the little things of her wardrobe just as carefully as the large ones.

We have just received a large assortment of $2.95 Bags—and they are all smart Spring models.

In pouch shape. Black moire, black silk with vivid embroidery, black satin with corded silk, moire and leather combination, tapestry designs— or tan silk, tan silk with leather and tan satin with corded silk.

Boys Kaynee Blouses and Shirts For Spring

We are now showing our new display of the well-known Kaynee Blouses and Shirts.

A healthy, sturdy boy needs to give vent to his energy and play instincts and his clothes should allow him free play.

You know that the sort of clothes your son needs is the kind that will allow him to romp and play, to climb trees if he cares to, to crawl under fences if thats where adventure leads him—to sail boldly upon perilous seas with his fellow pirates.

You will find, we think, the Kaynee Blouses entirely satisfactory in this respect.

For the mother who buys these blouses will feel safe for they are guaranteed absolutely color fast. Neither sun nor repeated tubbings will fade them.

They are designed to give dependable service and satisfaction. Only the best materials are used and the patterns of the fabrics are exclusive.

There are checks, stripes and small plaids in broadcloth, madras and percale in all colors. Also novelty dots. Plain English broadcloths in white and tan. Sizes 4 to 14. Priced from $1.00 to $2.25.

For the boy in his 'teens, who is too old to wear boys' blouses, and a little too young for the regular Men's shirts, Kaynee meets the situation by offering youths' shirts, which have all the distinction and finish of the men's shirts of the better kind.

Kaynee Youths' Shirts are tailored on smart lines. Their collars are well-styled and set perfectly. Every detail is excellently finished. The fabrics are sturdy and color fast. Developed of checks and stripes in madras, percale and broadcloth in attractive combinations. Also plain tan or white broadcloth. Sizes 12 to 14½ neck bands. Priced from $1.00 to $2.95.

MAN WHO SLEW MOTHER-IN-LAW ESCAPES DEATH

Jury Saves H. F. Webster, Salesman, of Mineola, N. Y.

AWAITS SENTENCE

Prisoner's Wife, Who Denounced Him, Not in Court.

MINEOLA, N. Y., Feb. 18.—Harrold F. Webster, dapper young former Florida real estate salesman who clubbed his mother-in-law, Mrs. Catherine Galloway, to death with an iron bar, has escaped the electric chair.

A jury, after seven hours and fifty-two minutes' deliberation, found him guilty of murder in the second degree early today. He had been charged with murder in the first degree in the indictment.

Sentence will be passed next Monday. Webster, meanwhile, has been remanded to jail.

Webster seemed relieved when the verdict was announced. Judge Smith told him he was a fortunate man to escape the electric chair.

"Yes sir, I am," replied Webster.

The only sentence Webster can receive under the law is 20 years to life imprisonment.

Webster's wife, who had told the jury her love for her husband was dead, was not in the court room when the vedict was announced. Neither was his mother, Mrs. Garrison, who broke down yesterday. When told of the verdict she cried and said:

"Thank God, my boy is saved."

W.R. Rose, 72, Dean Of Newspapermen in Cleveland, is Dead

CLEVELAND, Feb. 18.—W. R. Rse, 72, prominent newspaperman, known locally as the dean of the Cleveland Plain Dealer's editorial staff, is dead here today, following a sudden attack of heart trouble late Wednesday.

Mr. Rose had only recently completed 30 years' service with the Plain Dealer. He was one of the foremost historians of Cleveland.

NURSE LEARNS FROM THE SCHOOL OF EXPERIENCE

When an experienced nurse comes out openly and says that Redwood's Tepee Tonic is the best remedy for treating stomach, kidney and liver troubles, then those who are not acquainted with the action of the medicine on the human system would do well to take such advice.

Redwood.

Miss Katheryn O'Rourke, 722 Chestnut St., Erie, Penna., who is a nurse of long experience says: "I am out to say that Tepee Herb Tonic is the best medicine on earth for treating stomach, kidney and liver troubles. I say this after having given it a thorough trial.

"When I started to take Tepee Herb Tonic I was badly under nourished and under weight. My health was not up to the standard. Every little change in the weather or exposure gave me a cold and then I would have a hacking cough and chills. I hadn't felt real well for three years. I had a pain in my chest that annoyed me very much.

"I took Tepee Herb Tonic according to directions and when I had finished my first bottle the pain in my chest had disappeared and my cough was much better.

"I continued to take it and continued to get stronger until now I have a good appetite and feel fine. I am gaining weight. I want to personally thank Tepee Herb Tonic for relieving me and I will always praise it."

Tepee Herb Tonic is sold and recommended by Carnahan's Drug Store and by well stocked drug stores everywhere.

EAST LIVERPOOL—AMERICA'S POTTERY CENTER

FRIDAY, FEBFUARY 18, 1927.

End of Wellsville Controversy

Judge Thomas D. Price, of New Lexington, who is assisting in hearing Columbiana county common pleas court cases, has with celerity called a halt in the one-year controversy between Wellsville's city executive and the head of the city's police department.

Sustaining a motion filed by the defense, the visiting jurist yesterday, at Lisbon, dismissed the removal proceedings filed against Mayor W. L. Fogo by 417 citizens.

Earlier in the week, Judge Price, presiding at a hearing of John H. Fultz, who had appealed from the civil service commission ruling which upheld the mayor's action in removing Fultz from the office of chief of police, ordered reinstatement of the deposed officer.

Thus within four days, Judge Price, whose analytical mind and knowledge of the law have impressed lawyers and court visitors, has decreed an armistice in the war between the two municipal officials.

Rulings in the two cases, both admittedly the outgrowth of differences between the principals, should mean the end of the dispute. Mayor Fogo and Chief Fultz should forget their animosities and work in double harness for the welfare of Wellsville, in which they always have been interested.

More Light For Theatres

Moving picture theatres are too dark. They subject the eyes of patrons to unnecessary strain. This is the opinion of the Eyesight Conservation Council of America, which has been studying the situation.

"The human eye does not function to its best advantage in the dark or in looking at a fairly well illuminated object when the eye itself is surrounded by darkness," says the general director of the council. "There should prevail as high a degree of general illumination as may be consistent with securing clear and easy vision of the picture."

In the constant conflict between darkness and the reflected light on the screen, the adaptability of the eye is lowered and the slightest flicker or movement is made more noticeable and detrimental.

Illumination of such a room should be gradually reduced from the rear to the front. All light sources should be modified to prevent glare. Decorations, light brackets and wall surfaces should be in dull finish to prevent spots of glaring reflected light. And of course, illumination in the intermission should be gradual instead of instantaneous. That is already the rule in many auditoriums, but not in all .

At the present time there are insufficient scientific data on the subject, so that individual theatre managers have no standards to follow in planning theatre illumination. There should be accurate, scientific knowledge concerning the illumination of theatres just as there is for homes, schools and factories. A code of proper illumination ought to be established and then carried out in movie houses, legitimate theatres and concert halls.

Censorship By Actors

It would be possible, thinks a leading dramatic writer, to "dry-clean the stage over-night, and do it simply and sanely, without damage to the theatre as a legitimate business or an art."

His plan would employ neither official censors nor police. He would nip objectionable shows in the bud. Instead of waiting until they had been produced and attracted widespread attention and become a public issue, he would have them censored before production, by those whom he regards as the best qualified censors—the actors.

If the Actors' Equity association, he suggests, which includes nearly all the players in the country, were to warn its members against accepting roles in indecent plays, and suspend them if they did, that would probably keep off the American stage such messes as have disgraced it lately. The officers of the association would be expected to pass judgment on such shows as they warned their members against. And their judgment ought to be as sound as anybody's.

That would be not only a fine public service on the part of this profession, but would be unquestionably profitable for the profession itself in the long run. For if American drama keeps on its present course unchecked, it will wreck the theatre and there will be no more decent jobs for decent actors.

When You Owe Millions

Young Cornelius Vanderbilt, Jr., who lost $3,000,000 in tabloid newspapers and is now housekeeping for himself in a two-room New York flat while he tries to pay off his debts, comes in for a great deal of sympathy.

A published account of his sad fate recently brought hm, the next day, an offer from a negro woman to cook for him gratis, a free meal ticket from a World War comrade, an invitation from a minister to preach to his congregation and pocket the collections, 35 offers of business opportunities, 40 offers of free dental service and several dozen offers from women, old and young, to keep his flat in order.

That is very kind of them all. There is a surprising amount of generosity in this supposedly selfish world. It's a curious thing, though, how people are inclined to loosen up particularly for a person accustomed to wealth, or one who owes much. Get deeply enough in debt, and you'll have plenty of sympathy.

TWO WITH A SWEDISH BACKGROUND.

Personally, I do not know a great many persons of Swedish birth. But those Swedes I have met struck me, nearly always, as being unusually keen-witted. Nevertheless, it is customary among after-dinner speakers, when telling a yarn purporting to deal with slow thinking, to make central character of it a Swede, and preferably a Swede farmer.

For instance, there is the classic of the Wisconsin politician who, in the presidential campaign of 1912, toured the back districts of his native state to electioneer for his party. In a remote neighborhood he came upon a tall Scandinavian sitting on a log in a clearing. The stranger hauled up his team and greeted the resident, who replied with a nod.

The politician explained that he was sounding out the sentiment in the district.

"What do you think about Wilson?" he asked.

"Aye don't know," drawled the other.

"Well, how about Roosevelt?"

"Aye don't know."

"Maybe you like Taft?"

The alien shook his tawny head, dumbly.

"Well, now, look here then, you must have some opinion," said the visitor. "You and your neighbors must have talked things over among yourselves. Who do you think has the best show?"

The simple Swede gave this question lengthy consideration. Then, with a faint change of expression, he said:

"Aye tank Ringling Brothers have the best show."

NEW YORK DAYBYDAY
By O. O. McINTYRE

NEW YORK, Feb. 18.—Thoughts while strolling: Battery Park and vagrant ships tugging at anchors. The scream of gulls darting out to liners. Dolorous boom of bell buoys. Spic and span private yachts. Knots of immigrants huddled like sheep in a rain.

The serpentine path of the elevated. Cottage refuges for aliens. Bungalow homes atop sky-scrapers facing the sea. Sandwich men with passport photo signs. Seamen who puff pipes. Voyage baskets brightly pyramided with fruit.

The lower Broadway roar. And the thin spire of Trinity. With ivy clad serenity and grave yard strollers. Scarred tombstones and the heavy smell of earth. Rows of magazines and newspapers stretched on the sidewalk. And the old men who carry banners.

The abrupt gulch known as Wall Street. With bloated brokers and clack of tape. Speedy messengers. The taut air of expectancy. And jowled, bloodless faces. Still the bomb scars on the Morgan bank building. The acres of soft drink and quick bite parlors.

The cow-path lane of Nassau Street. With luggage shops, stationery stores and overflowing sidewalks. Jangling cafeterias with lunch hour jazz orchestras. Mechanical window taffy pullers. Curb hawkers who make their spiels in tired sing-song monotone.

Park Row's hustle. Billiard parlors. Movies and chain cigar stores with gaudy fronts. One flight shoe shops. Huge nickle coffee urns. The stacks of mail on the old postoffice platforms. A row of watch repairers with glasses screwed in their eyes—like so many gargoyles.

Only the World remains along Newspaper Row. The gloom and echoing booms under Brooklyn Bridge. Women who sell apples and huge pretzels hung on spiked sticks. The long line of shoeshiners. Now for a walk up the Bowery.

Many famous stage beauties have struggled along with physical handicaps. A certain beauty of the stage and screen really became passe when short skirts served to emphasize her thick ankles and bulky calves. One of the stage Circes had three front teeth knocked out when she was an obscure telephone girl and false ones bridge the gap. A noted brunette star was afflicted with a skin rash that forced her into weeks of periodical seclusion. The most celebrated, perhaps of the show girls has a stiff wrist that prevents her using her left hand. A movie queen of enormous popularity has upper and lower false teeth.

An international gold-digger came to Broadway nine years ago with a blue serge suit, a tam o'shanter to match, and extra suit of undies and exactly $14. It is said of her that she never indulged in the casuel flirtations among those Broadway calls the hotel lobby guys. She never drank in public and her eyes were always cast demurely down. She was shooting for important money and bagged it. But those who know her say she is about the unhappiest of all the girls who frequent that street.

An odd night clubber is a stooped old gentleman with a single and protruding myopic eye, who taps his way to ringside tables and sits alone. He comes late and remains until closing.

A foolish organization, known as the Order of Bananas, with all sorts of larkish rituals, was started by a solemn New York undertaker.

And one of the most consistent Psalm singers at a Bowery Mission is a man who was until recently press agent for music and leg shows of an extremely salacious nature.

HASKIN'S LETTER
By FREDERIC J. HASKIN

Huge Building Program.

WASHINGTON, Feb. 18.—New construction in the United States in 1927, it is estimated, will amount to not less than $6,250,000,000. More than $3,500,000,000 worth of building operations are now under way, about to be started, or already planned. It is even possible that when the year is over it will be found that the total new construction has equaled the record breaking total of $6,850,000,000 for the year just passed, and while some doubt is expressed as to that in some parts of the country the outlook on the whole should be reassuring to pessimists who have been predicting a slump in the building industry.

These figures and statements are from a nation-wide survey of the industry made by the Building Economic Research bureau of the American Bond and Mortgage company, New York City, with the cooperation of the Associated General Contractors, the National association of Building Trades Employers, state and city officials, and executives of local real estate boards and chambers of commerce.

Summarized, this survey shows that the housing shortage created by the war has ended, but normal requirements for homes and the demand for industrial, commercial, and public buildings will keep the construction industry highly active. There is practically no over-building, and a number of cities need certain types of industrial, commercial, and public building. No reduction in building wages is expected, and it is anticipated that labor will ask further increases in some localities this spring. Material prices are well stabilized and no reductions are expected until, perhaps, the latter part of the year, and even then if there is any it will be very slight.

"Figures now at hand," is is stated in the survey, "indicate that at least $3,500,000,000 in new construction for 1927 is already assured. This amount is being increased daily by announcements of new projects."

No Predictions of Depression.

Reports from all sections of the country were favorable and no predictions of a general building depression were received, although it was to be expected that there would be some tapering off in building operations after last year's boom. Various cities and towns in their reports indicated a favorable building trend and failed to disclose any important overbuilt situation. On the other hand, a shortage in certain types of industrial, commercial, and public buildings was shown to be quite general. Among the cities where there is such a shortage are Milwaukee, Denver, St. Louis, Los Angeles, Detroit, Cleveland, Albany, Washington, Columbia, S. C., St. Petersburg and Lakeland, Florida, Jackson, Miss., and Galveston, Texas.

Cities reporting that they expected building operations to be at or in excess of the 1926 volume included Detroit, Los Angeles, Dallas, Seattle, St. Petersburg, Florida, Dayton, Salt Lake City, Columbia, S. C., Galveston, Akron, Houston, New Orleans, Shreveport, Portland, Oregon, Abilene, Texts, and Ventura, California, and smaller cities and town throughout the states of Utah, Nevada, Wyoming, Idaho, Montana and Mississippi.

Cities anticipating a slight decline in construction were Cleveland, Philadelphia, Denver, Hartford, Conn., St. Paul, Minneapolis, Boston, St. Louis, and Washington. The decline in the national capital, if any, will be in residential construction, while there will be a big increase in public building as a result of the approval of the program for needed departmental buildings.

Cincinnati, Galveston, Chicago, and Shreveport, La., are named as practically the only cities to report a labor shortage, which was in the mason trades.

Public utilities are going in heavily for new construction this year, estimates compiled by the Electrical World showing that light and power companies alone will spend $958,000,000, as compared with an actual outlay of $841,000,000 in 1926. The Southern California Edison company has announced that it will spend $42,000,000 in constructive work in central and southern California, which is an increase of one-third over its 1926 budget.

Approximately $100,000,000 will be expended by the automobile industry and of this amount it is stated that 75 per cent will go into new plant construction and upward of 15 per cent for the expansion of retail establishments. The government's $165,000,000 public building program will be a tonic for the industry in many parts of the country, while the fraternal organization headed by Secretary of Labor Davis, the Loyal Order of Moose, has announced that it has a building program almost as large as that of the government. It will spend $150,000,000.

End of Wellsville Controversy

Judge Thomas D. Price, of New Lexington, who is assisting in hearing Columbiana county common pleas court cases, has with celerity called a halt in the one-year controversy between Wellsville's city executive and the head of the city's police department.

Sustaining a motion filed by the defense, the visiting jurist yesterday, at Lisbon, dismissed the removal proceedings filed against Mayor W. L. Fogo by 417 citizens.

Earlier in the week, Judge Price, presiding at a hearing of John H. Fultz, who had appealed from the civil service commission ruling which upheld the mayor's action in removing Fultz from the office of chief of police, ordered reinstatement of the deposed officer.

Thus within four days, Judge Price, whose analytical mind and knowledge of the law have impressed lawyers and court visitors, has decreed an armistice in the war between the two municipal officials.

Rulings in the two cases, both admittedly the outgrowth of differences between the principals, should mean the end of the dispute. Mayor Fogo and Chief Fultz should forget their animosities and work in double harness for the welfare of Wellsville, in which they always have been interested.

More Light For Theatres

Moving picture theatres are too dark. They subject the eyes of patrons to unnecessary strain. This is the opinion of the Eyesight Conservation Council of America, which has been studying the situation.

"The human eye does not function to its best advantage in the dark or in looking at a fairly well illuminated object when the eye itself is surrounded by darkness," says the general director of the council. "There should prevail as high a degree of general illumination as may be consistent with securing clear and easy vision of the picture."

In the constant conflict between darkness and the reflected light on the screen, the adaptability of the eye is lowered and the slightest flicker or movement is made more noticeable and detrimental.

Illumination of such a room should be gradually reduced from the rear to the front. All light sources should be modified to prevent glare. Decorations, light brackets and wall surfaces should be in dull finish to prevent spots of glaring reflected light. And of course, illumination in the intermission should be gradual instead of instantaneous. That is already the rule in many auditoriums, but not in all .

At the present time there are insufficient scientific data on the subject, so that individual theatre managers have no standards to follow in planning theatre illumination. There should be accurate, scientific knowledge concerning the illumination of theatres just as there is for homes, schools and factories. A code of proper illumination ought to be established and then carried out in movie houses, legitimate theatres and concert halls.

Censorship By Actors

It would be possible, thinks a leading dramatic writer, to "dry-clean the stage over-night, and do it simply and sanely, without damage to the theatre as a legitimate business or an art."

His plan would employ neither official censors nor police. He would nip objectionable shows in the bud. Instead of waiting until they had been produced and attracted widespread attention and become a public issue, he would have them censored before production, by those whom he regards as the best qualified censors—the actors.

If the Actors' Equity association, he suggests, which includes nearly all the players in the country, were to warn its members against accepting roles in indecent plays, and suspend them if they did, that would probably keep off the American stage such messes as have disgraced it lately. The officers of the association would be expected to pass judgment on such shows as they warned their members against. And their judgment ought to be as sound as anybody's.

That would be not only a fine public service on the part of this profession, but would be unquestionably profitable for the profession itself in the long run. For if American drama keeps on its present course unchecked, it will wreck the theatre and there will be no more decent jobs for decent actors.

When You Owe Millions

Young Cornelius Vanderbilt, Jr., who lost $3,000,000 in tabloid newspapers and is now housekeeping for himself in a two-room New York flat while he tries to pay off his debts, comes in for a great deal of sympathy.

A published account of his sad fate recently brought hm, the next day, an offer from a negro woman to cook for him gratis, a free meal ticket from a World War comrade, an invitation from a minister to preach to his congregation and pocket the collections, 35 offers of business opportunities, 40 offers of free dental service and several dozen offers from women, old and young, to keep his flat in order.

That is very kind of them all. There is a surprising amount of generosity in this supposedly selfish world. It's a curious thing, though, how people are inclined to loosen up particularly for a person accustomed to wealth, or one who owes much. Get deeply enough in debt, and you'll have plenty of sympathy.

TWO WITH A SWEDISH BACKGROUND.

Personally, I do not know a great many persons of Swedish birth. But those Swedes I have met struck me, nearly always, as being unusually keen-witted. Nevertheless, it is customary among after-dinner speakers, when telling a yarn purporting to deal with slow thinking, to make central character of it a Swede, and preferably a Swede farmer.

For instance, there is the classic of the Wisconsin politician who, in the presidential campaign of 1912, toured the back districts of his native state to electioneer for his party. In a remote neighborhood he came upon a tall Scandinavian sitting on a log in a clearing. The stranger hauled up his team and greeted the resident, who replied with a nod.

The politician explained that he was sounding out the sentiment in the district.

"What do you think about Wilson?" he asked.

"Aye don't know," drawled the other.

"Well, how about Roosevelt?"

"Aye don't know."

"Maybe you like Taft?"

The alien shook his tawny head, dumbly.

"Well, now, look here then, you must have some opinion," said the visitor. "You and your neighbors must have talked things over among yourselves. Who do you think has the best show?"

The simple Swede gave this question lengthy consideration. Then, with a faint change of expression, he said:

"Aye tank Ringling Brothers have the best show."

NEW YORK DAYBYDAY
By O. O. McINTYRE

NEW YORK, Feb. 18.—Thoughts while strolling: Battery Park and vagrant ships tugging at anchors. The scream of gulls darting out to liners. Dolorous boom of bell buoys. Spic and span private yachts. Knots of immigrants huddled like sheep in a rain.

The serpentine path of the elevated. Cottage refuges for aliens. Bungalow homes atop sky-scrapers facing the sea. Sandwich men with passport photo signs. Seamen who puff pipes. Voyage baskets brightly pyramided with fruit.

The lower Broadway roar. And the thin spire of Trinity. With ivy clad serenity and grave yard strollers. Scarred tombstones and the heavy smell of earth. Rows of magazines and newspapers stretched on the sidewalk. And the old men who carry banners.

The abrupt gulch known as Wall Street. With bloated brokers and clack of tape. Speedy messengers. The taut air of expectancy. And jowled, bloodless faces. Still the bomb scars on the Morgan bank building. The acres of soft drink and quick bite parlors.

The cow-path lane of Nassau Street. With luggage shops, stationery stores and overflowing sidewalks. Jangling cafeterias with lunch hour jazz orchestras. Mechanical window taffy pullers. Curb hawkers who make their spiels in tired sing-song monotone.

Park Row's hustle. Billiard parlors. Movies and chain cigar stores with gaudy fronts. One flight shoe shops. Huge nickle coffee urns. The stacks of mail on the old postoffice platforms. A row of watch repairers with glasses screwed in their eyes—like so many gargoyles.

Only the World remains along Newspaper Row. The gloom and echoing booms under Brooklyn Bridge. Women who sell apples and huge pretzels hung on spiked sticks. The long line of shoeshiners. Now for a walk up the Bowery.

Many famous stage beauties have struggled along with physical handicaps. A certain beauty of the stage and screen really became passe when short skirts served to emphasize her thick ankles and bulky calves. One of the stage Circes had three front teeth knocked out when she was an obscure telephone girl and false ones bridge the gap. A noted brunette star was afflicted with a skin rash that forced her into weeks of periodical seclusion. The most celebrated, perhaps of the show girls has a stiff wrist that prevents her using her left hand. A movie queen of enormous popularity has upper and lower false teeth.

An international gold-digger came to Broadway nine years ago with a blue serge suit, a tam o'shanter to match, and extra suit of undies and exactly $14. It is said of her that she never indulged in the casuel flirtations among those Broadway calls the hotel lobby guys. She never drank in public and her eyes were always cast demurely down. She was shooting for important money and bagged it. But those who know her say she is about the unhappiest of all the girls who frequent that street.

An odd night clubber is a stooped old gentleman with a single and protruding myopic eye, who taps his way to ringside tables and sits alone. He comes late and remains until closing.

A foolish organization, known as the Order of Bananas, with all sorts of larkish rituals, was started by a solemn New York undertaker.

And one of the most consistent Psalm singers at a Bowery Mission is a man who was until recently press agent for music and leg shows of an extremely salacious nature.

HASKIN'S LETTER
By FREDERIC J. HASKIN

Huge Building Program.

WASHINGTON, Feb. 18.—New construction in the United States in 1927, it is estimated, will amount to not less than $6,250,000,000. More than $3,500,000,000 worth of building operations are now under way, about to be started, or already planned. It is even possible that when the year is over it will be found that the total new construction has equaled the record breaking total of $6,850,000,000 for the year just passed, and while some doubt is expressed as to that in some parts of the country the outlook on the whole should be reassuring to pessimists who have been predicting a slump in the building industry.

These figures and statements are from a nation-wide survey of the industry made by the Building Economic Research bureau of the American Bond and Mortgage company, New York City, with the cooperation of the Associated General Contractors, the National association of Building Trades Employers, state and city officials, and executives of local real estate boards and chambers of commerce.

Summarized, this survey shows that the housing shortage created by the war has ended, but normal requirements for homes and the demand for industrial, commercial, and public buildings will keep the construction industry highly active. There is practically no over-building, and a number of cities need certain types of industrial, commercial, and public building. No reduction in building wages is expected, and it is anticipated that labor will ask further increases in some localities this spring. Material prices are well stabilized and no reductions are expected until, perhaps, the latter part of the year, and even then if there is any it will be very slight.

"Figures now at hand," is is stated in the survey, "indicate that at least $3,500,000,000 in new construction for 1927 is already assured. This amount is being increased daily by announcements of new projects."

No Predictions of Depression.

Reports from all sections of the country were favorable and no predictions of a general building depression were received, although it was to be expected that there would be some tapering off in building operations after last year's boom. Various cities and towns in their reports indicated a favorable building trend and failed to disclose any important overbuilt situation. On the other hand, a shortage in certain types of industrial, commercial, and public buildings was shown to be quite general. Among the cities where there is such a shortage are Milwaukee, Denver, St. Louis, Los Angeles, Detroit, Cleveland, Albany, Washington, Columbia, S. C., St. Petersburg and Lakeland, Florida, Jackson, Miss., and Galveston, Texas.

Cities reporting that they expected building operations to be at or in excess of the 1926 volume included Detroit, Los Angeles, Dallas, Seattle, St. Petersburg, Florida, Dayton, Salt Lake City, Columbia, S. C., Galveston, Akron, Houston, New Orleans, Shreveport, Portland, Oregon, Abilene, Texts, and Ventura, California, and smaller cities and town throughout the states of Utah, Nevada, Wyoming, Idaho, Montana and Mississippi.

Cities anticipating a slight decline in construction were Cleveland, Philadelphia, Denver, Hartford, Conn., St. Paul, Minneapolis, Boston, St. Louis, and Washington. The decline in the national capital, if any, will be in residential construction, while there will be a big increase in public building as a result of the approval of the program for needed departmental buildings.

Cincinnati, Galveston, Chicago, and Shreveport, La., are named as practically the only cities to report a labor shortage, which was in the mason trades.

Public utilities are going in heavily for new construction this year, estimates compiled by the Electrical World showing that light and power companies alone will spend $958,000,000, as compared with an actual outlay of $841,000,000 in 1926. The Southern California Edison company has announced that it will spend $42,000,000 in constructive work in central and southern California, which is an increase of one-third over its 1926 budget.

Approximately $100,000,000 will be expended by the automobile industry and of this amount it is stated that 75 per cent will go into new plant construction and upward of 15 per cent for the expansion of retail establishments. The government's $165,000,000 public building program will be a tonic for the industry in many parts of the country, while the fraternal organization headed by Secretary of Labor Davis, the Loyal Order of Moose, has announced that it has a building program almost as large as that of the government. It will spend $150,000,000.

vast amount of construction is still under way. Nevertheless the survey shows that much planning is being done. It is estimated that approximately $150,000,000 worth of new school and church buildings will be constructed during the present year, and there will also be large expenditures for hydro-power, textile, and other industrial developments, as well as for modern commercial apartment houses and hotels.

It is believed that 1927 will be another billion-dollar building year for the metropolitan area which centers in New York City. In the city proper, the money value of work carried over from last year, well under way or committed, is said to total $400,000,000 while plans for another $100,000,000 worth of new structures such as hotels, apartment hotels, theaters, and office buildings are about ready for announcement. New schools to cost about $20,000,000 will be built, but housing projects continue to lead the construction activity, with commercial building second.

Philadelphia will come through with about $200,000,000, it is promised, while Chicago will top that by $100,000,000. Detroit expects to come close to the $200,000,000 mark, with such items as $50,000,000 for residental building, $50,000,000 for commercial building, $25,000,00 for industrial buildings, and $20,000,000 to $25,000,000 for public buildings. City authorities of St. Louis report that more than $60,000,000 in public works is under construction there, or will be during the next six months, and estimates that this municipal development program will lead to expenditures of close to half a billion within the next few years.

Los Angeles, $125,000,000; Seattle $30,000,000; Houston, $26,000,000; Dallas, $25,000,000; Denver $12,000,000; and Akron $10,000,000 are the estimates for some of the other cities mentioned in the report of the survey.

Smaller cities and towns too numerous to be mentioned will do their share, and it i apparent that everybody in the building industry will be "sawing wood" during the 1927 season.

SOCIETY

Large Crowd Hears Presbyterian Male Chorus Concert

Approximately $200 was raised at the recital given by the male chorus at the First Presbyterian church last evening. The money will be used in the purchase of a grand piano for the auditorium of the church.

The auditorium was taxed to capacity, extra chairs being placed in the aisles to take care of the overflow. The program, owing to the variety of the numbers, was one of the best ever presented here.

Solo numbers were rendered by Mrs. Hazel Griffith Moore, Mrs. Elizabeth Burford Baker, Mrs. Helen Boyd Sant, Miss Mildred Weaver, Joseph Lawton and Rowland T. Kaufman. The first part of the program consisted of sacred numbers, while secular music followed.

A feature of the second part was a comic duet, "Tenor and Baritone" in which Oliver Johnson took the part of the "sweet melodious tenor" and Wilbur Newman had the role of the "rich resounding baritone." Seven chorus numbers were also presented, the obligato parts being taken by Mrs. Baker, Miss Weaver, Mrs. Boyd and Mr. Kaufman.

Readings and impersonations by Miss Wilma Claire Vance, of Pittsburgh, added variety to the program. She presented a group of numbers during both parts of the program and was accorded loud applause with each appearance.

During the offertory a special instrumental trio was presented by Mrs. J. F. Calhoun, at the organ, Miss Jessie Hall, at the piano, and Miss Mildred Weaver, violinist. The program opened with a beautiful organ prelude, Scherzo in E Flat Major, by Mrs. Calhoun.

The concert was arranged and directed by W. A. Macdonald, Canton.

Another concert will be presented in April by the chorus, it was announced today.

Willing Workers Entertained.

The Willing Workers society of St. John's Lutheran church was entertained yesterday at the home of Mrs. Fred Walters, Pennsylvania avenue, with Mrs. Louis Conn as associate hostess. Mrs. John Kell read a paper on "Every Day Divine," and Mrs. Orin Schultz, discussed "Study to Be Quiet."

During the social hours, refreshments were served by the hostess, assisted by Mesdames Alvin Dietz, E. L. Heasley and Charles Kunkle. Places were arranged for 45 guests.

The next meeting will be held Thursday afternoon, March 3, at the home of Mrs. J. C. Reinartz, in Jackson street.

Bridge Club Dinner.

Members of the Thursday Evening Bridge club were guests last evening at the home of Mrs. Walter Ashbaugh on McKinnon avenue, with Mrs. William Gardner as associate hostess. A 6 o'clock dinner was served by the hostesses. Places were arranged for 12 persons.

Trophies were awarded Mesdames H. Dan Smith and Percy Blake.

Hostess to Church Classes.

The Amoma and Agoga classes of the First Baptist church were entertained last evening at the home of Mrs. L. D. Mann, 1731 Globe street. The social hours were spent with music and games. Refreshments were served by the hostess, assisted by Mesdame R. Tim Hall and Charles Howell, and Miss Cecil Higgins. Places were arranged for Misses Hazel Brown, Ila White, Cecil Higgins, Edith Higgins, Pauline Pickin, Mildred McKeone, Leona Munday, Helen Mountz, Geraldine Monday, Edna Funk, Grace Gates, Ruth Hall, Mildred Welling, and Ida Wilkes; Mesdames Dorothy Smith, Pearl Woods, Sara Bendon, Thomas Porter, Hilda Ruhl, Enid Ferguson, Pearl Phillips, Charles Aley, Ina Pace, R. PILL-TAKER FREED FROM HIS HABIT

ALL-BRAN brought natural relief from chronic constipation

Constipation is almost a universal curse—father of more than forty diseases. Yet there is real assurance in Mr. Ladue's letter:

"After sixteen years of taking pills, it cured me. If the millions of people that suffer from constipation only knew what Kellogg's ALL-BRAN would do, some of the pill-makers would go out of business. Every doctor should recommend it. I tell all that I know so that they can get the joy out of life I am getting since I started on Kellogg's ALL-BRAN 3 months ago."

MR. JULIAN LADUE
Burlington, Vt.

Hollow cheeks, pimples, listlessness are some of the symptoms. Don't risk it another day. Kellogg's ALL-BRAN is guaranteed to relieve constipation. Two tablespoonfuls daily—in chronic cases, with every meal.

Delicious with milk or cream—and add fruits or honey. Use in cooking. Comes ready to eat. Sold and served everywhere. Made by Kellogg in Battle Creek. Recipes on package.

Kellogg's ALL-BRAN

Children who get the foods which satisfy their special needs

grow—sleep—play normally

Mothers who are constantly with their children, often cannot judge whether certain physical changes are taking place normally, or not. The changes are so slight from day to day. But they are very important.

For normal growth, there are special needs which must be liberally provided for, authorities now declare.

One of the most important of these needs is for an abundance of protein. It is helpful to know how much real value certain foods have. Almost one-fourth of a child's daily need for protein is supplied by a cup of Mother's Oats with a cup of milk.

Vitamins are needed, too—and plenty of minerals, if physical development is to be perfect. These also are richly supplied by Mother's Oats with milk. And energy materials, and bran.

For Mother's Oats is a natural whole-grain food. Its careful millers take pride in using only the cream of the oat crop each year, and then milling it in special ways to preserve all the natural health essentials. Because it is milled with such extra care, it is even-textured and fine—you can count on it always to cook up to the even smoothness that you like—always to have the same rich flavor.

Two kinds—the kind you have always known or Quick (cooks in 2½ to 5 minutes). Both with coupons interchangeable with Aunt Jemima coupons, which bring you silverware, household conveniences, toys, etc.

For Mother's Oats is a natural whole-grain food. Its careful millers take pride in using only the cream of the oat crop each year, and then milling it in special ways to preserve all the natural health essentials. Because it is milled with such extra care, it is even-textured and fine—you can count on it always to cook up to the even smoothness that you like—always to have the same rich flavor.

Two kinds—the kind you have always known or Quick (cooks in 2½ to 5 minutes). Both with coupons interchangeable with Aunt Jemima coupons, which bring you silverware, household conveniences, toys, etc.

PILL-TAKER FREED FROM HIS HABIT

ALL-BRAN brought natural relief from chronic constipation

Constipation is almost a universal curse—father of more than forty diseases. Yet there is real assurance in Mr. Ladue's letter:

"After sixteen years of taking pills, it cured me. If the millions of people that suffer from constipation only knew what Kellogg's ALL-BRAN would do, some of the pill-makers would go out of business. Every doctor should recommend it. I tell all that I know so that they can get the joy out of life I am getting since I started on Kellogg's ALL-BRAN 3 months ago."

MR. JULIAN LADUE
Burlington, Vt.

Hollow cheeks, pimples, listlessness are some of the symptoms. Don't risk it another day. Kellogg's ALL-BRAN is guaranteed to relieve constipation. Two tablespoonfuls daily—in chronic cases, with every meal.

Delicious with milk or cream—and add fruits or honey. Use in cooking. Comes ready to eat. Sold and served everywhere. Made by Kellogg in Battle Creek. Recipes on package.

UNCLE SAM INVESTIGATES VICE IN YOUNGSTOWN

FEDERAL PROBE IS DIRECTED BY BERNSTEEN

Police Alleged to Have Failed to Solve Crimes.

USE $10,000 FUND

Rum Offenses, Robberies and Murders Prompt Action.

CLEVELAND, Feb. 18.—Federal investigation of Youngstown and Mahoning county vice conditions has been going on for a month, according to announcement of A. E. Bernsteen, U. S. district attorney, here today.

Alleged failure of Youngstown police to solve various crimes, ranging from violation of liquor laws to juvenile depredations, robberies and murders resulted in the federal authorities taking a hand, it was stated.

County Prosecutor Ray Thomas recently requested at $10,000 fund from the county treasurer under an old law which provides an appropriation in communities where unusual prevalence of crime exists.

Secret agents have been working under this fund for several weeks to secure information for Thomas.

REPORTS FROM STOCK MARKETS

NEW YORK, Feb. 18.—The dividend paying railroad stocks were the center of interest in early trading in the stock market today, and, under the leadership of Pennsylvania, Atchison, Baltimore & Ohio and Union Pacific, the march to higher price levels went forward without interruption. Huge gains in net 1926 income by the railroad companies, reported after the close of yesterday's market, furnished the principal incentive for the insistent buying demand for the better grade of transportation stocks.

Pennsylvania, which has been practically dormant during the wild and buoyant market in the speculative rails, jumped into the limelight with an enormous volume of sales on the way up to 61½, the highest price since 1914. Northern Pacific and Great Northern, the basis of the new Northwestern merger, equalized each other around 91¼; while stocks of the "Southwestern merger" group, Kansas City Southern, Katy and St. Louis Southwestern commanded a strong and active market.

Profit taking in the non-dividend rails as well as in the motor and specialty stocks resulted in a moderate decline in the well known stocks in these groups, and the market as a whole was irregular and unsettled in the second hour.

Call money renewed at 4 per cent, and no disappointment was expressed over the failure of the New York reserve bank directors to lower the rediscount rate from 4 to 3½ per cent. Commodity markets were steady.

City is Defendant In Two Civil Suits In Municipal Court

City of East Liverpool was made defendant in two suits for damages, one for personal injuries and the other for an automobile accident, filed in municipal court today.

Mrs. Harriet A. Carraher, 1028 St. Clair avenue, is seeking $500 for injuries which she sustained when she slipped on grease on the sidewalk near the Central fire station, Broadway, on October 2, 1926.

In the fall she sprained her left ankle, dislocated a bone in her left hand, tore the muscles and ligaments in her arm and injured her back. As a result of the accident the plaintiff claims she was confined to her bed for two weeks. Negligence on the part of the city in allowing the oil and grease to remain on the sidewalk is charged. Hill and Davidson filed the action in behalf of Mrs. Carraher.

M. A. Young, 518 College street, is seeking $95.60 for damages done to his automobile when it is alleged to have dropped into a hole in the street near a manhole at the intersection of Pink alley and Market street on May 23, 1926. He charges that the manhole opening extended above the surface of the street for more than a foot. He is represented by Attorney W. S. Foulks.

Commodore Gerry, Aged 89, Friend Of Children, Dies

NEW YORK, Feb. 18.—Commodore Gerry, 89, philanthropist, and friend of children and animals, died at his home here today after an illness of several weeks. He sustained a fractured hip in a fall several weeks ago and had been confined to his bed.

Gerry was formerly president of the New York Society for the Prevention of Cruelty to Children. He was formerly vice president of the American Society for the Prevention of Cruelty to Animals.

He was a grandson of Eldridge Gerry, vice president of the United States and one of the signers of the declaration of independence. He was the son of Thomas R. Gerry, formerly of the United States navy, and Hannah Goelet, daughter of Peter P. Goelet.

19-year-old Lad Must Pay Penalty For Girl's Murder

TALLAHASSEE, Fla., Feb. 18.—Nineteen-year-old Rufus Chesser's last hope for life went a-glimmering today when the state supreme court refused him a writ of habeas corpus. He will die in the electric chair at 2:30 o'clock this afternoon for the murder of his sweetheart, Sally Boyles, the youngest man ever to be executed in the state.

The state pardon board, headed by Governor John W. Martin, refused in a special session to commute the death sentence of the youth who was only 17 years old when he murdered his sweetheart, seven years his senior, in September, 1925, on the day before they were to have been married.

Girl and Youth Kidnap Banker, Then Steal $5,000

PLYMOUTH, Mich., Feb. 18.—A yellow wigged girl and a youth today kidnaped Frank Pierce, elderly banker, and then forced him to open the Plymouth United bank branch where the bandits obtained $5,000 from a vault.

After looting the vault the bandits drove Pierce seven miles into the country, where he was released.

CHEVROLET CAR REPORTED STOLEN

Lewis Willard, Lisbon, reported to the police last night that his 1926 model Chevrolet touring car had been stolen while parked on Broadway between 7:30 and 9:30 o'clock last evening. The machine carried license tags No. 388-002.

M'NARY-HAUGEN BILL SENT TO WHITE HOUSE

Farm Relief Measure Placed on President's Doorstep.

VETO EXPECTED

Political Observers See in Action Answer to Riddle of 1928.

BY WILLIAM S. NEAL.

WASHINGTON, Feb. 18.—Congress laid a swaddling infant—the $250,000,000 McNary-Haugen farm relief bill—on the doorstep of President Coolidge today.

The youngster was clothed with political dynamite and yelled loudly for a chance in life. Mr. Coolidge was given the task of adopting the child or turning it back to congress.

Administration supporters were sharply divided in their predictions. The majority opinion is that he will veto the bill. Those who believe in the veto denounce the bill as a price-fixing measure and a dangerous experiment which would put the government in the farming business.

Sponsors of the bill, on the other hand, declared that Mr. Coolidge had left the problem to congress and thereby was virtually pledged to sign it.

Alternative Course Open.

Political observers saw in Mr. Coolidge's action an answer to the riddle of 1928. Approval of the bill, they asserted, would be tantamount to a declaration of his candidacy for the next Republican presidential nomination.

With the middle west aroused over the farm relief problem, a veto would boom the stock of two other presidential aspirants, ex-Governor Frank O. Lowden, of Illinois, and Vice President Charles G. Dawes, it was predicted.

An alternative course open to the president is to permit the bill to become a law without his signature, but few believe that he will adopt the negative course.

Party Lines Badly Split.

The bill was passed last night by the house, 214 to 178, after a spectacular fight of nine hours, in which the farm bloc rode down all opposition. The margin of victory, 36 votes, was about what had been anticipated, and it is too small to permit of hope of repassage over a veto.

Party lines were badly split. The leaders in both parties voted against it. Generally, the line-up found the agricultural middle west and and west in support, and the industrial east against it. The south was divided, but a majority of the southerners supported it.

Thirteen states voted solidly for the measure — Arkansas, Arizona, Idaho, Indiana, Iowa, Mississippi, Montana, Nebraska, Nevada, North Dakota, South Dakota, Utah and Wyoming.

Eight states voted solidly against it —Vermont, Rhode Island, New Jersey, New Hampshire, Connecticut, Delaware, Maine and Massachusetts. The large New York delegation have only two votes in favor of it and 37 against. Ohio split, 8 for and 12 against. Illinois, 18 for and 7 against; Pennsylvania, 8 for and 19 against.

What Measure Provides.

The bill, as passed is exactly as it came from the senate, thus it goes straight to the White House. Briefly it does this:

Creates a federal farm board, appointed by the president from nominees selected by farm organizations.

Loans $250,000,000 to the board from the federal treasury.

Permits the board to declare an emergency exists in wheat, cotton, corn, rice, tobacco and swine, on approval of more than half the producers.

Permits the board to make agreements with cooperatives or processors to finance the purchase, storage or sale of the commodity to remove a surplus from the market.

Creates a stabilization fund for this purpose, provided by the levying of an equalization fee upon each bale of cotton, each bushel of wheat, etc., which is sold.

Permits the board to insure producers against price fluctuations and loan money to cooperatives to establish terminal marketing facilities.

Charged With Non-Support.

Clarence Wright, Sunnyside avenue, was arrested by Captain of Police Conley last evening upon affidavit signed by his wife, Mrs. Alice Wright, charging him with the non-support of his two children, John, 7, and Kathleen, 5. Wright was released today to confer with Solicitor Hoover, representing the wife, regarding a settlement.

say that he is sorry he committed the murder. A childish reason, for lack of repentance is only one more proof of youthful delinquency.

In any case, the boy will not be executed, even if put on trial for murder. Capital punishment survives, but killing children is no longer part of "civilization."

OPEN GLENDALE REVIVAL MEET

Evangelist Trager Preaches in Mission at Joetown.

Evangelist John Trager.

Evangelist John Trager, of Philadelphia, opened a 10-day revival service in the Glendale mission, at Joetown, back of Newell, last evening. Services will be held at 7:30 o'clock each evening an don Sunday at 3 p. m. His subject for tonight's sermon will be "A Physician, Who Never Lost A Case."

Rev. Mr. Trager based his sermon on John 3:16 "For God so loved the world" for his opening service. This passage of scripture, according to the evangelist, is the "biggest text in the Bible." A song service will precede the preaching.

The evangelist, known as a "real old-fashioned preacher," has conducted services in 24 states and Canada. Before entering the ministry, Rev. Trager fell ill and promised, if allowed to live that he would enter the evangelistic field.

Uncle Sam Acts In Nicaragua to Check Another War

WASHINGTON, Feb. 18.—The American government has decided to smother the Nicaraguan civil war, hoping thereby to prevent a general conflagration in Central America.

This was the only explanation advanced today for the sudden dispatch of 1,400 additional marines to the little republic. With these reinforcements, the United States will have in Nicaragua a mobile force of rifles equal in size to the Sacasa revolutionary army, and, of course, enormously superior in effectiveness.

The smothering process apparently is to involve policing the entire country, from Honduras on the north to Gautemala on the south, no light undertaking in view of the scarcity of good roads and transportation. How long it will be necessary can only be guessed, but the concensus today was that the marines are in Nicaragua to stay for a long time.

"TEXAS" GUINAN'S CLUB PADLOCKED

NEW YORK, Feb. 18.—As the result of the most sensational liquor raid staged on Broadway, the "300" club, of which the famous "Texas" Guinan is the hostess, was ordered padlocked for a period of six months by Federal Judge Bondy here today.

The place was closed on charges of violating the prohibition law.

Texas herself will be haled into court tomorrow, to face charges of possession and sale of liquor. United States Attorney Lowell Wadman announced that contempt proceedings also would be brought against the jovial hostess, charging that she violated a previous injunction restraining her from selling liquor.

Circus Clown Falls Dead.

COLUMBUS, Feb. 18.—The body of Alfred Flemm, 50, veteran circus clown, was to be brought here today for burial from the home of his mother. Flemm fell dead after a performance at the Shrine circus in Detroit.

SEA IS COMBED IN VAIN FOR MISSING SHIP

Fate of Freighter Elkton is Still Unknown.

CALLS FOR HELP

Vessel Believed in Distress North of Island of Yap.

MANILA, Feb. 18.—The fate of the shipping board freighter Elkton, which sent out distress signals Wednesday night, was still unknown today.

The steamer Liberator which answered the call for help was unable to locate the vessel and is proceeding to Honolulu.

Reports received here indicating the Elkton was 200 miles west of Iloilo were not correct. The vessel is thought to be north of the island of Yap, about the latitude of Guam, and at least 1,000 miles from the Philippines.

80 New Measures Await Action After Assembly Recess

COLUMBUS, Feb. 18.—While both branches of the Ohio legislature were recessed today over the week-end, 80 new measures were awaiting second reading and reference to standing committees.

Just before the solons recessed late Thursday, 35 bills were thrown into the senate hopper and 45 measures were offered in the house, raising the total number of bills introduced this session to 497. Of this number 323 were introduced in the house and 174 in the senate.

A sterilization of mental defectives is provided for in a bill introduced by Representative C. E. Knapp, Medina county. Representative C. M. Emory, Pike county, offered a bill to penalize clergymen, magistrates and probate judges if they marry persons forbidden by law to wed.

100 Fathers, Sons Attend Joint Party At Y. M. C. A. Here

Nearly 100 fathers and sons attended the joint party held at the Y. M. C. A. last night under the auspices of the boys' work department.

In the absence of several fathers, some of the older boys assumed their places. The sons won the basketball relay race, while honors for the individual events were divided.

Winners in the contest ate pie a la mode while the losers were served baked beans.

MINER-OPERATOR PARLEY RECESSES

MIAMI, Fla., Feb. 18.—Making no headway in reconciling drastically opposite views over a new wage contract, the sub-committee of the bituminous miners and operators adjourned this afternoon until Monday.

Leaders announced that today's secret session disclosed that the miners and operators were no nearer a peaceful settlement than they were last Monday.

RADIO CONTROL BILL ATTACKED

WASHINGTON, Feb. 18.—With a final vote in sight before night, opponents of the Dill-White radio control bill this afternoon launched their closing fight in the senate.

The measure was attacked by Senator Pittman (D) of Nevada, as inconsistent, careless and as failing to protect the interests of the people or the government. He charged that if the bill is enacted into law, the great broadcasing stations can compel millions of Americans to pay for the privilege of "listening in" to their radio programs.

Cincinnati Lawyer Dies.

CINCINNATI, Feb. 18.—Lawrence Maxwell, 73, one of the most prominent lawyers in this section of the country, a native of Glasgow, Scotland, died at his home here early today. He is survived by the widow and two daughter of this city, and a brother, W. K. Maxwell, of New York City.

Diehl to Attend East Palestine's Motor Club Meet

Elimination of gasoline pumps which do not show the correct measurement, was discussed by representatives of sealers of weights and measures from eastern Ohio at Warren, yesterday. E. M. Diehl, secretary of the Columbiana County Motor club, attended the conference as a representative of the Ohio State Automobile association.

The sealers will urge the launching of a campaign to eliminate all pumps except those equipped with the visible fountains.

Diehl will go to East Palestine tonight where he will attend a meeting of the East Palestine members of the organization.

Senator Guy Goff Takes all Blame From H. M. Daugherty

NEW YORK, Feb. 18.—Senator Guy D. Goff, of West Virginia, who was assistant attorney general under Attorney General Harry M. Daugherty, took the witness stand today in the Daugherty-Miller conspiracy trial, and assumed full responsibility for the approval of the $7,000,000 Swiss society claim, and removed all blame from the shoulders of the former attorney general.

Former Attorney-General Daugherty is on trial with Thomas W. Miller, former alien property custodian, charged with conspiracy to defraud the government.

Lively Debate in Council

favor of a new truck, while Kelly expressed the opinion that it would be a waste of money to buy a new truck when purchase of a chassis would solve the problem. He declared that a light truck should be housed in the Northside station to answer calls to the annexed zone, while heavier types should be kept in the Central and East End stations.

Prepare to Extend Water Mains.

Service-Safety Director Moore took the floor and in a vigorous talk supported the attitude taken by Kelly with the exception that he did not see the need of a pumper in the event new apparatus were acquired.

Fire Chief Bryan, requested to express his views, declared he favored new equipment against the assembled type. Questioned by Mayor Benedum as to the condition of apparatus in the East End station, he asserted that while it was in good shape he did think it was a real piece of fire fighting equipment. The mayor in closing his queries declared that the chief's views did not correspond with those he expressed to the chief executive on the same question a month ago.

Resolution was passed under suspension of rules, authorizing the service-safety director to advertise for bids on 250 tons of cast iron pipe and fittings and also 25 fire hydrants which will be required to extend water mains to the recently annexed territory.

R. E. Hoopes, part owner of Fisher Park, read a statement in which he called attention to the fact that as his property was in annexed territory he desired to submit to council plans which he had made for improvements and which would now be made under the direction of the service department. President Kerr named Members Goodballet, Kelly and Kommell with City Engineer Clapsaddle to confer with Hoopes.

Ordinance was passed under suspension of rules providing for the sale of bonds amounting to $1,600 to pay damage claims to trustees of the Second Presbyterian church and Mrs. Jennie Hamilton. Like ordinance was adopted for the sale of $9,000 in bonds to liquidate the debt of Peter Milliron for sewer work in East End.

Petitions were presented from property owners urging improvement of Watson and Monaca streets.

Ordinance was passed on second reading reducing assessments on four properties in East End. Motion to suspend the rules was defeated by negative votes of Farrall and Kommell.

Affections Lost, Asks $50,000.

CINCINNATI, Feb. 18.—Charging that Abe, Nathan, and Samuel Zimmerman, all of Cincinnati, have alienated the affections of their brother and her husband from her, Mrs Frank L. Zimmerman filed a $50,000 damage suit against the three brothers in common pleas court here.

JOIN CHURCH, PASTOR URGES

Four More Profess Conversion at Church of Christ.

Four persons professed conversion at last night's revival service at the First Church of Christ. The sermon was delivered by Rev. B. R. Johnson while the music was led by Rev. Clarence Hanna, Cleveland musical director.

A baptismal service will be held at the conclusion of the preaching service tonight. The sermon subject will be "Why the Disciples Immerse." Rev. Hanna will render a solo, "The Savior's Voice." A delegation from the Pennsylvania Avenue Tabernacle church will attend tonight's service.

In his Thursday evening's sermon, Rev. Mr. Johnson said:

"Christ is the head of the church. Above all powers, rules and principalities is Jesus. The church is His body and when we unite with the church we are joined to the body of Christ. The head of the body is Christ and He is in heaven. There is no head on earth. Christ has all authority and delegated authority to his apostles and sent them forth to preach the gospel and baptize those who believe.

"If I was preaching to an audience who had never heard of God, Jesus or the gospel, I would tell of God, his love, the sending of his son, Jesus Christ, into the world. If you heard the word of truth, believed the word, repented of your sins and confessed your faith in Jesus, I would baptize you into the name of the Father, Son and Holy Spirit. This would make you a member of Christ's body, a member of his church.

"If you want to know how, when and who organized the Christian church you must read the book of Acts. This book tells how men were converted in the days of the apostle's preaching. Jesus said, 'He that confesses me before men, him will I also confess before my Father who is in heaven.'

"While getting into the church is essential, and all should unite with the church as Christ has commanded, yet we fail of getting the reward prepared for the blest if we stop at the waters of our baptism. Faith, repentance, confession and baptism, is the process which brings us into the kingdom, the new birth.

"In the first chapter of second Peter we find the steps necessary to take, in order to have supplied unto us an abundant entrance into God's eternal kingdom. We are told to add to our faith. Add to your faith, virtue, to virtue, knowledge; and to knowledge, temperance, and to temperance patience; patience Godliness; to Godliness brotherly kindness; to brotherly kindness love. For so an entrance shall be ministered unto you abundantly into the everlasting kingdom of our Lord and Savior Jesus Christ.

UNCLE SAM INVESTIGATES VICE IN YOUNGSTOWN

FEDERAL PROBE IS DIRECTED BY BERNSTEEN

Police Alleged to Have Failed to Solve Crimes.

USE $10,000 FUND

Rum Offenses, Robberies and Murders Prompt Action.

CLEVELAND, Feb. 18.—Federal investigation of Youngstown and Mahoning county vice conditions has been going on for a month, according to announcement of A. E. Bernsteen, U. S. district attorney, here today.

Alleged failure of Youngstown police to solve various crimes, ranging from violation of liquor laws to juvenile depredations, robberies and murders resulted in the federal authorities taking a hand, it was stated.

County Prosecutor Ray Thomas recently requested at $10,000 fund from the county treasurer under an old law which provides an appropriation in communities where unusual prevalence of crime exists.

Secret agents have been working under this fund for several weeks to secure information for Thomas.

REPORTS FROM STOCK MARKETS

NEW YORK, Feb. 18.—The dividend paying railroad stocks were the center of interest in early trading in the stock market today, and, under the leadership of Pennsylvania, Atchison, Baltimore & Ohio and Union Pacific, the march to higher price levels went forward without interruption. Huge gains in net 1926 income by the railroad companies, reported after the close of yesterday's market, furnished the principal incentive for the insistent buying demand for the better grade of transportation stocks.

Pennsylvania, which has been practically dormant during the wild and buoyant market in the speculative rails, jumped into the limelight with an enormous volume of sales on the way up to 61½, the highest price since 1914. Northern Pacific and Great Northern, the basis of the new Northwestern merger, equalized each other around 91¼; while stocks of the "Southwestern merger" group, Kansas City Southern, Katy and St. Louis Southwestern commanded a strong and active market.

Profit taking in the non-dividend rails as well as in the motor and specialty stocks resulted in a moderate decline in the well known stocks in these groups, and the market as a whole was irregular and unsettled in the second hour.

Call money renewed at 4 per cent, and no disappointment was expressed over the failure of the New York reserve bank directors to lower the rediscount rate from 4 to 3½ per cent. Commodity markets were steady.

City is Defendant In Two Civil Suits In Municipal Court

City of East Liverpool was made defendant in two suits for damages, one for personal injuries and the other for an automobile accident, filed in municipal court today.

Mrs. Harriet A. Carraher, 1028 St. Clair avenue, is seeking $500 for injuries which she sustained when she slipped on grease on the sidewalk near the Central fire station, Broadway, on October 2, 1926.

In the fall she sprained her left ankle, dislocated a bone in her left hand, tore the muscles and ligaments in her arm and injured her back. As a result of the accident the plaintiff claims she was confined to her bed for two weeks. Negligence on the part of the city in allowing the oil and grease to remain on the sidewalk is charged. Hill and Davidson filed the action in behalf of Mrs. Carraher.

M. A. Young, 518 College street, is seeking $95.60 for damages done to his automobile when it is alleged to have dropped into a hole in the street near a manhole at the intersection of Pink alley and Market street on May 23, 1926. He charges that the manhole opening extended above the surface of the street for more than a foot. He is represented by Attorney W. S. Foulks.

Commodore Gerry, Aged 89, Friend Of Children, Dies

NEW YORK, Feb. 18.—Commodore Gerry, 89, philanthropist, and friend of children and animals, died at his home here today after an illness of several weeks. He sustained a fractured hip in a fall several weeks ago and had been confined to his bed.

Gerry was formerly president of the New York Society for the Prevention of Cruelty to Children. He was formerly vice president of the American Society for the Prevention of Cruelty to Animals.

He was a grandson of Eldridge Gerry, vice president of the United States and one of the signers of the declaration of independence. He was the son of Thomas R. Gerry, formerly of the United States navy, and Hannah Goelet, daughter of Peter P. Goelet.

M'NARY-HAUGEN BILL SENT TO WHITE HOUSE

Farm Relief Measure Placed on President's Doorstep.

VETO EXPECTED

Political Observers See in Action Answer to Riddle of 1928.

BY WILLIAM S. NEAL.

WASHINGTON, Feb. 18.—Congress laid a swaddling infant—the $250,000,000 McNary-Haugen farm relief bill—on the doorstep of President Coolidge today.

The youngster was clothed with political dynamite and yelled loudly for a chance in life. Mr. Coolidge was given the task of adopting the child or turning it back to congress.

Administration supporters were sharply divided in their predictions. The majority opinion is that he will veto the bill. Those who believe in the veto denounce the bill as a price fixing measure and a dangerous experiment which would put the government in the farming business.

Sponsors of the bill, on the other hand, declared that Mr. Coolidge had left the problem to congress and thereby was virtually pledged to sign it.

With the middle west aroused over the farm relief problem, a veto would boom the stock of two other presidential aspirants, ex-Governor Frank O. Lowden, of Illinois, and Vice President Charles G. Dawes, it was predicted.

An alternative course open to the president is to permit the bill to become a law without his signature, but few believe that he will adopt the negative course.

Party Lines Badly Split.

The bill was passed last night by the house, 214 to 178, after a spectacular fight of nine hours, in which the farm bloc rode down all opposition. The margin of victory, 36 votes, was about what had been anticipated, and it is too small to permit of hope of repassage over a veto.

Eight states voted solidly against it —Vermont, Rhode Island, New Jersey, New Hampshire, Connecticut, Delaware, Maine and Massachusetts. The large New York delegation have only two votes in favor of it and 37 against. Ohio split, 8 for and 12 against, Illinois, 18 for and 7 against; Pennsylvania, 8 for and 19 against.

What Measure Provides.

The bill, as passed is exactly as it came from the senate, thus it goes straight to the White House. Briefly it does this:

Loans $250,000,000 to the board from the federal treasury.

Permits the board to declare an emergency exists in wheat, cotton, corn, rice, tobacco and swine, on approval of more than half the producers.

Permits the board to make agreements with cooperatives or processors to finance the purchase, storage or sale of the commodity to remove a surplus from the market.

Creates a stabilization fund for this purpose, provided by the levying of an equalization fee upon each bale of cotton, each bushel of wheat, etc., which is sold.

Permits the board to insure producers against price fluctuations and loan money to cooperatives to establish terminal marketing facilities.

Charged With Non-Support.

Clarence Wright, Sunnyside avenue, was arrested by Captain of Police Conley last evening upon affidavit signed by his wife, Mrs. Alice Wright, charging him with the non-support of his two children, John, 7, and Kathleen, 5. Wright was released today to confer with Solicitor Hoover, representing the wife, regarding a settlement.

say that he is sorry he committed the murder. A childish reason, for lack of repentance is only one more proof of youthful delinquency.

In any case, the boy will not be executed, even if put on trial for murder. Capital punishment survives, but killing children is no longer part of "civilization."

OPEN GLENDALE REVIVAL MEET

Evangelist Trager Preaches in Mission at Joetown.

Evangelist John Trager.

Evangelist John Trager, of Philadelphia, opened a 10-day revival service in the Glendale mission, at Joetown, back of Newell, last evening. Services will be held at 7:30 o'clock each evening an don Sunday at 3 p. m. His subject for tonight's sermon will be "A Physician, Who Never Lost A Case."

Rev. Mr. Trager based his sermon on John 3:16 "For oGd so loved the world" for his opening service. This passage of scripture, according to the evangelist, is the "biggest text in the Bible." A song service will precede the preaching.

The evangelist, known as a "real old-fashioned preacher," has conducted services in 24 states and Canada. Before entering the ministry, Rev. Trager fell ill and promised, if allowed to live that he would enter the evangelistic field.

Uncle Sam Acts In Nicaragua to Check Another War

WASHINGTON, Feb. 18.—The American government has decided to smother the Nicaraguan civil war, hoping thereby to prevent a general conflagration in Central America.

This was the only explanation advanced today for the sudden dispatch of 1,400 additional marines to the little republic. With these reinforcements, the United States will have in Nicaragua a mobile force of rifles equal in size to the Sacasa revolutionary army, and, of course, enormously superior in effectiveness.

The smothering process apparently is to involve policing the entire country, from Honduras on the north to Gautemala on the south, no light undertaking in view of the scarcity of good roads and transportation. How long it will be necessary can only be guessed, but the concensus today was that the marines are in Nicaragua to stay for a long time.

"TEXAS" GUINAN'S CLUB PADLOCKED

NEW YORK, Feb. 18.—As the result of the most sensational liquor raid staged on Broadway, the "300" club, of which the famous "Texas" Guinan is the hostess, was ordered padlocked for a period of six months by Federal Judge Bondy here today.

The place was closed on charges of violating the prohibition law.

Texas herself will be haled into court tomorrow, to face charges of possession and sale of liquor. United States Attorney Lowell Wadman announced that contempt proceedings also would be brought against the jovial hostess, charging that she violated a previous injunction restraining her from selling liquor.

Circus Clown Falls Dead.

COLUMBUS, Feb. 18.—The body of Alfred Flemm, 50, veteran circus clown, was to be brought here today for burial from the home of his mother. Flemm fell dead after a performance at the Shrine circus in Detroit.

SEA IS COMBED IN VAIN FOR MISSING SHIP

Fate of Freighter Elkton is Still Unknown.

CALLS FOR HELP

Vessel Believed in Distress North of Island of Yap.

MANILA, Feb. 18.—The fate of the shipping board freighter Elkton, which sent out distress signals Wednesday night, was still unknown today.

The steamer Liberator which answered the call for help was unable to locate the vessel and is proceeding to Honolulu.

Reports received here indicating the Elkton was 200 miles west of Iloilo were not correct. The vessel is thought to be north of the island of Yap, about the latitude of Guam, and at least 1,000 miles from the Philippines.

80 New Measures Await Action After Assembly Recess

COLUMBUS, Feb. 18.—While both branches of the Ohio legislature were recessed today over the week-end, 80 new measures were awaiting second reading and reference to standing committees.

Just before the solons recessed late Thursday, 35 bills were thrown into the senate hopper and 45 measures were offered in the house, raising the total number of bills introduced this session to 497. Of this number 323 were introduced in the house and 174 in the senate.

A sterilization of mental defectives is provided for in a bill introduced by Representative C. E. Knapp, Medina county. Representative C. M. Emory, Pike county, offered a bill to penalize clergymen, magistrates and probate judges if they marry persons forbidden by law to wed.

100 Fathers, Sons Attend Joint Party At Y. M. C. A. Here

Nearly 100 fathers and sons attended the joint party held at the Y. M. C. A. last night under the auspices of the boys' work department.

In the absence of several fathers, some of the older boys assumed their places. The sons won the basketball relay race, while honors for the individual events were divided.

Winners in the contest ate pie a la mode while the losers were served baked beans.

MINER-OPERATOR PARLEY RECESSES

MIAMI, Fla., Feb. 18.—Making no headway in reconciling drastically opposite views over a new wage contract, the sub-committee of the bituminous miners and operators adjourned this afternoon until Monday.

Leaders announced that today's secret session disclosed that the miners and operators were no nearer a peaceful settlement than they were last Monday.

RADIO CONTROL BILL ATTACKED

WASHINGTON, Feb. 18.—With a final vote in sight before night, opponents of the Dill-White radio control bill this afternoon launched their closing fight in the senate.

The measure was attacked by Senator Pittman (D) of Nevada, as inconsistent, careless and as failing to protect the interests of the people or the government. He charged that if the bill is enacted into law, the great broadcasing stations can compel millions of Americans to pay for the privilege of "listening in" to their radio programs.

Cincinnati Lawyer Dies.

CINCINNATI, Feb. 18.—Lawrence Maxwell, 73, one of the most prominent lawyers in this section of the country, a native of Glasgow, Scotland, died at his home here early today. He is survived by the widow and two daughter of this city, and a brother, W. K. Maxwell, of New York City.

Diehl to Attend East Palestine's Motor Club Meet

Elimination of gasoline pumps which do not show the correct measurement, was discussed by representatives of sealers of weights and measures from eastern Ohio at Warren, yesterday. E. M. Diehl, secretary of the Columbiana County Motor club, attended the conference as a representative of the Ohio State Automobile association.

The sealers will urge the launching of a campaign to eliminate all pumps except those equipped with the visible fountains.

Diehl will go to East Palestine tonight where he will attend a meeting of the East Palestine members of the organization.

Senator Guy Goff Takes all Blame From H. M. Daugherty

NEW YORK, Feb. 18.—Senator Guy D. Goff, of West Virginia, who was assistant attorney general under Attorney General Harry M. Daugherty, took the witness stand today in the Daugherty-Miller conspiracy trial, and assumed full responsibility for the approval of the $7,000,000 Swiss society claim, and removed all blame from the shoulders of the former attorney general.

Former Attorney-General Daugherty is on trial with Thomas W. Miller, former alien property custodian, charged with conspiracy to defraud the government.

Lively Debate in Council

favor of a new truck, while Kelly expressed the opinion that it would be a waste of money to buy a new truck when purchase of a chassis would solve the problem. He declared that a light truck should be housed in the Northside station to answer calls to the annexed zone, while heavier types should be kept in the Central and East End stations.

Prepare to Extend Water Mains.

Service-Safety Director Moore took the floor and in a vigorous talk supported the attitude taken by Kelly with the exception that he did not see the need of a pumper in the event new apparatus were acquired.

Fire Chief Bryan, requested to express his views, declared he favored new equipment against the assembled type. Questioned by Mayor Benedum as to the condition of apparatus in the East End station, he asserted that while it was in good shape he did think it was a real piece of fire fighting equipment. The mayor in closing his queries declared that the chief's views did not correspond with those he expressed to the chief executive on the same question a month ago.

Resolution was passed under suspension of rules, authorizing the service-safety director to advertise for bids on 250 tons of cast iron pipe and fittings and also 25 fire hydrants which will be required to extend water mains to the recently annexed territory.

R. E. Hoopes, part owner of Fisher Park, read a statement in which he called attention to the fact that as his property was in annexed territory he desired to submit to council plans which he had made for improvements and which would now be made under the direction of the service department. President Kerr named Members Goodballet, Kelly and Kommell with City Engineer Clapsaddle to confer with Hoopes.

Ordinance was passed under suspension of rules providing for the sale of bonds amounting to $1,600 to pay damage claims to trustees of the Second Presbyterian church and Mrs. Jennie Hamilton. Like ordinance was adopted for the sale of $9,000 in bonds to liquidate the debt of Peter Milliron for sewer work in East End.

Petitions were presented from property owners urging improvement of Watson and Monaca streets.

Ordinance was passed on second reading reducing assessments on four properties in East End. Motion to suspend the rules was defeated by negative votes of Farrall and Kommell.

Affections Lost, Asks $50,000.

CINCINNATI, Feb. 18.—Charging that Abe, Nathan, and Samuel Zimmerman, all of Cincinnati, have alienated the affections of their brother and her husband from her, Mrs Frank L. Zimmerman filed a $50,000 damage suit against the three brothers in common pleas court here.

JOIN CHURCH, PASTOR URGES

Four More Profess Conversion at Church of Christ.

Four persons professed conversion at last night's revival service at the First Church of Christ. The sermon was delivered by Rev. B. R. Johnson while the music was led by Rev. Clarence Hanna, Cleveland musical director.

A baptismal service will be held at the conclusion of the preaching service tonight. The sermon subject will be "Why the Disciples Immerse." Rev. Hanna will render a solo, "The Savior's Voice." A delegation from the Pennsylvania Avenue Tabernacle church will attend tonight's service.

In his Thursday evening's sermon, Rev. Mr. Johnson said:

"Christ is the head of the church. Above all powers, rules and principalities is Jesus. The church is His body and when we unite with the church we are joined to the body of Christ. The head of the body is Christ and He is in heaven. There is no head on earth. Christ has all authority and delegated authority to his apostles and sent them forth to preach the gospel and baptize those who believe.

"If I was preaching to an audience who had never heard of God, Jesus or the gospel, I would tell of God, his love, the sending of his son, Jesus Christ, into the world. If you heard the word of truth, believed the word, repented of your sins and confessed your faith in Jesus, I would baptize you into the name of the Father, Son and Holy Spirit. This would make you a member of Christ's body, a member of his church.

"If you want to know how, when and who organized the Christian church you must read the book of Acts. This book tells how men were converted in the days of the apostle's preaching. Jesus said, 'He that confesses me before men, him will I also confess before my Father who is in heaven.'

"While getting into the church is essential, and all should unite with the church as Christ has commanded, yet we fail of getting the reward prepared for the blest if we stop at the waters of our baptism Faith, repentance, confession and baptism, is the process which brings us into the kingdom, the new birth.

"In the first chapter of second Peter we find the steps necessary to take, in order to have supplied unto us an abundant entrance into God's eternal kingdom. We are told to add to our faith. Add to your faith, virtue, to virtue, knowledge; and to knowledge, temperance, and to temperance-patience; patience Godliness; to Godliness brotherly kindness; to brotherly kindness love. For so an entrance shall be ministered unto you abundantly into the everlasting kingdom of our Lord and Savior Jesus Christ.

operating in a movement to resist the advance of Chang Tso-Lin's Fengtein troops through Honan to Hupeh province. Wi Pei-Fu appears powerless to control his subordinates, who, it is expected, will engage the Fengtian troops in an attempt to prevent their crossing the Yellow river.

Fengtien troops stationed to the north of Kiangsu have been ordered to assist General Sun Chuan-Fang in his stand before Shanghai, according to a report from Nanking.

CARD OF THANKS.

We wish to extend our sincere thanks for the kindness, and sympathy which was tendered us during the sickness and death of our loving daughter and sister. We appreciate the beautiful floral offerings from Laughlin's No. 4, 5, 6. Edwin M. Knowles, Kenilworth Tile, friends and neighbors, and all who donated cars. Also we thank Rev. Johnson and the singers, for the kind message and songs which brought comfort during our grief and sorrow.

REVIVAL MEETS CONTINUE HERE

Timely Sermons Being Delivered by Rev. L. S. Hoover.

Large crowds continue to attend the revival meetings in the Oakland Free Methodist church in charge of Evangelist L. S. Hoover of Tionesta, Pa.

Last night his subject was "The Power of Human Influence." He spoke in part: "We recognize ourselves as will power transmitters for good or evil. Influence is that indescribable power that goes forth from each life to affect another soul for good or evil. We are social beings, therefore, everyone with whom we come in contact will be affected by our life. If we are real Christians people will be drawn to church, if we are not, souls will be driven away from God.

"You have seen the little pebble in the water lightly thrown, but a hundred little rippies going on and on and on. So it is with influence. In the judgment we shall be judged not only by what we are but from the standard of what we might have been by the grace of God. If we might have been saved and helped to save others and failed to do it, what a fearful condemnation will be ours. How important it is then that we get saved and live for God."

CHESTER PASTOR TO FILL PULPIT

RE-OPENING OF MAYOR FOGO OUSTER CASE ASKED

REMOVAL SUIT ARGUMENTS SET FOR SATURDAY

Petitioners Will Cite Appellate Ruling at Steubenville.

COURT WILL ACT

Wellsville Citizens Claim Verification of Pleadings is Not Required.

Ouster fight of 417 Wellsville electors against Mayor W. L. Fogo, which was halted yesterday in common pleas court, Lisbon, when Judge Thomas S. Price granted the defense motion for dismissal, will be resumed tomorrow morning when arguments for a reopening of the case will be heard by the court.

The removal case, originally docketed for next Tuesday, was brought up when Attorney J. H. Brookes, representing Mayor Fogo, was successful on a motion for dismissal on the grounds that the contents of the petitions filed by the prosecution lacked verification.

Judge Price announced today, however, that he is prepared to hear arguments on a motion by Attorneys W. H. Spence and W. A. O'Grady, representing the prosecution, for a re-opening, counsel for the petitioners basing their action on the outcome of the Mayor J. H. Patton removal proceedings in Steubenville.

In the Patton case, the appellate court was unanimous in a ruling that the case stood despite the fact that the pleadings had not been verified.

Defense counsel also cite section 4268 of the general code which, they point out, does not require verification in a petition of removal filed with the governor, the procedure adhered to before authority was given common pleas court to act in such cases.

The decision of Judge Price yesterday was based on general law practices, in which verification is required.

Judge Louis T. Farr, member of the district court of appeals, has submitted a copy of the appellate court's opinion in the Patton case to Judge Price for the latter's consideration.

"FRIEND NIGHT" AT U. P. CHURCH

Special Sermon to be Delivered by Pastor.

"A Good Man Who Went to Hell and a Bad Man Who Went to Heaven" will be the subject of a sermon by Rev. R. W. Ustick, pastor of the First United Presbyterian church, at tonight's evangelistic meeting in the church.

"Bring a friend night" will be observed, each member of the congregation being urged to take a companion to the services.

Special vocal selections will be rendered by Mrs. Elizabeth Baker who also will lead group singing.

Large crowds were present at the Wednesday and Thursday night meetings, the attendance being swelled by delegations on each night from the McCullough Jefferson County Children's Home, at Yellow Creek.

The special services, which have been under way during the week, will continue through Sunday with meetings on Sunday morning and evening.

There will be no services Saturday night.

Will Visit In Florida.

Rev. J. H. Porter, of Anderson avenue, has left for an extended visit in Florida where he will seek to regain his health.

YELLOW CREEK CHURCH PROGRAM

Services will be held Sunday at 11 a. m., and 7:30 p. m. in the Yellow Creek Presbyterian church. Rev. K. J. Stewart's evening subject will be, "God's Hand in History—Washington." Sunday school will meet at 10 a. m., and the Young People's society at 7 p. m. The subject will be, "Our Duty as Christian Citizens."

Services will be held in the Long's Run church Sunday afternoon at 2:30 o'clock. Sunday school will convene at 1:30 o'clock.

Officers of the church now are engaged in an intensive campaign in the interests of the church pension fund.

REV. R. W. USTICK AT STEUBENVILLE

Rev. R. W. Ustick, pastor of the First United Presbyterian church, will conduct services during next week in the First United Presbyterian church in Steubenville.

Meetings will be held each evening of the week. Rev. James Best is pastor of the Steubenville church.

STUBBORN, UNSIGHTLY PIMPLES ON FACE AND BACK

Skin now clear and smooth

Doubs, Md., July 13:—"Three or four years ago, my face and back broke out with pimples and blackheads. When I picked or pressed them they would get very sore and burn. I used several kinds of cold cream, but none of them helped a bit. Then I happened to see your advertisement and thought I would try Resinol Soap and Resinol Ointment. Within a feew weeks I had not a pimple or blackhead at all and now my face is nice and smooth. I have also found Resinol Soap very refreshing after coming in out of the sun or wind." (Signed) Miss Elsie E. Painter.

If you are troubled with a rough, pimply skin, ask your druggist today for Resinol Soap and Ointment, and see what an improvement a week's use will make.

FREE—Sample of each of these products if you will write Dept. 62, Baltimore, Md.

REV. B. H. POCOCK RECEIVES CALL

Nazarene Church Votes Him Sixth Year in Pastorate.

Rev. B. H. Pocock, pastor of the Church of the Nazarene, has been tendered a call for his sixth year here, it was announced today.

During the past few months the church has been remodeled. More funds passed through the hands of the treasurer last year than at any time since the church was organized. Approximately $2,000 was expended for improvements. The church now has a seating capacity of about 250. During the past four years the membership has more than doubled.

A Young People's society will be organized next Wednesday night, when Rev. G. Howard Rowe, New Castle, Pa., district president, will deliver an address.

Dedication of the remodeled church will be held next month. Dr. J. H. Sloan, district superintendent, who will be in charge, will preach the sermon.

REV. FRANK HELME ACCEPTS CHARGE

Rev. Frank Helme, a former pastor of the New Cumberland Christian church has accepted a call to become the pastor of the Bellevue, Pa., Christian church and will begin his pastoral duties the first Sunday in March. Rev. Helme when pastor of the New Cumberland church resigned to accept the secretaryship of the Western Pennsylvania Missionary Society, and on Monday tendered his resignation to the society.

Rev. Helme succeeds Rev. E. H. Koch as pastor of the Bellevue church who resigned last September to go to Orlanda, Florida. Rev. Helme is one of the youngest ministers of the Pittsburgh district. He graduated from Bethany college, class of 1923. Following his graduation he became pastor of the New Cumberland church.

Scout Troop Meets.

Rev. W. J. H. McKnight, pastor of the First United Presbyterian church, had charge of the meeting of Boy Scout troop No. 24 last night in the church basement.

WEIRTON BLAZE BEING PROBED

Weirton police officials are investigating the cause of the blaze which destroyed the partially gas wrecked home of Thomas Battista shortly after midnight Wednesday. The blaze, it is stated, started on the second floor of the residence.

Employes of the gas company on Wednesday morning turned the gas off the line which ran into the house from the county road. This line, from which gas escaped is believed to have been the cause of the explosion.

The Weirton fire department answered the call sent in by neighbors who discovered the fire in the home, but were unable to check the blaze which had gained considerable headway before their arrival.

CLASS TOURNEY SCHEDULED HERE

Four teams will compete in the inter-class floor tournament to be held tomorrow morning and afternoon on the Rock Springs park floor. No admission will be charged.

This evening the Junior high basketball team will meet the Weirton Juniors at the latter place.

Chester high boys and girls are scheduled to clash here tonight with the Weirton high squads.

Sloan Funeral Services.

Funeral services for John Sloan, 76 years old, New Cumberland, will be held at 2 o'clock tomorrow afternoon in the home, in charge of Rev. W. S. Hamilton, pastor of the New Cumberland Methodist Episcopal church. Burial will be made at Toronto.

PASTOR TO SPEAK AT REVIVAL MEET

Rev. R. C. Ehrheart, pastor of the First Methodist Episcopal church, will speak tonight on the subject, "Home on Earth and Home in Heaven." This will be observed as "Family Night" at the revival meeting.

Special program will be given by a delegation from the Conway Methodist Episcopal church as follows: Duet, Rev. Roy Thompson and Miss Jeanette Mitchell; baritone solo, Andrew Porter; soprano solo, Miss Viola Parker, East Liverpool.

There will be no services tomorrow night.

Rehearsal Postponed.

Owing to the illness of Miss Peterson there will be no choir rehearsal this evening in the First Presbyterian church.

Arab, Negro Singers Plan Invasion of Paris This Year

PARIS.—Paris will be invaded by Arab and Negro singers during the year, of 1927, according to promises made by theatrical and musical managers. Ben Said Bouzion, a young Algerian who has been studying music seriously for the past year, is expected to sing at the Opera Comique within a short time. Not a few among the North African tribes, particularly among the Kabyles in the mountains, have extraordinarily beautiful voices. A certain Beni Mahieddine, a tenor, is expected to make a great hit when he sings in Paris this winter.

Rangoon, principal city of Burma, now has 342,000 population.

Rheumatism can't be rubbed away

Are you one of those unfortunates who suffer with pains in your muscles and joints, making you miserable, less efficient, interfering with your working hours, ruining your sleep?

You may have tried many things without relief. Why not try S. S. S.? For more than 100 years it has been giving relief in thousands of cases, as testified to in unsolicited letters of gratitude.

"I suffered from rheumatism for a good many years. At times my joints would swell so, I couldn't walk. I tried most everything. Went to Hot Springs and finally I decided to try S. S. S. I took a course. In a short time the rheumatic pains entirely left me. I also had a breaking out on my hands for years that nothing would heal, but now this has disappeared, and I am sure that it was S. S. S. which removed the cause. I am now in perfect health, and want to add that I have tried all kinds of medicines but I think S. S. S. is the best." Carl C. Campbell, 115 West Main street, Johnson City, Tenn.

S. S. S. is purely vegetable. It is extracted from the fresh roots of medicinal plants and herbs and gives to Nature what she needs in building you up so that your system throws off the cause.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

REV. B. H. POCOCK RECEIVES CALL

Nazarene Church Votes Him Sixth Year in Pastorate.

Rev. B. H. Pocock, pastor of the Church of the Nazarene, has been tendered a call for his sixth year here, it was announced today.

During the past few months the church has been remodeled. More funds passed through the hands of the treasurer last year than at any time since the church was organized. Approximately $2,000 was expended for improvements. The church now has a seating capacity of about 250. During the past four years the membership has more than doubled.

A Young People's society will be organized next Wednesday night, when Rev. G. Howard Rowe, New Castle, Pa., district president, will deliver an address.

Dedication of the remodeled church will be held next month. Dr. J. H. Sloan, district superintendent, who will be in charge, will preach the sermon.

REV. FRANK HELME ACCEPTS CHARGE

Rev. Frank Helme, a former pastor of the New Cumberland Christian church has accepted a call to become the pastor of the Bellevue, Pa., Christian church and will begin his pastoral duties the first Sunday in March. Rev. Helme when pastor of the New Cumberland church resigned to accept the secretaryship of the Western Pennsylvania Missionary Society, and on Monday tendered his resignation to the society.

Rev. Helme succeeds Rev. E. H. Koch as pastor of the Bellevue church who resigned last September to go to Orlanda, Florida. Rev. Helme is one of the youngest ministers of the Pittsburgh district. He graduated from Bethany college, class of 1923. Following his graduation he became pastor of the New Cumberland church.

Scout Troop Meets.

Rev. W. J. H. McKnight, pastor of the First United Presbyterian church, had charge of the meeting of Boy Scout troop No. 24 last night in the church basement.

LISBON

M. K. Zimerman, West Park Ave.
Phone 319-R. Lisbon, Ohio.

REPORT FILED ON SHIPMENTS

Co-operative Plan of Live Stock Marketing Is Successful.

Live stock weighing 9,638,178 pounds went to market through cooperatives of Ohio during January, according to a report just announced by County Service Manager Phil E. Heim of the county farm bureau. Of this amount Columbiana county shipped 152,215 pounds valued at $4,996.63.

More than 19 per cent of the total amount shipped went directly from the feedlot to the packer, Mr. Heim declared. Such direct shipments have trebled during the last three years. In the stock shipped, hogs held first place as to the number marketed, with sheep next with calves and cattle in third and fourth place. All of the Columbiana county shipments went to Cleveland and Pittsburgh.

VERDICT UPHELD BY JUDGE PRICE

"Had you returned any other than a verdict for the defendant I would have set it aside," Judge T. D. Price informed a jury in No. 2 court room after it had returned a verdict in the case of Mrs. Mary Osborne of Salem against C. H. Walker. The case was carried to common pleas court on appeal, the money involved being but $29. The jury had the case less than an hour and returned a verdict in favor of the defendant.

Leave To File Answer.

In the foreclosure action filed in court Nov. 7, 1925, by Herman Gordon against William Fisher and others, the court has granted the plaintiff permission to file his reply to the answer of the defendant that was filed Jan. 4, 1926.

SPECIAL LODGE MEETS LISTED

Knights of Pythias lodges in this county will observe the 60th anniversary of the founding of the fraternity next week, six special meetings having been arranged for this event.

The first of these meetings will be held at Salem next Monday evening, and at East Palestine Tuesday evening. Lisbon will observe the anniversary Wednesday evening and Columbiana lodge Thursday evening. Sebring lodge will hold its anniversary meeting next Friday night, and a district meeting at Berlin Centre will close the series Saturday evening, Feb. 26th. Special programs of speaking and entertainment will feature all of these gatherings.

Divorce Decree Issued.

On the grounds of wilful absence for more than three years, a decree of divorce has been granted by Judge W. F. Lones to George Allison against his wife, Elizabeth Allison, an action that was filed on the appearance docket December 27 last. The decree was granted upon the payment of costs in the case.

Sale Confirmed.

In the case of Mrs. E. F. McCrea against Charles Dorsey, for money and the appointment of a receiver, the sale of property has been confirmed, and a distribution has also been ordered. William B. Moore as receiver has been discharged, and released from further liability.

Marriage Licenses.

A marriage license has been issued to Kenneth Glenn, a painter of East Liverpool and Miss E. Agnes Turner, daughter of Mr. and Mrs James A. Turner also of East Liverpool. The couple are to be married by the Rev. J. G. Reinartz of St. John's Evangelical Lutheran church at East Liverpool.

Damage Case Dismissed.

The $5,000 damage action pending in common pleas court since Sept. 18, 1925, of George S. Patterson against the Salem Rubber company has been dismissed by the plaintiff, and at his costs.

LEETONIA STORE ROBBERY SOLVED

The robbery of the Cavanaugh Bros., store at Leetonia several months ago is declared to have been solved by the arrest at Toledo of Americo Stumpo, whom Toledo police have advised county authorities has confessed to the robbery of several stores in the Leetonia and Columbiana district. A warrant for the arrest of Stumpo has been issued from the court of Mayor Galen Lodge at Leetonia and given to Sheriff George Wright. Toledo police have been instructed to hold the prisoner for an officer from this county.

Granted Leave To File.

Leave to file an amended petition on the part of the plaintiff and the defendant the right to refile his answer has been granted by the court in the case of William Walsh, by his next friend, Harrold Powell, against John Milbuck. In this case the plaintiff seeks $25,000 damages for personal injuries sustained at the hands of the defendant. The original petition was filed February 20, 1925.

Restored to Maiden Name.

Although Ruth E. Walton was granted a divorce from her husband Joseph P. Walton Jr., on the grounds of wilful absence, Feb. 4th, she was not restored to her maiden name at the time, although the petition sought such court order. The case went before the court again on a motion of the plaintiff and a supplimental order has been handed down, restoring the plaintiff to her maiden name, that of Ruth Gilson.

Case Dismissed.

The case of Ray Bowersock against Clarence Bowersock for $112.50 claimed to be due on an automobile, and carried to common pleas court on appeal from a lower court has been dismissed on a motion of the plaintiff and at his costs. Judgment has been handed down against the plaintiff for the costs in the action. This case was filed June 5, 1924.

Secure Right of Way.

The Ohio Power Co., in order to extend its transmission lines into the western part of the county, has taken a right of way through the lands of E. E. Starkey at Kensington, the stipulations in the agreement being $1 and other valuable considerations."

Real Estate Transfers.

Real estate transfers have been recorded as follows:

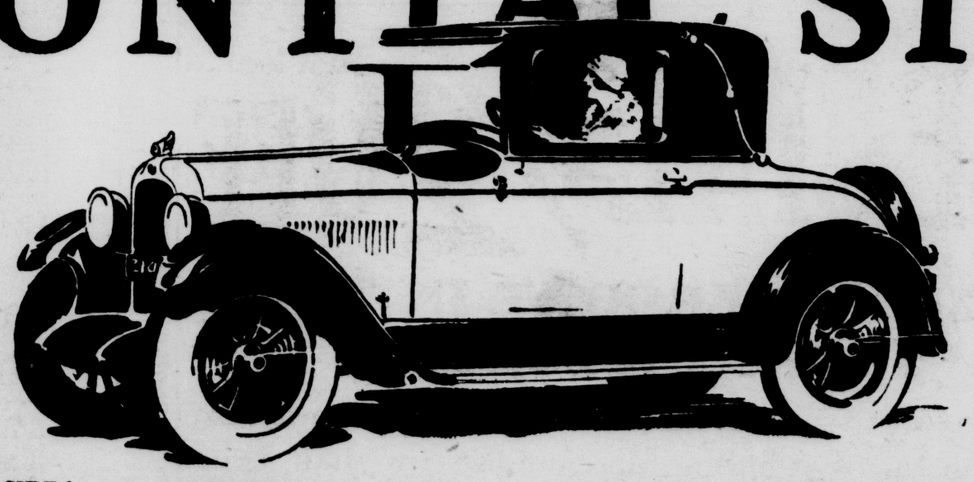
PONTIAC SIX



ASIDE from the overwhelming success enjoyed by the Pontiac Six, probably the most significant compliments paid to the car are the attempts being made to imitate its appeal. Yet for all the conscientious and capable effort expended in that direction, Pontiac sales continue at record-breaking figures; *and, what is more important, the tide is turning stronger to the Pontiac Six!*

Thousands inspected the Pontiac Six last year. Impressed as they were by its beauty, size and obviously fine construction, some of them cautiously deferred purchase until "the car had proved itself by a year of actual service". And this, despite the fact that the Pontiac Six was sponsored by General Motors and had undergone three years of testing and developing on the General Motors Proving Grounds!

But now that year of service has been completed—with flying colors, too! The number of actual owners is now well above 70,000—the largest ever won by a new make of car during a similar period. Under the most trying and drastic conditions, Pontiac Six design proved itself—for performance, for reliability, for economy and for the ability to endure the pitiless pounding of top speed driving, hour after hour.

And when a low-priced six as beautiful, powerful and as comfortable as the Pontiac Six so clearly proves itself to be right—

LISBON

M. K. Zimerman, West Park Ave. Phone 319-R. Lisbon, Ohio.

REPORT FILED ON SHIPMENTS

Co-operative Plan of Live Stock Marketing Is Successful.

Live stock weighing 9,638,178 pounds went to market through cooperatives of Ohio during January, according to a report just announced by County Service Manager Phil E. Heim of the county farm bureau. Of this amount Columbiana county shipped 152,215 pounds valued at $4,996.63.

More than 19 per cent of the total amount shipped went directly from the feedlot to the packer, Mr. Heim declared. Such direct shipments have trebled during the last three years. In the stock shipped, hogs held first place as to the number marketed, with sheep next with calves and cattle in third and fourth place. All of the Columbiana county shipments went to Cleveland and Pittsburgh.

VERDICT UPHELD BY JUDGE PRICE

"Had you returned any other than a verdict for the defendant I would have set it aside," Judge T. D. Price informed a jury in No. 2 court room after it had returned a verdict in the case of Mrs. Mary Osborne of Salem against C. H. Walker. The case was carried to common pleas court on appeal, the money involved being but $29. The jury had the case less than an hour and returned a verdict in favor of the defendant.

Leave To File Answer.

In the foreclosure action filed in court Nov. 7, 1925, by Herman Gordon against William Fisher and others, the court has granted the plaintiff permission to file his reply to the answer of the defendant that was filed Jan. 4, 1926.

SPECIAL LODGE MEETS LISTED

Knights of Pythias lodges in this county will observe the 60th anniversary of the founding of the fraternity next week, six special meetings having been arranged for this event.

The first of these meetings will be held at Salem next Monday evening, and at East Palestine Tuesday evening. Lisbon will observe the anniversary Wednesday evening and Columbiana lodge Thursday evening. Sebring lodge will hold its anniversary meeting next Friday night, and a district meeting at Berlin Centre will close the series Saturday evening, Feb. 26th. Special programs of speaking and entertainment will feature all of these gatherings.

Divorce Decree Issued.

On the grounds of wilful absence for more than three years, a decree of divorce has been granted by Judge W. F. Lones to George Allison against his wife, Elizabeth Allison, an action that was filed on the appearance docket December 27 last. The decree was granted upon the payment of costs in the case.

Sale Confirmed.

In the case of Mrs. E. F. McCrea against Charles Dorsey, for money and the appointment of a receiver, the sale of property has been confirmed, and a distribution has also been ordered. William B. Moore as receiver has been discharged, and released from further liability.

Marriage Licenses.

A marriage license has been issued to Kenneth Glenn, a painter of East Liverpool and Miss E. Agnes Turner, daughter of Mr. and Mrs James A. Turner also of East Liverpool. The couple are to be married by the Rev. J. G. Reinartz of St. John's Evangelical Lutheran church at East Liverpool.

Damage Case Dismissed.

The $5,000 damage action pending in common pleas court since Sept. 19, 1925, of George S. Patterson against the Salem Rubber company has been dismissed by the plaintiff, and at his costs.

LEETONIA STORE ROBBERY SOLVED

The robbery of the Cavanaugh Bros., store at Leetonia several months ago is declared to have been solved by the arrest at Toledo of Americo Stumpo, whom Toledo police have advised county authorities has confessed to the robbery of several stores in the Leetonia and Columbiana district. A warrant for the arrest of Stumpo has been issued from the court of Mayor Galen Lodge at Leetonia and given to Sheriff George Wright. Toledo police have been instructed to hold the prisoner for an officer from this county.

Granted Leave To File.

Leave to file an amended petition on the part of the plaintiff and the defendant the right to refile his answer has been granted by the court in the case of William Walsh, by his next friend, Harrold Powell, against John Milbuck. In this case the plaintiff seeks $25,000 damages for personal injuries sustained at the hands of the defendant. The original petition was filed February 20, 1925.

Restored to Maiden Name.

Although Ruth E. Walton was granted a divorce from her husband Joseph P. Walton Jr., on the grounds of wilful absence, Feb. 4th, she was not restored to her maiden name at the time, although the petition sought such court order. The case went before the court again on a motion of the plaintiff and a supplimental order has been handed down, restoring the plaintiff to her maiden name, that of Ruth Gilson.

Case Dismissed.

The case of Ray Bowersock against Clarence Bowersock for $112.50 claimed to be due on an automobile, and carried to common pleas court on appeal from a lower court has been dismissed on a motion of the plaintiff and at his costs. Judgment has been handed down against the plaintiff for the costs in the action. This case was filed June 5, 1924.

Secure Right of Way.

The Ohio Power Co., in order to extend its transmission lines into the western part of the county, has taken a right of way through the lands of E. E. Starkey at Kensington, the stipulations in the agreement being $1 and other valuable considerations."

Speed, Punch, Smartness Give Delaney Edge in Big Battle

But Experts Don't Overlook Maloney's Weight Advantage

Nineteen Thousand Will Jam Way Into Madison Square Garden Tonight at Total Cost of About $200,000; Scalpers are Busy.

By Davis J. Walsh.

NEW YORK, Feb. 18.—Fistiana's toreador—lithe, graceful, good to look at but deadly in his cold blood—and the bull image of a man from the Boston fish market will have at it tonight in all the blood fury of ancient Rome at its height—or depth.

The occasion will be semi-championship heavyweight meeting between Jack Delaney, that majestic scion of the north woods, and Jimmy Maloney, the fishmonger with the paunch of a brewer and the charging rush of a bull. They will meet over the ten r[illegible]nce and so agitated is the populace over the prospect that M[illegible]e Garden will suffer a terrible rush of customers to the portals.

Nineteen thousand, in all, will observe the proceedings as best they may. Their number might well have been trebled, for New York has gone stark mad over the match and would have thrust money upon poor Mr. Rickard with great avidity if the gentleman were in a position, these many weeks, for some mysterious reason, and the speculators have been considerably irritated by the number of gents they have been forced to push upon the chest.

Scalpers' Rates High.

Current prices were said today to be $125 for a $22 ticket, the idea being that there is one born every minute and most of them live long enough to reach the streets. A matter of $200,000 in legitimate money will be in the house by the first minute of play but the actual total paid by the addicts for the privilege of being present defies estimation. Each of the principals will receive about $50,000. The estimate is in round numbers but the pay-off will be in strictly American money.

The match, in other words, is a "natural," the kind that seldom smokes up outside the usual bout of bouts for the heavyweight championship. As to that, many of the boys have achieved the notion that they will be gazing upon the future champion tonight and that idea never kept anybody at home. There will be other hurdles to take before the winner goes through to a title meeting with Gene Tunney but this one is regarded by some as the highest in the field, regardless of their choice in the betting.

The odds have run strongly to Delaney, the combination fencer and bludgeoner, during recent weeks but he was a shrinking favorite today. The inevitable shifting of the tinhorn to the short-end man has set in and so has the customary pre-fight rumor that the smart money is going in on Maloney. The latter's chances are held at 2 to 3 at the moment but the prospect was for even money at the ringside and take your choice—if you must.

For the choice this time is not one that comes readily to even the most subtle of intellects. Delaney's advantages are more than few; Maloney's are at present impressive. He will come into the ring at 200 pounds against not more than 174 for Delaney. The difference in heft will mean plenty, even in a short fight. Maloney also will top the other considerably in the matter of sheer strength. That, too, will have its effect if he can get to wrestling around with his man.

The prospects are that he can't. Delaney, a Pavlowa for speed and trained within an inch of his life, will make a running fight of it while awaiting the pot shot for which he is famous. Superiority in speed will be with Delaney; also in sharpshooting for he has the greatest right hand in all boxing and usually one punch is about all for the evening. Jack is the quickest finisher in the racket.

Maloney is a fast man for a heavyweight but not as fast as Delaney. The former also is a fair hitter but Delaney, too, has the edge in that department. Just what kind of a target he will get is another matter, since Maloney carries his left shoulder over his jaw. However, the writer saw him crossed with a sparring partner's right this week and, besides, Delaney almost tore Berlenbach's heart out with rights to the body.

As to condition, I must give that to Delaney too. He has never before trained so well. Maloney didn't look good to me last Monday but then it is not my purpose to set myself up as a judge of physical condition. Many expressed themselves as satisfied with the young man's preparation but Jimmy De Forest is not included.

The fight, in any case, has been hailed as the greatest attraction ever held indoors. I concur with that but not with the sentiment that two of the greatest fighters of the age will be with us. Both have trick chins; both blow up or are inclined to do so. Both have made poor fights against indifferent opponents, although there seems to be little doubt that Delaney is one of the greatest light heavyweights that ever lived.

But to me he is a good man going out of his class. I don't think out of it tonight, however. Maloney, a good second rater a few months ago, has had a build-up through mere victories over De Kuh, Diener and Rersson. Delaney's build-up comes through Berlenbach and McTigue, light heavyweights, and Gorman, a broken-down-if-ever-up heavyweight. Those records analyzed, are not impressive.

But, in a man to man survey, Delaney has the undoubted class, in spite of the difference in the weights. Speed, intelligence and the punch usually win. They probably will tonight.

CITY LEAGUE "STANDS PAT"

Six Clubs of Last Year Will Compose Circuit.

Assurances were made that the City Industrial Baseball league would be composed of the same six-club circuit as last year, during the season of 1927 at an initial session of the organization magnates in the Chamber of Commerce rooms last evening.

Representatives of Victor Motor, Laughlin, Wellsville, K. T. K., Turk-Nash and Chester teams were in attendance. The meeting was presided over by President C. C. Cline.

Tentative plans were announced of possible new playing fields, with the improvements of others utilized.

Announcement was made of meetings held by several slubs of the diamond aggregation at which plans for the season had been outlined.

In attendance were Robert McHenry of Victor Motor, Saul McCoy, of K. T. K., Joseph Dickey, of Laughlin, Mayor Frank Riley, of Chester, John Fowler of Turk-Nash and a representative of Charles Armstrong of Wellsville.

Saul McCoy, who piloted Laughlin to two mid-half pennants in 1925 and '26, thus putting the Newell aggregation in as many baby world series clashes, the last of which he won, has taken over the K. T. K. management.

McCoy, having for several months been connected with the K. T. K. plant, has accepted the new berth thus offered him. For the time being the interests of the Laughlin contingent are being looked after by Joseph Dickey, the club's business manager.

Agreement was reached to hold another meeting on March 3.

CINCINNATI, Feb. 18.—Denison university was a step nearer the Buckeye association basketball championship today after slipping over a 29-24 defeat to Cincinnati university here last night.

MANAGERS FACE TICKET PROBE

NEW YORK, Feb. 18.—Pete Reilly and Dan Carroll, respective managers of Jack Delaney and Jim Maloney, will be hailed before the boxing commission today to be interrogated about their distribution of tickets to tonight's Delaney-Maloney fight. Some of their allotment, it is charged, have been found in the hands of speculators. Albert W. Loose, secretary to Tex Rickard, also has been summoned to furnish data from the offices of Madison Square Garden.

The ticket hearing will precede the ceremony of weighing the boxers.

Tony 'Surrenders' To Cub Contract

Only One Holdout Reported Now in Bruin Family.

CHICAGO, Feb. 18.—The annual baseball mystery—"Where is Tony Kaufman?" was solved today when Tony "gave himself up" voluntarily and admitted he had signed a contract to pitch for the Cubs during the season of 1927.

Tony, as usual, had been reported a holdout, but the lure of the trip to sunny California, only a week away, brought the Bruin hurler to terms. Today he was busy packing up to join the rest of the troupe on the training trip to Catalina island.

President William Veeck or the Cubs, announced that all of the Bruin family are now accounted for with one exception. He wouldn't name names, but the consensus of the lone holdout is Charley Root, another pitcher.

The terms of Kaufmann's contract were not revealed.

SPORTSMEN PLAN EUCHRE, SMOKER

Plans for a euchre and smoker were completed by the East Liverpool branch of the county fish and game association at its meeting last night in the Ingram building.

The session brought out a good crowd. A number of new members were reported.

CHESTER SET FOR WEIRTON

Boys' and Girls' Teams Play at Rock Springs.

Ray Wilde's Chester scholastic passers will take on another Hancock county foe tonight at the Rock Springs court. A two-ply program with Weirton High has been scheduled, with both the girls' and the boys' teams in action.

The Chester five was nosed out at Salineville last week by the close count of 17 to 15 and the Purple and Gold aggregation is figuring on evening up for that trimming, with Weirton as the prospective victim.

And if Simcox, one of Wilde's chief scoring stars, contrives to get the range early, Chester's chances of victory should look good.

Christians Lose To Presbyterians

Fourth Street Outfit Lands 59-21 Clash.

The Presbyterians, of the Sunday school loop, with almost an all-star aggregation, ran away with the Christians last night at the M. P. court. The final count was 59 to 21.

The count at the first quarter was 14-7 in favor of the Presbyterians and 25-19 at the half. The Presbyterians spurted in the third period and made it 42 to 21.

HIGHS BATTLE STEUBENVILLE FIVE TONIGHT

Expect to Hang up Second Win Over Red Quint.

VICTORS over Coach Charles Cartledge's Steubenville high school squad here January 29 by a decisive margin, local scholastic passers, who have run up a string of six victories in the last seven games, are confident they will be able to repeat over the Jefferson countians in their return match tonight at Steubenville.

The Cartledge combine has failed to achieve the impressive degree of success in basketball that was its fortune in football last fall but, nevertheless, puts up an excellent game on the hard-wood, and especially is expected to show a stronger front tonight on its "home grounds" than here.

Although Lorah's outfit was not pressed any too hard in the previous game on the local court, they are bound to find the task of licking the down river aggregation somewhat more difficult.

The Dover game, if all reports are reliable, probably will provide more of a job tomorrow night. Dover has its eyes on the sectional tourney championship at Muskingum March 4 and, enroute to its goal, has achieved a fine record in the season's skirmishes to date.

ORANGE PLAYS WILDE'S SQUAD

Meet in Inter-city Clash Saturday at Wellsville.

Wellsville high school gymnasium, scene of one hectic inter-city clash this week, will draw the spotlight again on another encounter of a similar nature Saturday night when Coach Earl Klinck's lads tangle with Chester.

The Orange and Black put up a great battle against East Liverpool Tuesday, but a three-day respite should put them in top shape again for the week-end encounter.

Chester has been coming along rapidly this winter and, barring an unexpected upset at Salineville last week, has been performing right up to the handle.

Team Strengthened For Important Tilt

Nate Lippe and Dave Shute, School Teachers, Join Local Ranks; Columbiana Bows to Body Makers; Quakers Trim Lisbon.

Their ranks re-inforced by the addition of two new performers, East Liverpool Elks of the county amateur cage circuit, tonight will attempt to dab the first blot on the hitherto unmarred second half escutcheon of the Salem Mullins club. The battle will take place on the high school floor, beginning at 9 o'clock.

Dave Shupe and Nate Lippe, intimate friends and former team mates of Ray Wilde, ex-Geneva star, have become members of the Antlers club for the last half drive.

Both Salem and Damascus have taken on strength for the race to the wire, and, as a result, Manager Ray Adams and Coach Bill Powell have let no grass grow under their tan lowcuts, with B. P. O. E. supporters clamoring for a place in the championship series at the end of the campaign.

Shupe and Lippe, both now engaged as high school teachers, a role which Wilde has filled since leave Geneva, will join the Antlers tonight and will work with Wilson, Pusey, Anderson, McConville, Canne and Clarke in remaining contests.

Lippe is reputed to carry a deadly shooting eye, especially on distance shots, not so much of the sensational mid-court variety, but, more particularly, those that come frequently from back of the foul line zone and the corners.

Shupe, although not more than five feet and eight or nine inches tall, bunrles up about 170 pounds of bone and muscle in a solid, compact frame but, his friends say, he trundles his avoirdupois over the boards with the skill and deftness of a ballet dancer and is fast.

Coach Powell has not anonunced his lineup for tonight's game but both Shupe and Lippe will work in with the rest of the boys.

Mullins took another step pennant-ward last night at Salem by defeating Columbiana, 39 to 30.

The Boosters battled the body makers to a standstill for three quarters of a game. Then "Boots" Hawkins, one of the cleanest players in the circuit, was retired on personal fouls and Columbiana's hopes for victory went to the dressing room with him. "Red" Matticks was the Salem scoring star, performing with Wiffler at a forward and Sidinger on the other. Siskowic held down one of the guards with Al Sartick, ex-high lad, and a new member of the Salem team, on the other defense job.

Damascus routed the Lisbon Scholastics last night at the Rollaway, the final count being 58 to 35. Firth and Schaffer, the Alliance lads who joined the Quaker ensemble recently, were the scoring stars, the former making 21 points.

Speed, Punch, Smartness Give Delaney Edge in Big Battle

But Experts Don't Overlook Maloney's Weight Advantage

Nineteen Thousand Will Jam Way Into Madison Square Garden Tonight at Total Cost of About $200,000; Scalpers are Busy.

By Davis J. Walsh.

NEW YORK, Feb. 18.—Fistiana's toreador—lithe, graceful, good to look at but deadly in his cold blood—and the bull image of a man from the Boston fish market will have at it tonight in all the blood fury of ancient Rome at its height—or depth.

The occasion will be semi-championship heavyweight meeting between Jack Delaney, that majestic scion of the north woods, and Jimmy Maloney, the fishmonger with the paunch of a brewer and the charging rush of a bull. They will meet over the ten r[illegible]nce and so agitated is the populace over the prospect that M[illegible]e Garden will suffer a terrible rush of customers to the portals.

Nineteen thousand, in all, will observe the proceedings as best they may. Their number might well have been trebled, for New York has gone stark mad over the match and would have thrust money upon poor Mr. Rickard with great avidity if the gentleman were in a position, these many weeks, for some mysterious reason, and the speculators have been considerably irritated by the number of gents they have been forced to push upon the chest.

Scalpers' Rates High.

Current prices were said today to be $125 for a $22 ticket, the idea being that there is one born every minute and most of them live long enough to reach the streets. A matter of $200,000 in legitimate money will be in the house by the first minute of play but the actual total paid by the addicts for the privilege of being present defies estimation. Each of the principals will receive about $50,000. The estimate is in round numbers but the pay-off will be in strictly American money.

The match, in other words, is a "natural," the kind that seldom smokes up outside the usual bout of bouts for the heavyweight championship. As to that, many of the boys have achieved the notion that they will be gazing upon the future champion tonight and that idea never kept anybody at home. There will be other hurdles to take before the winner goes through to a title meeting with Gene Tunney but this one is regarded by some as the highest in the field, regardless of their choice in the betting.

The odds have run strongly to Delaney, the combination fencer and bludgeoner, during recent weeks but he was a shrinking favorite today. The inevitable shifting of the tinhorn to the short-end man has set in and so has the customary pre-fight rumor that the smart money is going in on Maloney. The latter's chances are held at 2 to 3 at the moment but the prospect was for even money at the ringside and take your choice—if you must.

For the choice this time is not one that comes readily to even the most subtle of intellects. Delaney's advantages are more than few; Maloney's are at present impressive. He will come into the ring at 200 pounds against not more than 174 for Delaney. The difference in heft will mean plenty, even in a short fight. Maloney also will top the other considerably in the matter of sheer strength. That, too, will have its effect if he can get to wrestling around with his man.

The prospects are that he can't. Delaney, a Pavlowa for speed and trained within an inch of his life, will make a running fight of it while awaiting the pot shot for which he is famous. Superiority in speed will be with Delaney; also in sharpshooting for he has the greatest right hand in all boxing and usually one punch is about all for the evening. Jack is the quickest finisher in the racket.

Maloney is a fast man for a heavyweight but not as fast as Delaney. The former also is a fair hitter but Delaney, too, has the edge in that department. Just what kind of a target he will get is another matter, since Maloney carries his left shoulder over his jaw. However, the writer saw him crossed with a sparring partner's right this week and, besides, Delaney almost tore Berlenbach's heart out with rights to the body.

As to condition, I must give that to Delaney too. He has never before trained so well. Maloney didn't look good to me last Monday but then it is not my purpose to set myself up as a judge of physical condition. Many expressed themselves as satisfied with the young man's preparation but Jimmy De Forest is not included.

The fight, in any case, has been hailed as the greatest attraction ever held indoors. I concur with that but not with the sentiment that two of the greatest fighters of the age will be with us. Both have trick chins; both blow up or are inclined to do so. Both have made poor fights against indifferent opponents, although there seems to be little doubt that Delaney is one of the greatest light heavyweights that ever lived.

But to me he is a good man going out of his class. I don't think out of it tonight, however. Maloney, a good second rater a few months ago, has had a build-up through mere victories over De Kuh, Diener and Rersson. Delaney's build-up comes through Berlenbach and McTigue, light heavyweights, and Gorman, a broken-down-if-ever-up heavyweight. Those records analyzed, are not impressive.

But, in a man to man survey, Delaney has the undoubted class, in spite of the difference in the weights. Speed, intelligence and the punch usually win. They probably will tonight.

ELKS CLASH WITH MULLINS SQUAD TONIGHT

CITY LEAGUE "STANDS PAT"

Six Clubs of Last Year Will Compose Circuit.

Assurances were made that the City Industrial Baseball league would be composed of the same six-club circuit as last year, during the season of 1927 at an initial session of the organization magnates in the Chamber of Commerce rooms last evening.

Representatives of Victor Motor, Laughlin, Wellsville, K. T. K., Turk-Nash and Chester teams were in attendance. The meeting was presided over by President C. C. Cline.

Tentative plans were announced of possible new playing fields, with the improvements of others utilized.

Announcement was made of meetings held by several slubs of the diamond aggregation at which plans for the season had been outlined.

In attendance were Robert McHenry of Victor Motor, Saul McCoy, of K. T. K., Joseph Dickey, of Laughlin, Mayor Frank Riley, of Chester, John Fowler of Turk-Nash and a representative of Charles Armstrong of Wellsville.

Saul McCoy, who piloted Laughlin to two mid-half pennants in 1925 and '26, thus putting the Newell aggregation in as many baby world series clashes, the last of which he won, has taken over the K. T. K. management.

McCoy, having for several months been connected with the K. T. K. plant, has accepted the new berth thus offered him. For the time being the interests of the Laughlin contingent are being looked after by Joseph Dickey, the club's business manager.

Agreement was reached to hold another meeting on March 3.

CINCINNATI, Feb. 18.—Denison university was a step nearer the Buckeye association basketball championship today after slipping over a 29-24 defeat to Cincinnati university here last night.

MANAGERS FACE TICKET PROBE

NEW YORK, Feb. 18.—Pete Reilly and Dan Carroll, respective managers of Jack Delaney and Jim Maloney, will be hailed before the boxing commission today to be interrogated about their distribution of tickets to tonight's Delaney-Maloney fight. Some of their allotment, it is charged, have been found in the hands of speculators. Albert W. Loose, secretary to Tex Rickard, also has been summoned to furnish data from the offices of Madison Square Garden.

The ticket hearing will precede the ceremony of weighing the boxers.

Tony 'Surrenders' To Cub Contract

Only One Holdout Reported Now in Bruin Family.

CHICAGO, Feb. 18.—The annual baseball mystery—"Where is Tony Kaufman?" was solved today when Tony "gave himself up" voluntarily and admitted he had signed a contract to pitch for the Cubs during the season of 1927.

Tony, as usual, had been reported a holdout, but the lure of the trip to sunny California, only a week away, brought the Bruin hurler to terms. Today he was busy packing up to join the rest of the troupe on the training trip to Catalina island.

President William Veeck or the Cubs, announced that all of the Bruin family are now accounted for with one exception. He wouldn't name names, but the consensus of the lone holdout is Charley Root, another pitcher.

The terms of Kaufmann's contract were not revealed.

SPORTSMEN PLAN EUCHRE, SMOKER

Plans for a euchre and smoker were completed by the East Liverpool branch of the county fish and game association at its meeting last night in the Ingram building.

The session brought out a good crowd. A number of new members were reported.

CHESTER SET FOR WEIRTON

Boys' and Girls' Teams Play at Rock Springs.

Ray Wilde's Chester scholastic passers will take on another Hancock county foe tonight at the Rock Springs court. A two-ply program with Weirton High has been scheduled, with both the girls' and the boys' teams in action.

The Chester five was nosed out at Salineville last week by the close count of 17 to 15 and the Purple and Gold aggregation is figuring on evening up for that trimming, with Weirton as the prospective victim.

And if Simcox, one of Wilde's chief scoring stars, contrives to get the range early, Chester's chances of victory should look good.

Christians Lose To Presbyterians

Fourth Street Outfit Lands 59-21 Clash.

The Presbyterians, of the Sunday school loop, with almost an all-star aggregation, ran away with the Christians last night at the M. P. court. The final count was 59 to 21.

The count at the first quarter was 14-7 in favor of the Presbyterians and 25-19 at the half. The Presbyterians spurted in the third period and made it 42 to 21.

HIGHS BATTLE STEUBENVILLE FIVE TONIGHT

Expect to Hang up Second Win Over Red Quint.

VICTORS over Coach Charles Cartledge's Steubenville high school squad here January 29 by a decisive margin, local scholastic passers, who have run up a string of six victories in the last seven games, are confident they will be able to repeat over the Jefferson countians in their return match tonight at Steubenville.

The Cartledge combine has failed to achieve the impressive degree of success in basketball that was its fortune in football last fall but, nevertheless, puts up an excellent game on the hard-wood, and especially is expected to show a stronger front tonight on its "home grounds" than here.

Although Lorah's outfit was not pressed any too hard in the previous game on the local court, they are bound to find the task of licking the down river aggregation somewhat more difficult.

The Dover game, if all reports are reliable, probably will provide more of a job tomorrow night. Dover has its eyes on the sectional tourney championship at Muskingum March 4 and, enroute to its goal, has achieved a fine record in the season's skirmishes to date.

ORANGE PLAYS WILDE'S SQUAD

Meet in Inter-city Clash Saturday at Wellsville.

Wellsville high school gymnasium, scene of one hectic inter-city clash this week, will draw the spotlight again on another encounter of a similar nature Saturday night when Coach Earl Klinck's lads tangle with Chester.

The Orange and Black put up a great battle against East Liverpool Tuesday, but a three-day respite should put them in top shape again for the week-end encounter.

Chester has been coming along rapidly this winter and, barring an unexpected upset at Salineville last week, has been performing right up to the handle.

CHAPTER FORTY-THREE.

My first step was to close the air hole and wedge up the cracks in the wall with a face towel. I then examined the geyser which, as I have explained, was clamped to the wall inside the air hole. It was of an antiquated pattern, but of fine proportions, a patriarch among geysers.

I looked feverishly for matches. Search as I would there were none in my pockets. This was disaster, and I stopped in despair, all my plan checkmated, when I espied a box lodged behind a pipe, evidently placed there by a careful servant. I blessed his forethought and taking the box, swung open the apparatus containing the jets for heating the water, lit the bypass, and then, turning the gas full on by means of the necessary lever with my left hand, I rapidly pushed back the heater with my right.

I had now done exactly what a large notice in French and German, nailed to the wall, told me not to do. I had lit the geyser without first turning on the water.

Having lit the gas, I cast about for cover, hoping that the cracks in the wall giving upon the airshaft were as deep as they appeared to be. There was a small space between the end of the bath and the wall. In this I crouched, awaiting developments. It was a bad moment, for I had not the least idea how long the geyser would take to explode, and whether it would do what I had designated, or whether I should not be killed or injured by flying fragments. The moments of waiting, however, were enlivened by blows and knockings on the door.

"Alarms without, as Claypole would say," I thought to myself, forgetting in that moment that Claypole was dead.

The noise without increased, but the bolt, as I had noted with satisfaction on entering, was a strong one and would hold for some moments yet. Then the crisis came. With a tremendous report the geyser blew up, and the bathroom was filled with fragments of flying tin and bits of piping, one of which hit the bath a sonorous bang within three inches of my head; even as I cautiously emerged from cover, the whole great geyser tottered from the wall and crashed heavily to the floor, bringing away, as I had hoped, a considerable portion of the wall.

About half the ceiling appeared to have fallen into the bath. I sprang up, crossed towards the opening and looked up the shaft. It was less than five feet across, and at the top of it I could see the sky. I had some experience of rock climbing, and what I proposed to do was not so difficult as it seemed. While waiting for the geyser to burst, I had removed my shoes and tied them around my neck by the laces. I now climbed through the hole and wedging my shoulders against one side of the shaft I put my feet against the other and started to shuffle awkwardly up towards the top in the way adopted by mountaineers, which I had myself employed in negotiating an awkward chimney in the Dolomites two years previously. The distance was, I judged, not more than thirty feet, the bathroom being on the second floor of the house. I shuffled up inch by inch, getting slowly higher and higher. It was desperately tiring, and the slightest relaxation of my taut muscles meant that I would have fallen down the shaft to the bottom, some thirty feet below, and in all probability have broken my neck.

I had done about ten feet when a terrific hullabaloo beneath me warned me that the door of the bathroom had given way, and that my enemies were just below me, doubtless watching my frantic efforts to scale the shaft.

I prayed that they had no firearms, for they could have shot me with the greatest ease. Either they had none or else they did not wish to use them. I do not know, but at any rate no shot was fired, and I continued my slow progress.

Presently my hands encountered a pipe running in a slanting direction to the top. I gripped this and letting go with my legs, swung along it, holding on with my hands. It was a pretty severe strain, but I succeeded, and after what seemed hours, though it was really only a few minutes, I got high enough, thanks to the friendly pipe, to throw a leg over the parapet and scramble onto the roof.

My first action was to look over the way I had come. There was a hole in the wall, and framed in the aperture I saw the head and shoulders of Doctor Kuntz, the lower part of his face a mass of blood. On seeing me, he shook his fist and roared out something which echoed up the shaft but which I could not understand.

I waved my hand to him, and turning around, saw to my dismay that another figure had already emerged from a trapdoor in the roof, a Japanese servant who must have arrived almost simultaneously with myself. He was just getting to his feet when I closed with him.

The struggle was a fierce one. He had seized me by the left wrist and was trying to prevent my right hand, which was groping for his throat, from obtaining a hold. We swayed and staggered, it seemed to me all over the roof. At one moment his Oriental face, passive even in the intensity of the struggle, as though only a strict sense of duty kept him playing his part, was close to mine, and I saw the beads of sweat start from beneath the black hair and glisten on the yellow forehead. Then suddenly my right hand found his throat and gripped. He uttered a choking sound and his grasp of my left wrist loosened. I tore my hand free and it went to join its fellow, so that I held the man at arms' length by the throat and squeezed his windpipe.

As I stood there, shaking him as a terrier shakes a rat, fierce exultation took possession of me. I shouted aloud, though what I said I cannot remember.

I seemed after a time to be achieving victory when my opponent made a last desperate effort. He forced his hands between my arms and opening his shoulder put forth all his strength and succeeded in breaking my grip. I staggered back, and I saw a momentary gleam of exultation in his eyes. Evidently now that he was free, he would exert his skill as a master of jujitsu, and I remembered in a flash the ignominious role I had played in the company of the Centurion on a similar occasion. I sprang forward with the object of closing again before he could try to throw me. He saw me come, and probably with the intention of placing himself in a better position to receive my attack, took a pace backwards. It was his last!

He had been standing on the very brink of the airshaft up which I had so laboriously climbed, and his step landed him over the edge into empty air. With a high, thin scream, he dropped like a plummet and I was just in time, looking over the edge, to see his body bound and rebound against the sides of the shaft until it was swallowed up in the gloom of its lower depths. A crash of glass followed by a dull thud told me he had reached the bottom.

There was a shout, and a voice cried in French, "There's an end of him." I hoped that in the darkness of the shaft my pursuers might mistake the corpse of the Japanese for my own, and thus give me a few precious moments to spare.

I lost no time in needless inquiries, however, but at once looked around for my shoes which had fallen from my neck during the struggle. Fortunate, they were lying on the roof close to the edge. I picked them up and put them on. This done, I walked across the roof, which was flat, and peered over the edge.

I perceived that I had come out on a screen of the roof opposite to that covered with the thing to which the chimney had previously led me.

At first sight further prospects of escape did not look too bright. The house walls descended sheer on all three sides, and beyond them was the fence of steel netting which I knew to be unclimable. Beyond that again was the open space and the pine woods in which lay comparative safety, if I could only get there. But how was that to be done? I looked around desperately for some means of further progress, when suddenly I noticed a stout bundle of telephone cables running from a corner of the house to a post situated just outside the fence: I made up my mind at once. I ran around the roof to where the cables joined it and tested them with my hand. There were about half a dozen, all lapped around with good strong insulation tape and easily capable of supporting my weight. Without more ado I tore a strip of lining from my coat, and wrapping one hand in this and the other in my handkerchief, I seized the cable and swung off downward hand over hand.

CHAPTER FORTY-THREE.

My first step was to close the air hole and wedge up the cracks in the wall with a face towel. I then examined the geyser which, as I have explained, was clamped to the wall inside the air hole. It was of an antiquated pattern, but of fine proportions, a patriarch among geysers.

I looked feverishly for matches. Search as I would there were none in my pockets. This was disaster, and I stopped in despair, all my plan checkmated, when I espied a box lodged behind a pipe, evidently placed there by a careful servant. I blessed his forethought and taking the box, swung open the apparatus containing the jets for heating the water, lit the bypass, and then, turning the gas full on by means of the necessary lever with my left hand, I rapidly pushed back the heater with my right.

I had now done exactly what a large notice in French and German, nailed to the wall, told me not to do. I had lit the geyser without first turning on the water.

Having lit the gas, I cast about for cover, hoping that the cracks in the wall giving upon the airshaft were as deep as they appeared to be. There was a small space between the end of the bath and the wall. In this I crouched, awaiting developments. It was a bad moment, for I had not the least idea how long the geyser would take to explode, and whether it would do what I had designated, or whether I should not be killed or injured by flying fragments. The moments of waiting, however, were enlivened by blows and knockings on the door.

"Alarms without, as Claypole would say," I thought to myself, forgetting in that moment that Claypole was dead.

The noise without increased, but the bolt, as I had noted with satisfaction on entering, was a strong one and would hold for some moments yet. Then the crisis came. With a tremendous report the geyser blew up, and the bathroom was filled with fragments of flying tin and bits of piping, one of which hit the bath a sonorous bang within three inches of my head; even as I cautiously emerged from cover, the whole great geyser tottered from the wall and crashed heavily to the floor, bringing away, as I had hoped, a considerable portion of the wall.

About half the ceiling appeared to have fallen into the bath. I sprang up, crossed towards the opening and looked up the shaft. It was less than five feet across, and at the top of it I could see the sky. I had some experience of rock climbing, and what I proposed to do was not so difficult as it seemed. While waiting for the geyser to burst, I had removed my shoes and tied them around my neck by the laces. I now climbed through the hole and wedging my shoulders against one side of the shaft I put my feet against the other and started to shuffle awkwardly up towards the top in the way adopted by mountaineers, which I had myself employed in negotiating an awkward chimney in the Dolomites two years previously. The distance was, I judged, not more than thirty feet, the bathroom being on the second floor of the house. I shuffled up inch by inch, getting slowly higher and higher. It was desperately tiring, and the slightest relaxation of my taut muscles meant that I would have fallen down the shaft to the bottom, some thirty feet below, and in all probability have broken my neck.

I had done about ten feet when a terrific hullabaloo beneath me warned me that the door of the bathroom had given way, and that my enemies were just below me, doubtless watching my frantic efforts to scale the shaft.

I prayed that they had no firearms, for they could have shot me with the greatest ease. Either they had none or else they did not wish to use them. I do not know, but at any rate no shot was fired, and I continued my slow progress.

Presently my hands encountered a pipe running in a slanting direction to the top. I gripped this and letting go with my legs, swung along it, holding on with my hands. It was a pretty severe strain, but I succeeded, and after what seemed hours, though it was really only a few minutes, I got high enough, thanks to the friendly pipe, to throw a leg over the parapet and scramble onto the roof.

My first action was to look over the way I had come. There was a hole in the wall, and framed in the aperture I saw the head and shoulders of Doctor Kuntz, the lower part of his face a mass of blood. On seeing me, he shook his fist and roared out something which echoed up the shaft but which I could not understand.

I waved my hand to him, and turning around, saw to my dismay that another figure had already emerged from a trapdoor in the roof, a Japanese servant who must have arrived almost simultaneously with myself. He was just getting to his feet when I closed with him.

The struggle was a fierce one. He had seized me by the left wrist and was trying to prevent my right hand, which was groping for his throat, from obtaining a hold. We swayed and staggered, it seemed to me all over the roof. At one moment his Oriental face, passive even in the intensity of the struggle, as though only a strict sense of duty kept him playing his part, was close to mine, and I saw the beads of sweat start from beneath the black hair and glisten on the yellow forehead. Then suddenly my right hand found his throat and gripped. He uttered a choking sound and his grasp of my left wrist loosened. I tore my hand free and it went to join its fellow, so that I held the man at arms' length by the throat and squeezed his windpipe.

As I stood there, shaking him as a terrier shakes a rat, fierce exultation took possession of me. I shouted aloud, though what I said I cannot remember.

I seemed after a time to be achieving victory when my opponent made a last desperate effort. He forced his hands between my arms and opening his shoulder put forth all his strength and succeeded in breaking my grip. I staggered back, and I saw a momentary gleam of exultation in his eyes. Evidently now that he was free, he would exert his skill as a master of jujitsu, and I remembered in a flash the ignominious role I had played in the company of the Center on a similar occasion. I sprang forward with the object of closing again before he could try to throw me. He saw me come, and probably with the intention of placing himself in a better position to receive my attack, took a pace backwards. It was his last!

He had been standing on the very brink of the airshaft up which I had so laboriously climbed, and his step landed him over the edge into empty air. With a high, thin scream, he dropped like a plummet and I was just in time, looking over the edge, to see his body bound and rebound against the sides of the shaft until it was swallowed up in the gloom of its lower depths. A crash of glass followed by a dull thud told me he had reached the bottom.

There was a shout, and a voice cried in French, "There's an end of him." I hoped that in the darkness of the shaft my pursuers might mistake the corpse of the Japanese for my own, and thus give me a few precious moments to spare.

I lost no time in needless inquiries, however, but at once looked around for my shoes which had fallen from my neck during the struggle. Fortunate, they were lying on the roof close to the edge. I picked them up and put them on. This done, I walked across the roof, which was flat, and peered over the edge.

I perceived that I had come out on a screen of the roof opposite to that covered with the [illegible] to which the chimney had previously led me.

At first sight further prospects of escape did not look too bright. The house walls descended sheer on all three sides, and beyond them was the fence of steel netting which I knew to be unclimable. Beyond that again was the open space and the pine woods in which lay comparative safety, if I could only get there. But how was that to be done? I looked around desperately for some means of further progress, when suddenly I noticed a stout bundle of telephone cables running from a corner of the house to a post situated just outside the fence: I made up my mind at once. I ran around the roof to where the cables joined it and tested them with my hand. There were about half a dozen, all lapped around with good strong insulation tape and easily capable of supporting my weight. Without more ado I tore a strip of lining from my coat, and wrapping one hand in this and the other in my handkerchief, I seized the cable and swung off downward hand over hand.

CHINESE TRADE SHOWS GROWTH DESPITE WAR

Customs Collections are Greater Than Last Year.

PRICES SLASHED

Americans Capture Large Share of Business.

PEKING.—Foreign trade in China increased $5,500,000 in the year 1926 over 1925, of which the United States got a good share. The gross income of the Chinese Maritime Customs was approximately $53,850,000 in the past year.

Remarkable about this increase is the fact that the nation has never been so torn with civil strife, resulting in the incapacity of all trunk railways for months on end. In addition there has been almost a perpetual boycott directed against all foreign imports and British goods in particular at Canton, despite which the importance of foreign products at that port alone increased by $1,200,000 over 1925.

Customs collections on imports at Shanghai totalled $25,000,000, placing it in the fore among the world's large ports. Tienstin came second with $6,000,000. The Japanese controlled port of Dairen in Manchuria made a return of $5,000,000.

America's Share.

American merchants at present obtained approximately one quarter of all China's business abroad. Statistics for the first nine months of 1926 according to the American Commercial Attache here show that American trade, while startling in no one line, is steadily broadening as the Chinese demands grow more diversified.

International business competition is growing more fierce in China, explained the attache, and with increased overhead and paring down of profits, it is inevitable that there will be a high mortality among the many firms doing business here.

Most phenomonal among American exports to China was the boom in unmanufactured cotton which increased $5,100,000 in the first nine months of 1926 over the same period of 1925. American flour boomed from sales $453,000 in 1925 to $2,263,000 for nine months in 1926.

Record of Steel Sales.

The greatest record in American steel sales in China was made in 1926, although prices were lower due to strong competition. Sales of electrical equipment from the United States increased 25 per cent and plans have been made to handle a 30 per cent increase during 1927.

Fifty-two million pounds of American tobacco came to China in nine months last year against 43 000,000 for the same period of 1925. Prices were lower, however, and the value was $10,918,000, a decrease of $8,000 from the previous year despite the increased sales.

American kerosene sales suffered badly, falling off two millions for the first nine months of 1926. They were offset, however, by an increase of $1,200,000 in parafine wax imports into China.

As an automobile market China lags behind the rest of the world. American cars are well ahead of all others but only 800 passenger cars were imported from America during the first nine months of last year.

Other leading American imports into China during nine months of the past year included canned milk, $833,000; sole leather, $809,000; leather belting, $256 000; raisins, $224 000; tin plate, $1,701,000; tynewriters, $123,000; Douglas fir, $2,189,000; canned fruits, $122,000; newsprint paper, $301,000, and automobile tires, $226,000.

Tests to eliminate the sounds made by airplanes are being made in England.

China has given notice that all radio sets will be treated as contraband of war.

Ordinance Number 3012

AN ORDINANCE TO PROVIDE FOR THE PHYSICAL EXAMINATION OF HANDLERS AND DISPENSERS OF FOOD IN RESTAURANTS, HOTELS, CANDY SHOPS, LUNCHROOMS, BAKERIES, ETC.
BE IT ORDAINED by the Council of the City of East Liverpool, State of Ohio:
SECTION I. That each and every person who works in any restaurant, hotel, candy shop, lunch room or bakery where food is prepared and sold, and who prepares or helps to prepare such food, and each and every person who comes into physical contact with the food which is prepared and sold at the above designated places shall have a certificate of health. Such certificate shall be issued by the department of health only after records filed at the health office show such person to be free from any infectious, contagious or veneral diseases. Each person included in the above classification shall submit to a physical examination semi-annually, to be performed in accordance with the regulations of the board of health, either by a physician in the employ of the board of health, or any physician approved by the said board.
SECTION II. The results of physical examination performed in accordance with the foregoing shall be filed with the department of health, upon official blanks furnished for such purpose. Such blanks shall be signed by the physician making the examination and shall contain the following examination:

CHINESE TRADE SHOWS GROWTH DESPITE WAR

Customs Collections are Greater Than Last Year.

PRICES SLASHED

Americans Capture Large Share of Business.

PEKING.—Foreign trade in China increased $5,500,000 in the year 1926 over 1925, of which the United States got a good share. The gross income of the Chinese Maritime Customs was approximately $53,850,000 in the past year.

Remarkable about this increase is the fact that the nation has never been so torn with civil strife, resulting in the incapacity of all trunk railways for months on end. In addition there has been almost a perpetual boycott directed against all foreign imports and British goods in particular at Canton, despite which the importance of foreign products at that port alone increased by $1,200,000 over 1925.

Customs collections on imports at Shanghai totalled $25,000,000, placing it in the fore among the world's large ports. Tienstin came second with $6,000,000. The Japanese controlled port of Dairen in Manchuria made a return of $5,000,000.

America's Share.

American merchants at present obtained approximately one quarter of all China's business abroad. Statistics for the first nine months of 1926 according to the American Commercial Attache here show that American trade, while startling in no one line, is steadily broadening as the Chinese demands grow more diversified.

International business competition is growing more fierce in China, explained the attache, and with increased overhead and paring down of profits, it is inevitable that there will be a high mortality among the many firms doing business here.

Most phenomonal among American exports to China was the boom in unmanufactured cotton which increased $5,100,000 in the first nine months of 1926 over the same period of 1925. American flour boomed from sales $453,000 in 1925 to $2,263,000 for nine months in 1926.

Record of Steel Sales.

The greatest record in American steel sales in China was made in 1926, although prices were lower due to strong competition. Sales of electrical equipment from the United States increased 25 per cent and plans have been made to handle a 30 per cent increase during 1927.

Fifty-two million pounds of American tobacco came to China in nine months last year against 43 000,000 for the same period of 1925. Prices were lower, however, and the value was $10,918,000, a decrease of $8,000 from the previous year despite the increased sales.

American kerosene sales suffered badly, falling off two millions for the first nine months of 1926., They were offset, however, by an increase of $1,200,000 in parafine wax imports into China.

As an automobile market China lags behind the rest of the world. American cars are well ahead of all others but only 800 passenger cars were imported from America during the first nine months of last year.

Other leading American imports into China during nine months of the past year included canned milk, $833,000; sole leather, $809,000; leather belting, $256 000; raisins, $224 000; tin plate, $1,701.000; typewriters, $123,000; Douglas fir, $2,189,000; canned fruits, $122,000; newsprint paper, $301,000, and automobile tires, $226,000.

Tests to eliminate the sounds made by airplanes are being made in England.

China has given notice that all radio sets will be treated as contraband of war.

Ordinance Number 3012

AN ORDINANCE TO PROVIDE FOR THE PHYSICAL EXAMINATION OF HANDLERS AND DISPENSERS OF FOOD IN RESTAURANTS, HOTELS, CANDY SHOPS, LUNCHROOMS, BAKERIES, ETC.

BE IT ORDAINED by the Council of the City of East Liverpool, State of Ohio:

SECTION I. That each and every person who works in any restaurant, hotel, candy shop, lunch room or bakery where food is prepared and sold, and who prepares or helps to prepare such food, and each and every person who comes into physical contact with the food which is prepared and sold at the above designated places shall have a certificate of health. Such certificate shall be issued by the department of health only after records filed at the health office show such person to be free from any infectious, contagious or veneral diseases. Each person included in the above classification shall submit to a physical examination semi-annually, to be performed in accordance with the regulations of the board of health, either by a physician in the employ of the board of health, or any physician approved by the said board.

SECTION II. The results of physical examination performed in accordance with the foregoing shall be filed with the department of health, upon official blanks furnished for such purpose. Such blanks shall be signed by the physician making the examination and shall contain the following examination:

MEMPHIS OPENS FIGHT AGAINST TERROR GANGS

Unique Criminals are Rampant in Tennessee City's Underworld.

EVADE ARREST

Petting Parties Broken by New Kinds of Bandits.

MEMPHIS.—Herrin may have its organized gang warfare, Chicago its machine gun bandits and thrill murderers but Memphis can boast the most unique lot of unapprehended criminals who ever made their debut in underworld circles.

A naked burglar has terrorized a southwestern section of this city for many months. He greases his body and creeps through the shadows, Indian fashion. He has thrice been fired upon by citizens and police but eludes his pursuers like a greased eel.

A barefoot thief, whose successfully walks about the houses he loots between midnight and daybreak without awakening its occupants, has left half a hundred looted houses in his wake during the past few months. Bare footprints are always left outside the window.

A petting party bandit. Not the usual type, a common thug. But a middle aged man, who uses a shotgun and preys upon couples found parked on the roadsides in automobiles. He starts the robbery with shouting "that's my daughter," and then gets the drop on the couple.

A bicycle bandit. A callow youth, red faced and daring, has robbed three huge payrolls during the past two weeks. Under guise of a bicycle messenger, this youth clings on the fender of a payroll car and steps over on the running board, pistol in hand, and successfully escapes with the cash.

A pyromanic who loves to hear the thrilling scream of fire sirens and see the giant engines roar by, has been starting fires of homes in the eastern section of the city.

An auto bandit, suffering with a publicity complex, who robs a store or a restaurant, gives the money back to the owner or throws it into the street, drives a few blocks away and calls police headquarters and "tells" the detectives, telling them he is the "lone wolf," is among these unusual criminals.

There are many others, strange in actions, but dangerous criminals, say the police.

Children's Sore Throat

Mothers know that children's sore throats are serious, often leading to tonsilitis, scarlet fever or diphtheria. Also that it is hard to treat because the usual remedy is a gargle and children can not gargle.

A famous physician's prescription called Thoxine works on new principle—goes direct to the cause not reached by gargles and patent medicines and brings relief within 15 minutes or money back.

And the remarkable thing about it is it contains no iron, chloroform or dope—harmless and safe, pleasant taste. Remember, relief within 15 minutes or money back. 35c., 60c., and $1.00. At all druggists.

BUTLER'S PLAN SOAKED IN RUM, SAYS WHEELER

Educator's Wet Program Full of Avarice, he Adds.

LUST MENTIONED

Anti-saloon League Chief Challenges New York Man.

NEW YORK, Feb. 18.—The liquor program suggested by Dr. Nicholas Murray Butler in his recent New York address is "soaked in avarice, lust and rum and the people of the United States will never make Uncle Sam a bartender," according to Wayne B. Wheeler, general counsel of the Anti-Saloon League of American.

Wheeler challenges Dr. Butler to "make good on his declaration that prohibition has got to come out of the constitution."

His statement follows:

"The liquor program, suggested by Dr. Nicholas Murray Butler is soaked in avarice, lust and rum. The people of the United States never will make Uncle Sam a bartender, nor will they surrender to a small minority of lawbreakers the majority right to make the nation's laws.

Challenges Declaration.

"We challenge Dr. Butler to make good on his declaration that the Eighteenth Amendment must come out of the Constitution and that the states must each in its own way deal with the evils of the liquor traffic. Let him and his wet associates try to elect a congress and three-fourths of the state legislatures favorable to his plan and they will discover that only the most tremendous majority can ever amend the Constitution.

"Dr. Butler and his allies, having lost in the only forum where they had the right to discuss these questions, now whine and show their yellow streak by encouraging lawlessness because the nation adopted a policy contrary to their appetite or financial interest.

"Dr. Butler lines up with the bootleggers, rum runners, owners of speakeasy property, wet newspapers, underworld denizens, alcoholic slaves and personal liberty fanatics in his fight to bring back booze. After fighting the foes of prohibition for over thirty years, we know that the bootlegger is a bitter enemy of the Eighteenth Amendment and not a supporter as Dr. Butler claims. His lawless activities were less perilous to his freedom under license, which he hopes will return.

"Dr. Butler's declaration that the Eighteenth Amendment has no place in the Constitution is as amusing as his assumption of the past of spokesman for the White House. The courts hold otherwise.

He Invokes Statistics.

"There are law violators not far from Dr. Butler's own circle who could correct his statement that bootlegging is either safe or profitable. That may account for some of the gentleman's bitterness when he assails the enforcement of this law. The assert that the liquor traffic was never so widely extended or profitable as now is absurd when we recall that before prohibition we annually consumed 42,725,276 gallons of wine, 1,885,071,304 gallons of malt liquors and 167,740,325 gallons of distilled spirits. This meant an annual consumption of 165,772,000 gallons of pure alcohol. The total production of industrial alcohol in 1926 was 105,375,886 wine gallons, of which over 90 percent can be traced to its legitimate use in industry.

"Neither Nicholas Murray Butler nor any other apologist for the liquor crowd will ever occupy the White House. Dr. Butler's political astigmatism is shown by the fact that the states he cites as hopes of the wets have elected dry governors, senators or dry legislatures by large majorities. In Pennsylvania and Massachusetts the new governors chosen by record majorities took unequivocal positions favoring prohibition. Ohio and some other states named by Dr. Butler learned that a wet United States senatorial candidate is doomed to defeat."

BILLY HAINES AT AMERICAN

'Brown of Harvard' Star in "Tell It To Marines."

Gee, girls! Whenever you see the blue uniform of a Marine on the street it's going to give you the thrill of your life—after you see Billy Haines in "Tell It To The Marines" which is now playing at the American theatre.

Yes—Billy is a Marine—and those who liked him in "Brown of Harvard" will adore him in his uniform, in his troubles with the tough sergeant, and his battles and adventures all over the world. It's all so human.

That's the way the whole story is. Lon Chaney as the old sergeant makes you laugh—but he makes you cry a little, too—when he isn't keeping you almost screaming with excitement in the big fight with the bandits, or when he fires the big guns on the battleship.

The battleship scenes—the great fleet practice at sea—the hundreds of Marines and Chinese bandits fighting on the Hangchow plains; the strange Chinese cities and dark jungles—the cloudburst—these are all wonderful thrills.

And then there is the love story of Billy Haines and Eleanor Boardman through it all. Carmel Myers is wonderful, too, as the island vamp.

Russia has more than 1,200,000 unemployed, 200,000 more than a year ago.

Little Loanda, India, is to have a new street railway system.

Germany has new cylinder h[illegible].

How to Get Rid of Rheumatic Pain

NO MATTER how long you have suffered, or how severe the pain, you can get rid of the agony without dosing, and without taking powerful drugs into your system. The great penetrating power of Mustang Liniment is nothing short of marvelous and wherever used, nothing has been found to take its place. No smarting or burning, yet the pain goes in a jiffy, and sore, stiff muscles become limber and flexible. Your druggist will supply you with Mustang Liniment—start using it today.

Build Strength In Place of Weakness

Perhaps you are one of many who are convalescing after a troublesome cold or cough or possibly grippe and find that your strength is at rather low ebb.

At such times it is all-important that you be well-nourished, and nothing quite equals pure, emulsified cod-liver oil *to help build strength in place of weakness.*

SCOTT'S EMULSION

OF PURE VITAMIN-TESTED COD-LIVER OIL

is the effective means that thousands use daily to help re-establish health and vigor. Containing as it does a wealth of health-promoting cod-liver oil vitamins *it is the very help the weakened body needs.*

If you are convalescing from a cold, cough, grippe or other respiratory infection—we strongly recommend the regular use of Scott's Emulsion for at least thirty days.

MULKEY'S IODINE SALT

It is a pity that so many mothers of beautiful young daughters seem to disregard the warnings issued by health authorities in regard to Goiter. In this region any girl between 12 and 18 years of age is a probable victim of this malady. It may not only affect the mental and physical condition, but also reach the disfiguring stage.

The preventive for simple Goiter is MULKEY'S IODINE SALT, sold at grocery stores everywhere, and used the same as ordinary free-running salt. This is the brand officially approved. Read the certificate on label.

Youths Ransack Central and High School Buildings

Youths ransacked the Central and high school buildings last Saturday night, and obtained a small amount of cash from the high school principal's office, it became known today. No report of the robbery was made to the police.

Entrance to the Central school was made by removing the glass in the door of the ceramics department.

To enter the High School building the culprits used part of a pick handle in jimmying the lock on the door leading into the furnace room. Offices of the superintendent, high school principal, the locker rooms, band instrument room, gymnasium, auditorium, and practically all class rooms were visited. Papers and records in the offices were scattered over the floors.

Two bunches of keys secured at the Central school building and a bent screwdriver were found in the High school building.

High pressure oil wells have just been sunk near Mosul, Iraq.

Youths Ransack Central and High School Buildings

Youths ransacked the Central and high school buildings last Saturday night, and obtained a small amount of cash from the high school principal's office, it became known today. No report of the robbery was made to the police.

Entrance to the Central school was made by removing the glass in the door of the ceramics department.

To enter the High School building the culprits used part of a pick handle in jimmying the lock on the door leading into the furnace room. Offices of the superintendent, high school principal, the locker rooms, band instrument room, gymnasium, auditorium, and practically all class rooms were visited. Papers and records in the offices were scattered over the floors.

Two bunches of keys secured at the Central school building and a bent screwdriver were found in the High school building.

High pressure oil wells have just been sunk near Mosul, Iraq.

"IT" SCREEN HIT AT CERAMIC

Clara Bow and Antonio Moreno in Glyn Story.

And so, clinging to a ship's anchor, they go into the final fadeout clinch without which no good movie is complete.

That's the way Clara Bow and Antonio Moreno ring down the curtain on Miss Bow's initial Paramount starring vehicle, "It," now at the Ceramic theatre.

Clara plays the part of a sales-girl in Moreno's large department store. Used to admiration, she is nonplussed when he makes no effort to gain her friendship. Then, Providence, in the form of William Austin, Moreno's pal, comes along. And "It" "falls for" Clara, hook-line-and-sinker. But she uses him only as a means to reach Moreno. When she finally does get to him, he—

Well, Elinor Glyn wrote "It," and when Madame Glyn has anything to do with a story, you can always look for lots of excitement, originality and heart throbs.

JUNG LIM TEW, ROCHESTER, N. Y., ONLY CHINESE MEMBER OF LEGION

ROCHESTER, N. Y.—Jung Lim Tew has the distinction, it is believed, of being the only Chinese member of the American Legion in the United States.

"I am an American citizen, I was born in the United States, and because I like this country I enlisted in the army," he declared. Thirty-seven years ago he was born in New York City, returning to China when very young. At eighteen he returned to this country.

With the true impassivity of the Chinese Jung Lim Tew dislikes to talk, unless the topic be the Chinese situation. Then words do not fail him.

"China is a strong country," he said. "The English and Japanese hold the land of the Chinese. Some day they will be driven out and then China grow like the United States."

Men Past 40 Often Increase Energy 100%

Get Rid of Nervous Weakness and Check Signs of Old Age

Recent investigation shows that the "pep," energy, endurance and NERVE FORCE of the average man past 40 may often be increased 100 per cent by getting into his system the marvelous restorative Radium power of ARIUM. By producing a vitalizing internal exercise—ARIUM acts to renew proper normal functioning, just as Nature intended. A multitude of alarming symptoms often quickly disappear. You should see and feel a truly startling improvement in yourself each day.

Amazing testimony of physicians and users gives convincing proof of the remarkable power of ARIUM to help restore health and strength to the sick and afflicted. Dr. C. E. Morris of New York City says: "ARIUM puts back force and vigor into the veins and strengthens the entire system to fight off disease and signs of old age." S. C. H. of Paterson, N. J., writes: "I find ARIUM to be the real thing to put 'pep' into me." Mr. D. F. K. of Pennsylvania declares: "I have been using ARIUM for a week and am feeling 100 per cent better." E. F. M. of Jersey City says: "ARIUM increased my vital power; results more wonderful than I had ever dared hope for."

If you are a sufferer from prostate gland inflammation or enlargement, kidney trouble, torpid liver, bladder irritation or high blood pressure, with such distressing symptoms as lame back, pains in the head, sour stomach, bilious attacks, dizziness, frequent getting up nights, embarrassing nervous weakness and other middle age ailments, you owe it to yourself to start taking ARIUM at once.

NOTE: The Associated Radium Chemists, Inc., of New York, which supplies druggists with ARIUM guarantees successful and satisfactory results in every case from its progressive use or money refunded, and also that a definite quantity of genuine radium is used in its preparation. ARIUM is easy and economical to take and may now be readily obtained in this city from any good druggist such as

Chas. T. Larkins, Carnahan's, Herche's Drug Store and Mathews.

MINSTREL CAST HOLDS PRACTICE

Initial rehearsal for the minstrel show to be given under the auspices of the Welfare department of the Homer Laughlin China company was held last night in the Eagles auditorium, East Liverpool.

Cast will be composed principally of the employes of the various plants of the company in Newell and East Liverpool. Rehearsals will be directed by William Stevenson and Austin Bolles.

The show will be staged on Thursday and Friday evenings, March 17-18 in an East Liverpool theatre yet to be selected.

Food Sale Tomorrow.

Announcement was made today that a food sale would be held tomorrow under the auspices of the Missionary society of the First Presbyterian church in the grocery store of Mrs. S. K. Rush, Washington and Fifth street. It will begin at 11 a. m.

MAGNESIA BEST FOR GASSY STOMACH

Bisurated Magnesia Promptly Ends Gas, Sourness and Acid Indigestion.

If everything you eat turns to gas and your stomach is a constant ferment of sourness and Acid Indigestion, try taking a little pure Bisurated Magnesia after meals for a while and get the immediate relief from stomach trouble this simple prescription unfailingly gives.

It is a serious mistake to seek relief from Indigestion or a bad stomach by using pepsin or other artificial digestants. You get relief but weaken the stomach and do not reach the cause which, nine times in ten, is simply "too much acid" in the stomach. Bisurated Magnesia, taken after meals, dissolves or neutralizes this acid, sweetens and cleans up the stomach, drives out gas and bloat and lets the stomach digest your food as nature intended without a particle of trouble.

Reliable druggists everywhere supply the genuine Bisurated Magnesia in both powder and tablets in sealed packages. Do not confuse with ordinary citrate, milk or lump magnesia. Be sure to get Bisurated, which is not a laxative and is especially prepared for stomach trouble.

DISTRICT SCHOOL ATTENDANCE HIGH

Attendance in the Grant district public schools is exceptionally good for this season of the year, according to a statement made today by A. D. Osborne, superintendent of schools.

Mr. Osborne, who made a tour of the district this week in which he visited six buildings declared that few of the pupils were detained at home on account of illness.

BASEBALL MEET LISTED TONIGHT

Plans for the coming season will be outlined tonight at a meeting of the officers and players of the Homer Laughlin China company in the rooms of the chamber of commerce, East Liverpool.

At this session a manager and other officers to guide the destinies of the team will be elected.

WHIPKEY FUNERAL RITES SUNDAY

Funeral services for Mrs. Viola Virginia Whipkey, 76 years old, widow of Josiah Whipkey, who died in the home of her daughter, Mrs. Ethel Reese, Washington street, will be held Sunday afternoon at 2 o'clock in the First Presbyterian church. Burial will be made in Locust Hill cemetery.

Teacher to Resume Duties.

Miss Myrtle Goddard, teacher in the Newell public schools, who was called to her home in Marietta, O., by the illness and death of her mother, will resume her duties Monday.

Isaac Huff Ill.

Isaac Huff, residing at Fifth and Harrison streets, employed at Homer Laughlin plant No. 4, is confined to his home by illness.

When You Feel a Cold Coming on Take Laxative BROMO QUININE Tablets to work off the Cold and to fortify the system against an attack of Grip or Influenza. A Safe and Proven Remedy. The box bears signature of E. W. Grove. 30c.

Automobile taxes in Egypt have been raised so high that the owner of an American popular-priced car pays $64.70 a year.

To Those Who Have Indigestion

Jesse D. Holloway Makes This Offer.

Your Money Cheerfully Refunded If One Bottle of Dare's Mentha Pepsin Doesn't Do You More Good Than Anything You Ever Used.

During the past year thousands of sufferers from stomach distress have blessed the day they first heard of this grand medicine for poor disordered stomachs.

Not only will Dare's Mentha Pepsin, a pleasant tasting elixir relieve these attacks but taken regularly will help to overcome the most obstinate cases when due to excesses or faulty elimination.

Thousands in this part of the state know it and that is why every druggist hereabout is having such a tremendous demand for it.

If your disordered digestion keeps you feeling miserable, start to improve it today—one bottle of Dare's Mentha Pepsin is guaranteed by Jesse D. Holloway and all druggists to help you more than anything you ever tried or money back.

CATARRH DESTROYS TENS OF THOUSANDS

So many people do not know how serious catarrh really is that they are astonished to find how easy victims they prove to influenza, pneumonia and other serious diseases.

Catarrh weakens the whole system. It eventually interferes with all bodily functions, and it leaves its victims easy marks for epidemics and serious illness. Here's a case reported by Mr. N. W. Carr, 1008 Buckeye avenue, Wellsville.

Cleared It All Up

"I neglected my catarrh until it began to affect my stomach seriously. Then one day I went home with a bad headache, which speedily developed into flu, and for six weeks I was in bed—a sick man. When I began to get around again, I couldn't regain my strength until I took your wonderful medicine, World's Tonic. I started on it just to build up strength, which it did, but I kept on taking it because it was helping my catarrh so much. A few bottles cleared up this condition, and I am now in better health than for ten years past.

Catarrh, besides being a nuisance to everybody . u come in contact with, is a vicious enemy that is undermining your health and strength. World's Tonic is a great constitutional medicine, upbuilding strength and conquering catarrh. The thousands who have been wonderfully benefitted are your best proof that it will help you. At Carnahan's, also Brannan's, Wellsville and all reliable drugists. (202)

Miss Myrtle Goddard, teacher in the Newell public schools, who was called to her home in Marietta, O., by the illness and death of her mother, will resume her duties Monday.

Isaac Huff Ill.

Isaac Huff, residing at Fifth and Harrison streets, employed at Homer Laughlin plant No. 4, is confined to his home by illness.

When You Feel a Cold Coming on Take Laxative BROMO QUININE Tablets to work off the Cold and to fortify the system against an attack of Grip or Influenza. A Safe and Proven Remedy. The box bears signature of E. W. Grove. 30c.

Automobile taxes in Egypt have been raised so high that the owner of an American popular-priced car pays $64.70 a year.

To Those Who Have Indigestion

Jesse D. Holloway Makes This Offer.

Your Money Cheerfully Refunded If One Bottle of Dare's Mentha Pepsin Doesn't Do You More Good Than Anything You Ever Used.

During the past year thousands of sufferers from stomach distress have blessed the day they first heard of this grand medicine for poor disordered stomachs.

Not only will Dare's Mentha Pepsin, a pleasant tasting elixir relieve these attacks but taken regularly will help to overcome the most obstinate cases when due to excesses or faulty elimination.

Thousands in this part of the state know it and that is why every druggist hereabout is having such a tremendous demand for it.

If your disordered digestion keeps you feeling miserable, start to improve it today—one bottle of Dare's Mentha Pepsin is guaranteed by Jesse D. Holloway and all druggists to help you more than anything you ever tried or money back.

CATARRH DESTROYS TENS OF THOUSANDS

So many people do not know how serious catarrh really is that they are astonished to find how easy victims they prove to influenza, pneumonia and other serious diseases.

Catarrh weakens the whole system. It eventually interferes with all bodily functions, and it leaves its victims easy marks for epidemics and serious illness. Here's a case reported by Mr. N. W. Carr, 1008 Buckeye avenue, Wellsville.

Cleared It All Up

"I neglected my catarrh until it began to affect my stomach seriously. Then one day I went home with a bad headache, which speedily developed into flu, and for six weeks I was in bed—a sick man. When I began to get around again, I couldn't regain my strength until I took your wonderful medicine, World's Tonic. I started on it just to build up strength, which it did, but I kept on taking it because it was helping my catarrh so much. A few bottles cleared up this condition, and I am now in better health than for ten years past.

Catarrh, besides being a nuisance to everybody you come in contact with, is a vicious enemy that is undermining your health and strength. World's Tonic is a great constitutional medicine, upbuilding strength and conquering catarrh. The thousands who have been wonderfully benefitted are your best proof that it will help you. At Carnahan's, also Brannan's, Wellsville and all reliable druggists. (202)

British Industrial Commission Report Is Sent to America

LONDON.—The report of the Industrial Commission of Inquiry, sent by the government to the United States and Canada is likely to be disappointing.

In a word, it will set no new light on British industrial problems. The labors of the commission will apply no magical key to the labor troubles which have beset Britain since the war. The main statement of the report will be to prick the bubble that America and Canada possessed industrial systems superior to those in Britain.

The investigation has been particularly pointed and profound, and the report will state that most of the surprises have come from the side of the United States. Preliminary statements go to show that American industrial magnates have frequently been astonished to find themselves carried out of their depth by men who knew things about their businesses not even known by the greatest of hustlers.

The new radio station at Angora, Turkey, will soon be put in operation.

REGULATE-DON'T PURGE BOWELS

Harsh Physics, Calomel, Salts and Purgatives Soon Lose Effect.

Here is a pleasant, harmless laxative, system cleanser, stomach tonic and bowel regulator which everyone troubled with constipation, especially chronic obstinate cases, should try.

"VINCO" is a chocolate coated tablet made of Herbs, Roots and Barks (no dope). Does not gripe or sicken. Your druggist will refund money if you do not get relief from the first 25c box.

Lay aside nasty salts, dangerous calomel and harsh physics. Use only "VINCO" to regulate the bowels. Do a kindness by telling others about "VINCO." They, too, will appreciate the difference between harsh physics and gentle, harmless "VINCO."

How to Look and Feel Younger

Scientific Stimulation Will Banish That Tired, Nervous Appearance.

Nothing detracts so much from the appearance of strength and success in a man as lack of plenty of firm, hard flesh on his bones. Thin, underweight men have no endurance, tire easily and have hard work to keep going—they are the ones who lose out in the race for success.

If you want the appearance and vitality of strong, successful, vigorous men, you should try a healthful and proven digestive stimulant. After the first few days you will note renewed energy, your food will taste better and you will experience an added snap and vigor. As you continue, you will find your weight increasing—in the place of worry lines and flabby muscles, there will be smooth, firm, solid flesh.

As you continue to get full nutriment out of your food as brought about by this scientific stimulant, the nerves become steadier and more controlled, the eyes brighter and there will be a determination and vigor in your actions that will surprise you as well as your friends. These facts may seem amazing to you, but results like these are happening every day to men all around you.

A remarkable stimulant-tonic has been devised for just such conditions. It is delightfully palatable and is prepared by an old Virginia concern in business for nearly a century. Druggists and physicians have come to know this stimulant as "Old Monticello Tonic." Get a bottle today from your druggist, take a small wineglass full before your next meal—see how much better you eat—feel the glow of stimulated functions throughout the body. A few days' treatment will bring a quick change in run-down conditions and overcome lack of energy.

How to Look and Feel Younger

Scientific Stimulation Will Banish That Tired, Nervous Appearance.

Nothing detracts so much from the appearance of strength and success in a man as lack of plenty of firm, hard flesh on his bones. Thin, underweight men have no endurance, tire easily and have hard work to keep going—they are the ones who lose out in the race for success.

If you want the appearance and vitality of strong, successful, vigorous men, you should try a healthful and proven digestive stimulant. After the first few days you will note renewed energy, your food will taste better and you will experience an added snap and vigor. As you continue, you will find your weight increasing—in the place of worry lines and flabby muscles, there will be smooth, firm, solid flesh.

As you continue to get full nutriment out of your food as brought about by this scientific stimulant, the nerves become steadier and more controlled, the eyes brighter and there will be a determination and vigor in your actions that will surprise you as well as your friends. These facts may seem amazing to you, but results like these are happening every day to men all around you.

A remarkable stimulant-tonic has been devised for just such conditions. It is delightfully palatable and is prepared by an old Virginia concern in business for nearly a century. Druggists and physicians have come to know this stimulant as "Old Monticello Tonic." Get a bottle today from your druggist, take a small wineglass full before your next meal—see how much better you eat—feel the glow of stimulated functions throughout the body. A few days' treatment will bring a quick change in run-down conditions and overcome lack of energy.

COOLIDGE'S DISARMAMENT BID MEETS BOTH FAVOR AND DOUBT

WASHINGTON, Feb. 18.—"It's the right spirit," is the practically unanimous verdict in congress on President Coolidge's bid for another naval limitation conference, to do some really effective limiting.

However, very few congressmen can be found who believe any of the big European powers or Japan can be drawn into any discussion which promises genuine restrictions on their warship building programs. While professing all sorts of good intentions, the old world governments are very backward about fulfilling any of them, the congressional critics say.

The way they see it on Capitol Hill, each nation favors naval limitation for other nations, but, with the exception of the United States, none wants to limit its own navy.

So what's looked for, in response to President Coolidge's overtures, is a bunch of seemingly encouraging communications, which, on analysis, will be found not to mean anything.

Still, everybody agrees that there's no harm in trying.

That is to say, most congressmen agree to this. Naval officers don't agree to it so readily. Their idea is that the United States was badly bamboozled at President Harding's armament limitation conference and they're afraid of more of the same if President Coolidge succeeds in arranging another one.

To be sure, not all navy enthusiasts think the Harding limitation agreement has been a bad thing for the United States.

Col. Theodore Roosevelt, for instance, very much an enthusiast, told me, when assistant secretary of the navy, that he felt sure the American fighting fleet was stronger than it would have been if there had been no such compact.

The American navy always has fallen into a state of dilapidation after every war, he explained, because the country thinks it no longer has any use for one and loses interest in it. But this last time, he said, there was the "5-5-3" bargain, between the United States, Great Britain and Japan, to serve as a sort of standard to be lived up to, as well as not to be exceeded.

The colonel admitted that America hadn't kept up a 5 to 5 basis with Great Britain and hardly to a 3 to 5 basis with Japan, but in his opinion it would have been still worse off if it had had no standard whatever.

The rank and file of navy men don't take so cheerful a view.

President Coolidge puts considerable trust in a paper navy.

The theory is that a big batch of plans of warships, on hand in the navy department building, serve as a constant reminder to America's possible naval rivals, of what a huge fleet this country can put into the water if it actually start to build.

Men like Chairman Butler of the house naval affairs committee, Chairman Hale of the senate committee, Congressman Britten of Illinois, a super-big navy booster, and other don't subscribe to this notion. They want sure-enough warships, that will float and can shoot. Their argument is that if takes two or three years to build a cruiser, and that a war—which, they say, Heaven forefend, but you never can tell—might be all over in that length of time.

Undoubtedly one reason why the president has stuck so tight to his paper navy policy is that he's had this armament limitation scheme in the back of his head all along, and didn't want to spend a lot of money on ships that would have to be scrapped.

How he'll feel about paper navies if his latest limitation proffers are snubbed remains to be seen.

FIVE HORSES DIE IN NEWARK FIRE

NEWARK, O., Feb. 18.—Authorities today were seeking to learn the origin of a fire here in which three race horses and two draft animals were destroyed, and the barn of Albert Seiler burned to the ground. The animals were valued at $3,000.

Germany now has 56 regular airplane lines touching 61 cities.

Don't Let a Cough or Cold "Go Down"

If you let a cough get down into your bronchial tubes or lungs, it stops being merely a nuisance and becomes a real danger. A "head cold" is only a bother while it stays in your head. But once it gets down into the danger zone, serious trouble threatens.

Act promptly to check the cough; to keep the head cold from "going down." Sure *and lasting* relief is as near as the nearest drug store. Quickly and unfailingly Ayer's Cherry Pectoral goes straight to the seat of danger. *Real medicine*, reaching deep with its soothing, healing power, penetrating through and through the irritated membranes of your throat and bronchial tubes.

If you are catching cold; if you have a "head cold"; if your chest is tight; if you have a cough—even if bronchitis has developed—Ayer's Cherry Pectoral *at once!* Keep your cold from going down into the danger zone.

Cherry Pectoral is pleasant, safe and dependable—for children and grown people. At all druggists—60c; twice as much, $1.00. 1d34c

WHY HAVE A COLD?

Let Nature Help You Keep Free!

THE secret of good health lies in a fit body. It's the system that's tired and weakened that catches cold easily. Keep your stomach right, and let your system look after itself.

Dillingham's Plant Juice, the pleasant tasting natural remedy, will make your stomach do its work properly. See what Mr. James M. Penncyker of Cooper Hospital, Camden, N. J., says about Dillingham's Plant Juice:

"Two years ago my appetite left me, my stomach was weak, and what I ate would repeat on me hours after meal time. Gas would bloat me so that I was forced to loosen my clothing to get relief. Mornings I would get up feeling more tired than upon going to bed. While on my first bottle of Plant Juice I felt a great deal better. Today I never have the least bit of bother with my stomach. When I go to bed now I don't know a thing until I am called in the morning, and then I just feel as bright and sound as a brand-new dollar."

"As bright as a brand-new dollar"! Keep yourself feeling like that, and you can afford to laugh at colds.

Plant Juice contains nothing but the juices of herbs and plants.

Ask your druggist for the original Dillingham's Plant Juice, for over thirty years the safeguard of health.

South China Ahead.

Fat Girls Not Wanted.

Brave Italian.

By ARTHUR BRISBANE

[The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review-Tribune.]

SOUTH CHINA is ahead in the civil war to decide whether north or south China shall have the pleasure of kicking out the foreigners

Soldiers in the northern armies are deserting, according to last night's news. All China is united in objecting to the United States' suggestion of a neutral zone to make foreigners safe. The Chinese don't want them "safe," they want them out.

MR. BURGERT, bachelor member of a very "old family" in Ohio, leaves money to build a home for girls "between the ages of 16 and 28, of small stature, bright, ambitious and good to look at." Fat girls are not to be admitted.

That will was made by a foolish bachelor. Young girls ought to be reasonably fat, with tissue and energy stored up for their duty as mothers. Girls of the skeleton type have barely energy enough for themselves, to say nothing of a family.

THE Italian flyer, De Pinedo, starts tonight on his "hop" across the Atlantic, with no string of ships to look out for him, relying on the engines of his Italian flying machine and his own skill. This may be called the beginning of real ocean flying. Exciting now, it will be commonplace a few years hence.

Only a little while ago Lord Northcliffe offered $50,000 to anyone that would fly across the English channel. Many chidren could do it today. Germany has flying lines as well organized as railroads, and charging the same fare as railroads.

A CHEERFUL stock market yesterday. You could borrow for speculating at 4 per cent. Railroads prices were up. Poor bears that took it into their heads to sell stock of the Baldwin Locomotive Co., got another lesson yesterday. The stock went up $9 a share—most annoying if you happen to be several thousand shares "short."

However, invest wisely, but don't gamble on either side of the market. You will lose if you do.

MANY good investments in this world for those that hang on. When Edward Fitzgeraid published his translation of the Rubaiyat, that first edition sold for one penny in England. Yesterday J. F. Drake paid $3,200 for a copy.

When John Bunyan's "Pilgrim's Progress" was first published, wise book people said, "Only servants will buy a book of that kind." One of the copies, originally sold for two pence, is worth thousands of dollars now.

AN 11-year-old boy, Michael Ponkraskow, ran away from home after a beating, killed a shopkeeper in an attempted holdup, and is wondering what will become of him. It is said that he cannot be treated as a youthful delinquent, because he refuses to

Review-Tribune Offers a Booklet On Brick Homes

This booklet—Brick Homes—is just what you need to round out your ideas for that home you have been planning and thinking about for so long.

To most people the building of a home is an investment of the first magnitude. Therefore plans should be carefully chosen and every detail of construction and cost given thoughtful consideration.

Mistakes in building are a source of irritation year after year, while good judgment shown in the beginning will yield full measure of satisfaction.

Let our Washington Bureau aid you in your home building with this booklet showing the floor plans and exterior views of 60 brick homes.

CANTONESE CAPTURE CITY OF NINGPO

CHEKING ARMY LOOTS AND FIRES HANGCHOW AS VICTORS PUSH ON

Thousands of Chinese Refugees From Two Cities are Pouring Into Shanghai, Seeking Shelter.

NEW GOVERNMENT IN FOE CAPITAL

After Defeating Sun Chuan-Fang Troops on Three Fronts, Victorious Canton Army Drives on.

SHANGHAI, Feb. 18.—The Cantonese drive on Shanghai continues, and the Chekiang forces appear unable to offer much resistance. The Cantonese today captured Ningpo, a treaty port, and the capital of Chekiang.

Thousands of Chinese refugees from Chekiang and Kiangsu are pouring into Shanghai, seeking shelter in the foreign settlement.

Retiring Army Adopts Torch.

Unconfirmed reports from Hangchow declared the city in flames. The retiring Chekiang soldiers were reported to have looted the city and then adopted the torch.

Authoritative reports to the China Press, English language daily of Shanghai, said the Nationalist forces were completely in control of Hangchow, although the southern troops had not occupied the city. A Kuomintang government has already supplanted that of the fleeing Chekiang officials.

After defeating the Sun Chuan-Fang troops on three fronts yesterday, the Cantonese continued their drive toward Kashing, where Sun is reported entrenching himself in a desperate endeavor to halt the southerners' drive toward Shanghai.

Atmosphere in Shanghai Tense.

The atmosphere in Shanghai was extremely tense as it was evident the deciding struggle for the possession of Shanghai is developing swiftly. Foreign officials here declared the capture of Shanghai may come, as usual in Chinese military politics, with lightning-like suddenness.

Twenty thousand of Sun Chuan-Fang's troops who evacuated Hangchow yesterday were entraining today for Kashing, where the main line of defense is being established, with a second line at Sungkiang. Four thousand Sun troops arrived from Ningpo, and were dispatched to Sung-Kiang this morning. More troops are expected to arrive from Ningpo shortly.

Foreigners, with a few exceptions, including American missionaries and teachers, evacuated Hangchow for Shanghai.

Reports from Chengchow, Honan province, indicate that Marshal Wu Pei-Fu's generals, Wei Yi-San, Tient Wei-Chin and Chin Yu-Nao, are co-

Roumanian Prince Blames Foes for His Abdication

Copyright, 1927, International News Service.

PARIS, Feb. 18.—Prince Carol of Roumania has only one regret over his renunciation of his rights to the throne, and that is a "feeling" that he has "shirked obligations that came as a birthright."

The prince made this statement today in the first interview he has accorded an American correspondent since his dramatic departure from Bucharest.

Prince Carol declared that his abdication was due largely to "misunderstanding." He charged that the initial step for his abdication was taken by his political enemies.

INDIANA MAN DIES IN FIGHT WITH POLICE

Fugitive Shot Down After he Kills Police Chief.

ALL-NIGHT CLASH

Meets Death as he Hides Under Bed in Alexandria.

ALEXANDRIA, Ind., Feb. 18.—Swift justice descended on George Schmass, 27, when police and sheriff deputies killed him as he hid under a bed in an old hospital here early today.

Schmauss had shot and killed Chief of Police Opal J. Hughes, 32, yesterday when he attempted to serve a warrant from Muncie brought against Schmauss by his wife for non-support.

An all-night search by Alexandria and county officers during wh h Schmauss was wounded as he fought off the searching officers, terminated at 6 o'clock when the delinquent husband met death from the gun of Deputy Sheriff Walter Hepfer.

Hepfer fired at Schmauss as the latter made a sudden dash for freedom from his hiding place. The victim died instantly.

Mabel Normand, Ill Of Pneumonia, Will Live, Doctors Say

SANTA MONICA, Cal., Feb. 18.—Mabel Normand will live.

This cheering announcement was made at the Santa Monica hospital today by physicians who have been attending the actress since she was taken down with a violent attack of pleuro-pneumonia, complicated by an abscessed lung.

Miss Normand passed the crisis of her illness during the night.

The actress passed a restful night, it was said, and this morning her temperature had dropped to 100, the lowest since she was stricken.

Power Class Five Faces Peacocks in Cage Game Tonight

The Methodist Episcopal Power class basketball team will play the Peacock Selects tonight at 8 o'clock at the high school in the preliminary to the Salem-East Liverpool county league clash.

The Peacocks, a recently organized squad, will be playing their first game.

FORMER POLICE CHIEF WITNESS FOR RUDNER IN CANTON TRIAL

S. A. Lengel Denies Accused Was Close Friend.

KNOWS PRISONER

Does Remember Talking With Ben on Day of Murder.

CANTON, O., Feb. 18.—S. A. Lengel, who was police chief of Canton, at the time of the Don R. Mellett murder, took the witness stand for the defense today in the trial of Ben Rudner, charged with plotting the crime, and testified that he had known Rudner, for many years, but denied he was a close friend.

Concerning his activities directly after the slaying, Lengel stated that he was called from bed and immediately took the usual action, sending out detectives and notifying police to pick up all suspicious looking characters.

Asked if he had talked with Ben Rudner on July 15, the date of the murder, Lengel said he could not remember. He did remember, however, a conversation with Rudner on the morning of July 16, the day after the crime was committed, when Rudner introduced him to a man named Smith, he said.

Admits He Visited Store.

On cross-examination Prosecutor Harter asked Lengel if it wasn't a fact that he was in Rudner's store a day or so previous to the killing of Mellett. Answering in the negative, Lengel said that he was only in Rudner's store upon one occasion and that was after his suspension from the police force, when he passed through Massillon and dropped in for a short visit.

Since the defense opened its case, there has been much conflicting testimony and several witnesses may be recalled to the stand in an effort to clear up certain angles.

Steve Kascholk, state's star witness, has testified that Patrick McDermott, convicted as one of the gunmen in the murder conspiracy, received instructions from Rudner, July 9. The defense maintains that Rudner at 2:30 that morning had a finger lanced in Massillon haspital and was afterward sent home under influence of morphine, sleeping until late that afternoon.

Unidentified Man's Body is Found in Woods Near Warren

WARREN, O., Feb. 18.—With deep wounds in the head, the body of an unidentified man, was found in a woods near here today.

The victim was about 5 feet 8 inches tall and apparently of middle age. His clothing consisted of a blue suit dark overcoat, black shoes, black silk socks and a blue scarf, sprinkled with red dots.

All indications point to murder, according to Coroner J. Henshaw of Trumbull county. The man's head was covered with rags which had been smeared with oil.

Because of the nature of the wounds, authorities were unable to determine the man's age or tell the color of his eyes.

QUAKE ROCKS JERSEY ISLANDS

LONDON, Feb. 18.—A severe earthquake occurred in the Jersey islands at 11:20 last night. Houses were rocked but no serious damage and no casualties were reported. The shocks lasted for six seconds.

Paris Reports Earthquakes.

PARIS, Feb. 18.—Slight earthquakes were felt at St. Malo and Granville today. No damage was reported.

Presbyterian Pension Fund Campaign Dinner Here Tonight

Rev. William Pearson Lockwood, of Hartford City, Ind., Will Make Address at Meeting at 6:15 O'clock.

PENSION FUND DINNER SPEAKER

Rev. William P. Lockwood.

First reports of the pension fund campaign being conducted among members of the Presbyterian church by the laymen's committee, will be made at a dinner meeting which will be held in the social rooms of the Presbyterian church at 6:15 o'clock tonight.

Between 60 and 75 churchmen from the East Liverpool district, which includes this city, Wellsville, Salineville and rural congregations, are expected to attend the meeting. The dinner will be served by one of the missionary societies of the First church.

The speaker will be Rev. William Pearson Lockwood, of Hartford City, Ind. He has been given a six months' leave of absence from his church to act as a special representative of the Presbyterian Board of Ministerial Relief and Sustentation. In his early life, Rev. Lockwood was a stone cutter but later entered the ministry. He is a forceful speaker.

The campaign in this district opened last Sunday and will be completed not later than March 1.

Of the proposed $15,000,000 fund, about $7,000,000 has been subscribed. Campaigns are now in progress in Ohio, Kentucky and Michigan. Quota of the Steubenville presbytery has been placed at $88,203, which represents benevolent contributions in 1925, plus an additional 10 per cent.

The fund will provide pensions ranging from $600 to $2,000 for ministers who may retire upon reaching the age of 65 after having served for 35 years in the church.

BOARD OF EDUCATION REFUSES TO O. K. PARENT-TEACHER CAMPAIGNS

Action Follows Request for Approval of Grant Street School's Proposed Piano Fund "Tag Day."

The board of education, meeting in the high school building, last evening, refused to sanction city-wide campaigns to raise money for school projects planned by parent-teacher associations and other organizations.

This action was taken after representatives of the Parent-Teacher association of the Grant street school asked endorsement of a "tag day" campaign to raise funds to purchase a piano for the school.

Members of the board expressed the opinion that inasmuch as the voters had approved a school tax levy at the polls in November, general campaigns to benefit only one school district should not be permitted.

The board's action, approved unanimously, provided that "no solicitation for raising funds by public subscriptions or tag days be sanctioned by this board."

Miss Vera Heddleston was appointed elementary teacher, upon recommendation of Superintendent C. S. McVay and members of the teachers' committee.

A letter was read from the state fire marshal's office requesting that the set number of taps upon the gong as the signal for a fire at the McKinley school be abolished. A stranger discovering a school fire would not know the number of gong taps, the letter pointed out. This letter followed an inspection by Deputy Fire Marshal D. J. Connor, Youngstown. The communication has been referred to the school principal.

SOLONS, MAYOR, CABINET MEMBER AND FIRE CHIEF IN LIVELY DEBATE

Question of Purchase of New Fire Truck Instead of Chassis Prompts Discussion at Council Session.

Council meeting last night in the municipal court room was featured by a lively debate on the proposal to purchase a new fire truck in which the solons, Mayor Ralph C. Benedum, Service-Safety Director J. W. Moore and Fire Chief Thomas Bryan took part.

Discussion followed Solon George Hughes' motion to rescind the action taken at a previous session, authorizing legislation for the purchase of a new chassis, and that a committee of three councilmen, the service-safety director and fire chief be appointed to confer relative to buying new equipment. The motion was carried with Councilman William J. H. Kelly voting negatively.

Solon Thomas Farrall opened the debate when he declared that at the court hearing on the annexation of suburban territory he and other members of council pledged fire and police protection in the new territory.

Councilman Charles Hayes endorsed Farrall's view with the exception that he did not favor buying a new pumper. Hughes and Solon Poole spoke in

Luther Wells Held When Police Find Liquor in Home

Luther Wells, stationary engineer, of 712 Jackson street, was arrested by Captain of Police Conley at 4:30 o'clock yesterday afternoon, after police found a half gallon of corn liquor in his home.

Wells declared today that the liquor was kept in the house for medical purposes. He was remanded to jail until the arresting officer could be heard. It is likely that Wells will be brought before Judge Hanley this afternoon.

The charge of operating a disorderly house against Frank Little, of Sandy Bottom, East End, which was to have been heard yesterday afternoon, was continued until next Wednesday because of the illness of Little's counsel.

Former Minister, Alleged Bigamist, Held on Check Count

DETROIT, Feb. 18.—Robert Alan Mc L. Browne, former minister, and alleged bigamist with six wives, was arrested here today on a charge of passing a worthless check. Browne's first marriage took place shortly after he received a degree of bachelor of arts in Columbia university of New York, police say.

TWISTER HITS THREE CITIES IN MISSISSIPPI AND LOUISIANA

Thousands of Dollars Worth of Property Destroyed.

WIRES ARE DOWN

Storm Followed by Rain, Originates in Texas.

ATLANTA, Feb. 18—Thirty-seven persons are known to be dead, scores are missing, more than 300 are injured and property damage soared into thousands of dollars following a disastrous cyclone which last night twisted its way across northern Louisiana and roared into central Mississippi, where it finally passed out.

Included in the death list are:

Pleasant Hill, La., 11 dead, 25 injured.

Rose Hill, Miss., eight dead, ten injured.

St. Joseph, La., seven dead, 15 injured.

The tornado originated in eastern Texas last night, twisted its way across northern Louisiana and subsided in middle Mississippi.

Taking a zig-zag course, the tornado dodged big cities, and tore a half-mile path of death and destruction across the rural districts. A heavy downpour of rain followed the storm.

Wires were down in many places and only meager details of the extent of the toll of the twister was available early today.

Second Tornado Strikes.

One person was killed, two are missing and 20 seriously hurt when another tornado struck near Natchez, Miss. Several plantation houses were destroyed there.

Pleasant Hill was hardest hit. A new oil field had just been opened there and the fury of the storm wrecked the hastily constructed wooden houses. Most of the dead and injured were eating supper at the time the tornado struck.

Ambulances and nurses were rushed to Pleasant Hill from Shreveport to take care of the injured and homeless. The dead there were removed to a morgue at Spring Mill, La., and the injured and homeless housed temporarily in the Masonic temple until they could be taken to hospitals in Shreveport.

The identified white dead at Pleasant Hill are:

Mrs. E. D. Hicks, 60; her son Keyes Hicks, 25; Mrs. Birdie Askey, 40; Miss Opal Askey, 18, her daughter; Lamar Askey, 6, and Larry Askey, 3; her two sons; Miss Ruth Birdell, 18; W. J. Brown; Elbert Bates, age 5.

MERIDIAN, Miss., Feb. 18.—Eight persons were killed when their houses were destroyed by the terrific storm that struck near Rose Hill, 45 miles southwest of Meridian last night, according to reports here today.

The dead are Mr. and Mrs. M. Boyd, their five children and John Lewis, Jr. Five other Boyd children were badly hurt, as was John Lewis, Sr.

The bodies of Mrs. Boyd and young Lewis were found, 200 yards away, buried among some bales of cotton and other debris hurled through the air by the storm.

Another Storm in California.

SAN FRANCISCO, Feb. 18.—Recovering from previous storms, San Francisco and northern California was being buffeted by another storm today.

Weather bureau officials have ordered storm signals to be hoisted from San Francisco to Alaska, and shipping apprehensive of Tuesday's gale again hurried into protecting ports.

The pilot boat Grace S. was forced to return here last night after heading out Golden Gate. The pilot reported a hurricane blow was brewing and that all vessels near the coast were in danger.

Lives lost in snowslides, traffic accidents, train wrecks and other accidents caused by the storms today had mounted to 33.

WALKERS, SITE OF FIRST SEWER PIPE PLANT IN UNITED STATES, TO BE MARKED BY DAUGHTERS OF AMERICA REVOLUTION

Location of the first ceramic industry in the United States, a sewer pipe factory, near what is known as Walkers, is to be marked with a bronze tablet mounted on a heavy boulder by Bethia Southwick chapter, Daughters of the American Revolution, it was announced today.

The organization will also mark the site of the old blockhouse which stood along the banks of Yellow creek, near the McCullough-Jefferson county children's home.

The chapter is now raising funds for the purchase of a chair, which will be installed in the auditorium of the Continental Memorial hall, which is nearing completion at Washington, D. C. On this chair will be a copper plate bearing the name of the donor. Every chapter in the United States has been asked to contribute a chair for this structure, which is being erected by the Grand Army of the Republic.

The chapter will give a Washington birthday entertainment and a benefit tea at the home of Mrs. George Moore, St. John street, between the hours of 2 and 5 next Tuesday to raise funds for the chair which will cost approximately $150.

Graves of Revolutionary war veterans in Columbiana county are also to be marked through the assistance of members of the chapter. Cemeteries are being searched for the bodies of men who lived during the Revolutionary days. The federal government will furnish a marker for each grave. The grave of one veteran of 1776 has been located at Clarkson.

Members of the Daughters of the American Revolution must furnish proof that their ancestors served with the Colonial armies in the war against the motherland about 150 years ago.

The chapter is named in honor of Berthia Southwick, a Massachusetts woman, who is said to have served the "Minute men" with lunch during the battle of Lexington. It is the only chapter in Columbiana county, its membership being between 25 and 30. It was organized about 10 months ago.

Mrs. W. F. Lones, wife of the judge of the Columbiana county common pleas court, is the chapter regent.

"FOR THE BETTERMENT OF MANKIND

Truth Must Prevail"—So spoke the American President, in dedicating the National Academy of Science at Washington. Truth in business is as important as Truth in the profound questions of the universe. To most of us it means a great deal more.

Truth in Advertising is an ideal that has an ever-present bearing on how to finance our lives and our homes without waste.

Our advertising is dedicated to Truth. It prevails because it points the lighted way to real economy—for the betterment of the family pocketbook.

FASHIONGRAMS.

Latest news of the world of fashion condensed for quick reading.

Hip lines emerge with all sorts of snug glory and more than their share of importance.

Fashion's favored silhouette is loose and blousy above the waist and slender below.

Spring skirts step out of the clinging vine class with fullness, then precede to hide it in pleats whch are sewn down or inverted.

Lace and Georgette have found each other again. This time, Georgette appears in brilliant designs; together they assume an important role in the dinner and afternoon class.

The two-piece effect appears at any hour of the day or night, smartly disregarding convention and the fitness of things.

Women continue to yoke themselves to fashion as the new yoke—demure or sophisticated—bears witness.

"The waist line must be at the top of the hip," says Paris then she turns and suggests a normal placement whenever she chooses.

Scarfs are with us still, but they take a diaphanous form, their only excuse for being lies in their color and originality.

Squares are more alluring than ovals is the boast of the new neck line.

Plaids—large and small, Scotch and otherwise—are here to stay awhile.

The inevitable Easter hat will, invariably be small brimmed, and invariably two toned and of two fabrics.

A straight and narrow path is the way to the popularity of the new top coat.

The reptiles—alligator and lizard—will be with us again this season.

The well dressed Londoner will take notice when he sees the new tailleur with its trim black jacket and gray striped skirt.

Gloves favor a generous amount of decoration whether they be slip-on or cuff.

New Silk Bags at $2.95

Delightful new Bags for your choosing. Many times a woman can be judged by the purse she carries. So every woman should choose the little things of her wardrobe just as carefully as the large ones.

Boys Kaynee Blouses and Shirts For Spring

We are now showing our new display of the well-known Kaynee Blouses and Shirts.

A healthy, sturdy boy needs to give vent to his energy and play instincts and his clothes should allow him free play.

You know that the sort of clothes your son needs is the kind that will allow him to romp and play, to climb trees if he cares to, to crawl under fences if thats where adventure leads him—to sail boldly upon perilous seas with his fellow pirates.

You will find, we think, the Kaynee Blouses entirely satisfactory in this respect.

For the mother who buys these blouses will feel safe for they are guaranteed absolutely color fast. Neither sun nor repeated tubbings will fade them.

They are designed to give dependable service and satisfaction. Only the best materials are used and the patterns of the fabrics are exclusive.

There are checks, stripes and small plaids in broadcloth, madras and percale in all colors. Also novelty dots. Plain English broadcloths in white and tan. Sizes 4 to 14. Priced from $1.00 to $2.25.

For the boy in his 'teens, who is too old to wear boys' blouses, and a little too young for the regular Men's shirts, Kaynee meets the situation by offering youths' shirts, which have all the distinction and finish of the men's shirts of the better kind.

Kaynee Youths' Shirts are tailored on smart lines. Their collars are well-styled and set perfectly. Every detail is excellently finished. The fabrics are sturdy and color fast. Developed of checks and stripes in madras, percale and broadcloth in attractive combinations. Also plain tan or white broadcloth. Sizes 12 to 14½ neck bands. Priced from $1.00 to $2.95.

MAN WHO SLEW MOTHER-IN-LAW ESCAPES DEATH

Jury Saves H. F. Webster, Salesman, of Mineola, N. Y.

AWAITS SENTENCE

Prisoner's Wife, Who Denounced Him, Not in Court.

MINEOLA, N. Y., Feb. 18.—Harrold F. Webster, dapper young former Florida real estate salesman who clubbed his mother-in-law, Mrs. Catherine Galloway, to death with an iron bar, has escaped the electric chair.

A jury, after seven hours and fifty-two minutes' deliberation, found him guilty of murder in the second degree early today. He had been charged with murder in the first degree in the indictment.

Sentence will be passed next Monday. Webster, meanwhile, has been remanded to jail.

Webster seemed relieved when the verdict was announced. Judge Smith told him he was a fortunate man to escape the electric chair.

"Yes sir, I am," replied Webster.

The only sentence Webster can receive under the law is 20 years to life imprisonment.

Webster's wife, who had told the jury her love for her husband was dead, was not in the court room when the vedict was announced. Neither was his mother, Mrs. Garrison, who broke down yesterday. When told of the verdict she cried and said:

"Thank God, my boy is saved."

W.R. Rose, 72, Dean Of Newspapermen in Cleveland, is Dead

CLEVELAND, Feb. 18.—W. R. Rse, 72, prominent newspaperman, known locally as the dean of the Cleveland Plain Dealer's editorial staff, is dead here today, following a sudden attack of heart trouble late Wednesday.

Mr. Rose had only recently completed 30 years' service with the Plain Dealer. He was one of the foremost historians of Cleveland.

NURSE LEARNS FROM THE SCHOOL OF EXPERIENCE

When an experienced nurse comes out openly and says that Redwood's Tepee Tonic is the best remedy for treating stomach, kidney and liver troubles, then those who are not acquainted with the action of the medicine on the human system would do well to take such advice.

Redwood.

Miss Katheryn O'Rourke, 722 Chestnut St., Erie, Penna., who is a nurse of long experience says: "I am out to say that Tepee Herb Tonic is the best medicine on earth for treating stomach, kidney and liver troubles. I say this after having given it a thorough trial.

"When I started to take Tepee Herb Tonic I was badly under nourished and under weight. My health was not up to the standard. Every little change in the weather or exposure gave me a cold and then I would have a hacking cough and chills. I hadn't felt real well for three years. I had a pain in my chest that annoyed me very much.

"I took Tepee Herb Tonic according to directions and when I had finished my first bottle the pain in my chest had disappeared and my cough was much better.

"I continued to take it and continued to get stronger until now I have a good appetite and feel fine. I am gaining weight. I want to personally thank Tepee Herb Tonic for relieving me and I will always praise it."

Tepee Herb Tonic is sold and recommended by Carnahan's Drug Store and by well stocked drug stores everywhere.

FRIDAY, FEBFUARY 18, 1927.

End of Wellsville Controversy

Judge Thomas D. Price, of New Lexington, who is assisting in hearing Columbiana county common pleas court cases, has with celerity called a halt in the one-year controversy between Wellsville's city executive and the head of the city's police department.

Sustaining a motion filed by the defense, the visiting jurist yesterday, at Lisbon, dismissed the removal proceedings filed against Mayor W. L. Fogo by 417 citizens.

Earlier in the week, Judge Price, presiding at a hearing of John H. Fultz, who had appealed from the civil service commission ruling which upheld the mayor's action in removing Fultz from the office of chief of police, ordered reinstatement of the deposed officer.

Thus within four days, Judge Price, whose analytical mind and knowledge of the law have impressed lawyers and court visitors, has decreed an armistice in the war between the two municipal officials.

Rulings in the two cases, both admittedly the outgrowth of differences between the principals, should mean the end of the dispute. Mayor Fogo and Chief Fultz should forget their animosities and work in double harness for the welfare of Wellsville, in which they always have been interested.

More Light For Theatres

Moving picture theatres are too dark. They subject the eyes of patrons to unnecessary strain. This is the opinion of the Eyesight Conservation Council of America, which has been studying the situation.

"The human eye does not function to its best advantage in the dark or in looking at a fairly well illuminated object when the eye itself is surrounded by darkness," says the general director of the council. "There should prevail as high a degree of general illumination as may be consistent with securing clear and easy vision of the picture."

In the constant conflict between darkness and the reflected light on the screen, the adaptability of the eye is lowered and the slightest flicker or movement is made more noticeable and detrimental.

Illumination of such a room should be gradually reduced from the rear to the front. All light sources should be modified to prevent glare. Decorations, light brackets and wall surfaces should be in dull finish to prevent spots of glaring reflected light. And of course, illumination in the intermission should be gradual instead of instantaneous. That is already the rule in many auditoriums, but not in all .

At the present time there are insufficient scientific data on the subject, so that individual theatre managers have no standards to follow in planning theatre illumination. There should be accurate, scientific knowledge concerning the illumination of theatres just as there is for homes, schools and factories. A code of proper illumination ought to be established and then carried out in movie houses, legitimate theatres and concert halls.

Censorship By Actors

It would be possible, thinks a leading dramatic writer, to "dry-clean the stage over-night, and do it simply and sanely, without damage to the theatre as a legitimate business or an art."

His plan would employ neither official censors nor police. He would nip objectionable shows in the bud. Instead of waiting until they had been produced and attracted widespread attention and become a public issue, he would have them censored before production, by those whom he regards as the best qualified censors—the actors.

If the Actors' Equity association, he suggests, which includes nearly all the players in the country, were to warn its members against accepting roles in indecent plays, and suspend them if they did, that would probably keep off the American stage such messes as have disgraced it lately. The officers of the association would be expected to pass judgment on such shows as they warned their members against. And their judgment ought to be as sound as anybody's.

That would be not only a fine public service on the part of this profession, but would be unquestionably profitable for the profession itself in the long run. For if American drama keeps on its present course unchecked, it will wreck the theatre and there will be no more decent jobs for decent actors.

When You Owe Millions

Young Cornelius Vanderbilt, Jr., who lost $3,000,000 in tabloid newspapers and is now housekeeping for himself in a two-room New York flat while he tries to pay off his debts, comes in for a great deal of sympathy.

A published account of his sad fate recently brought hm, the next day, an offer from a negro woman to cook for him gratis, a free meal ticket from a World War comrade, an invitation from a minister to preach to his congregation and pocket the collections, 35 offers of business opportunities, 40 offers of free dental service and several dozen offers from women, old and young, to keep his flat in order.

That is very kind of them all. There is a surprising amount of generosity in this supposedly selfish world. It's a curious thing, though, how people are inclined to loosen up particularly for a person accustomed to wealth, or one who owes much. Get deeply enough in debt, and you'll have plenty of sympathy

TWO WITH A SWEDISH BACKGROUND.

Personally, I do not know a great many persons of Swedish birth. But those Swedes I have met struck me, nearly always, as being unusually keen-witted. Nevertheless, it is customary among after-dinner speakers, when telling a yarn purporting to deal with slow thinking, to make central character of it a Swede, and preferably a Swede farmer.

For instance, there is the classic of the Wisconsin politician who, in the presidential campaign of 1912, toured the back districts of his native state to electioneer for his party. In a remote neighborhood he came upon a tall Scandinavian sitting on a log in a clearing. The stranger hauled up his team and greeted the resident, who replied with a nod.

The politician explained that he was sounding out the sentiment in the district.

"What do you think about Wilson?" he asked.

"Aye don't know," drawled the other.

"Well, how about Roosevelt?"

"Aye don't know."

"Maybe you like Taft?"

The alien shook his tawny head, dumbly.

"Well, now, look here then, you must have some opinion," said the visitor. "You and your neighbors must have talked things over among yourselves. Who do you think has the best show?"

The simple Swede gave this question lengthy consideration. Then, with a faint change of expression, he said:

"Aye tank Ringling Brothers have the best show."

NEW YORK DAYBYDAY
By O. O. McINTYRE

NEW YORK, Feb. 18.—Thoughts while strolling: Battery Park and vagrant ships tugging at anchors. The scream of gulls darting out to liners. Dolorous boom of bell buoys. Spic and span private yachts. Knots of immigrants huddled like sheep in a rain.

The serpentine path of the elevated. Cottage refuges for aliens. Bungalow homes atop sky-scrapers facing the sea. Sandwich men with passport photo signs. Seamen who puff pipes. Voyage baskets brightly pyramided with fruit.

The lower Broadway roar. And the thin spire of Trinity. With ivy clad serenity and grave yard strollers. Scarred tombstones and the heavy smell of earth. Rows of magazines and newspapers stretched on the sidewalk. And the old men who carry banners.

The abrupt gulch known as Wall Street. With bloated brokers and clack of tape. Speedy messengers. The taut air of expectancy. And jowled, bloodless faces. Still the bomb scars on the Morgan bank building. The acres of soft drink and quick bite parlors.

The cow-path lane of Nassau Street. With luggage shops, stationery stores and overflowing sidewalks. Jangling cafeterias with lunch hour jazz orchestras. Mechanical window taffy pullers. Curb hawkers who make their spiels in tired sing-song monotone.

Park Row's hustle. Billiard parlors. Movies and chain cigar stores with gaudy fronts. One flight shoe shops. Huge nickle coffee urns. The stacks of mail on the old postoffice platforms. A row of watch repairers with glasses screwed in their eyes—like so many gargoyles.

Only the World remains along Newspaper Row. The gloom and echoing booms under Brooklyn Bridge. Women who sell apples and huge pretzels hung on spiked sticks. The long line of shoeshiners. Now for a walk up the Bowery.

Many famous stage beauties have struggled along with physical handicaps. A certain beauty of the stage and screen really became passe when short skirts served to emphasize her thick ankles and bulky calves. One of the stage Circes had three front teeth knocked out when she was an obscure telephone girl and false ones bridge the gap. A noted brunette star was afflicted with a skin rash that forced her into weeks of periodical seclusion. The most celebrated, perhaps of the show girls has a stiff wrist that prevents her using her left hand. A movie queen of enormous popularity has upper and lower false teeth.

An international gold-digger came to Broadway nine years ago with a blue serge suit, a tam o'shanter to match, and extra suit of undies and exactly $14. It is said of her that she never indulged in the casuel flirtations among those Broadway calls the hotel lobby guys. She never drank in public and her eyes were always cast demurely down. She was shooting for important money and bagged it. But those who know her say she is about the unhappiest of all the girls who frequent that street.

An odd night clubber is a stooped old gentleman with a single and protruding myopic eye, who taps his way to ringside tables and sits alone. He comes late and remains until closing.

A foolish organization, known as the Order of Bananas, with all sorts of larkish rituals, was started by a solemn New York undertaker.

And one of the most consistent Psalm singers at a Bowery Mission is a man who was until recently press agent for music and leg shows of an extremely salacious nature.

HASKIN'S LETTER
By FREDERIC J. HASKIN

Huge Building Program.

WASHINGTON, Feb. 18.—New construction in the United States in 1927, it is estimated, will amount to not less than $6,250,000,000. More than $3,500,000,000 worth of building operations are now under way, about to be started, or already planned. It is even possible that when the year is over it will be found that the total new construction has equaled the record breaking total of $6,850,000,000 for the year just passed, and while some doubt is expressed as to that in some parts of the country the outlook on the whole should be reassuring to pessimists who have been predicting a slump in the building industry.

These figures and statements are from a nation-wide survey of the industry made by the Building Economic Research bureau of the American Bond and Mortgage company, New York City, with the cooperation of the Associated General Contractors, the National association of Building Trades Employers, state and city officials, and executives of local real estate boards and chambers of commerce.

Summarized, this survey shows that the housing shortage created by the war has ended, but normal requirements for homes and the demand for industrial, commercial, and public buildings will keep the construction industry highly active. There is practically no over-building, and a number of cities need certain types of industrial, commercial, and public building. No reduction in building wages is expected, and it is anticipated that labor will ask further increases in some localities this spring. Material prices are well stabilized and no reductions are expected until, perhaps, the latter part of the year, and even then if there is any it will be very slight.

"Figures now at hand," is is stated in the survey, "indicate that at least $3,500,000,000 in new construction for 1927 is already assured. This amount is being increased daily by announcements of new projects."

No Predictions of Depression.

Reports from all sections of the country were favorable and no predictions of a general building depression were received, although it was to be expected that there would be some tapering off in building operations after last year's boom. Various cities and towns in their reports indicated a favorable building trend and failed to disclose any important overbuilt situation. On the other hand, a shortage in certain types of industrial, commercial, and public buildings was shown to be quite general. Among the cities where there is such a shortage are Milwaukee, Denver, St. Louis, Los Angeles, Detroit, Cleveland, Albany, Washington, Columbia, S. C., St. Petersburg and Lakeland, Florida, Jackson, Miss., and Galveston, Texas.

Cities reporting that they expected building operations to be at or in excess of the 1926 volume included Detroit, Los Angeles, Dallas, Seattle, St. Petersburg, Florida, Dayton, Salt Lake City, Columbia, S. C., Galveston, Akron, Houston, New Orleans, Shreveport, Portland, Oregon, Abilene, Texts, and Ventura, California, and smaller cities and town throughout the states of Utah, Nevada, Wyoming, Idaho, Montana and Mississippi.

Cities anticipating a slight decline in construction were Cleveland, Philadelphia, Denver, Hartford, Conn., St. Paul, Minneapolis, Boston, St. Louis, and Washington. The decline in the national capital, if any, will be in residential construction, while there will be a big increase in public building as a result of the approval of the program for needed departmental buildings.

Cincinnati, Galveston, Chicago, and Shreveport, La., are named as practically the only cities to report a labor shortage, which was in the mason trades.

Public utilities are going in heavily for new construction this year, estimates compiled by the Electrical World showing that light and power companies alone will spend $958,000,000, as compared with an actual outlay of $841,000,000 in 1926. The Southern California Edison company has announced that it will spend $42,000,000 in constructive work in central and southern California, which is an increase of one-third over its 1926 budget.

Approximately $100,000,000 will be expended by the automobile industry and of this amount it is stated that 75 per cent will go into new plant construction and upward of 15 per cent for the expansion of retail establishments. The government's $165,000,000 public building program will be a tonic for the industry in many parts of the country, while the fraternal organization headed by Secretary of Labor Davis, the Loyal Order of Moose, has announced that it has a building program almost as large as that of the government. It will spend $150,000,000.

vast amount of construction is still under way. Nevertheless the survey shows that much planning is being done. It is estimated that approximately $150,000,000 worth of new school and church buildings will be constructed during the present year, and there will also be large expenditures for hydro-power, textile, and other industrial developments, as well as for modern commercial apartment houses and hotels.

It is believed that 1927 will be another billion-dollar building year for the metropolitan area which centers in New York City. In the city proper, the money value of work carried over from last year, well under way or committed, is said to total $400,000,000 while plans for another $100,000,000 worth of new structures such as hotels, apartment hotels, theaters, and office buildings are about ready for announcement. New schools to cost about $20,000,000 will be built, but housing projects continue to lead the construction activity, with commercial building second.

Philadelphia will come through with about $200,000,000, it is promised, while Chicago will top that by $100,000,000. Detroit expects to come close to the $200,000,000 mark, with such items as $50,000,000 for residental building, $50,000,000 for commercial building, $25,000,00 for industrial buildings, and $20,000,000 to $25,000,000 for public buildings. City authorities of St. Louis report that more than $60,000,000 in public works is under construction there, or will be during the next six months, and estimates that this municipal development program will lead to expenditures of close to half a billion within the next few years.

Los Angeles, $125,000,000; Seattle $30,000,000; Houston, $26,000,000; Dallas, $25,000,000; Denver $12,000,000; and Akron $10,000,000 are the estimates for some of the other cities mentioned in the report of the survey.

Smaller cities and towns too numerous to be mentioned will do their share, and it is apparent that everybody in the building industry will be "sawing wood" during the 1927 season.

SOCIETY

Large Crowd Hears Presbyterian Male Chorus Concert

Approximately $200 was raised at the recital given by the male chorus at the First Presbyterian church last evening. The money will be used in the purchase of a grand piano for the auditorium of the church.

The auditorium was taxed to capacity, extra chairs being placed in the aisles to take care of the overflow. The program, owing to the variety of the numbers, was one of the best ever presented here.

Solo numbers were rendered by Mrs. Hazel Griffith Moore, Mrs. Elizabeth Burford Baker, Mrs. Helen Boyd Sant, Miss Mildred Weaver, Joseph Lawton and Rowland T. Kaufman. The first part of the program consisted of sacred numbers, while secular music followed.

A feature of the second part was a comic duet, "Tenor and Baritone" in which Oliver Johnson took the part of the "sweet melodious tenor" and Wilbur Newman had the role of the "rich resounding baritone." Seven chorus numbers were also presented, the obligato parts being taken by Mrs. Baker, Miss Weaver, Mrs. Boyd and Mr. Kaufman.

Readings and impersonations by Miss Wilma Claire Vance, of Pittsburgh, added variety to the program. She presented a group of numbers during both parts of the program and was accorded loud applause with each appearance.

During the offertory a special instrumental trio was presented by Mrs. J. F. Calhoun, at the organ, Miss Jessie Hall, at the piano, and Miss Mildred Weaver, violinist. The program opened with a beautiful organ prelude, Scherzo in E Flat Major, by Mrs. Calhoun.

The concert was arranged and directed by W. A. Macdonald, Canton.

Another concert will be presented in April by the chorus, it was announced today.

Willing Workers Entertained.

The Willing Workers society of St. John's Lutheran church was entertained yesterday at the home of Mrs. Fred Walters, Pennsylvania avenue, with Mrs. Louis Conn as associate hostess. Mrs. John Kell read a paper on "Every Day Divine," and Mrs. Orin Schultz, discussed "Study to Be Quiet."

During the social hours, refreshments were served by the hostess, assisted by Mesdames Alvin Dietz, E. L. Heasley and Charles Kunkle. Places were arranged for 45 guests.

The next meeting will be held Thursday afternoon, March 3, at the home of Mrs. J. C. Reinartz, in Jackson street.

Bridge Club Dinner.

Members of the Thursday Evening Bridge club were guests last evening at the home of Mrs. Walter Ashbaugh on McKinnon avenue, with Mrs. William Gardner as associate hostess. A 6 o'clock dinner was served by the hostesses. Places were arranged for 12 persons.

Trophies were awarded Mesdames H. Dan Smith and Percy Blake.

Hostess to Church Classes.

The Amoma and Agoga classes of the First Baptist church were entertained last evening at the home of Mrs. L. D. Mann, 1731 Globe street. The social hours were spent with music and games. Refreshments were served by the hostess, assisted by Mesdame R. Tim Hall and Charles Howell, and Miss Cecil Higgins. Places were arranged for Misses Hazel Brown, Ila White, Cecil Higgins, Edith Higgins, Pauline Pickin, Mildred McKeone, Leona Munday, Helen Mountz, Geraldine Monday, Edna Funk, Grace Gates, Ruth Hall, Mildred Welling, and Ida Wilkes; Mesdames Dorothy Smith, Pearl Woods, Sara Bendon, Thomas Porter, Hilda Ruhl, Enid Ferguson, Pearl Phillips, Charles Aley, Ina Pace, R. Tim Hall, and Edith Howell; Messrs. R. Tim Hall, Dudley Allan, Leonard Higgin, Raymond McCoy, Oval Parsons, Robert Nagel, Raymond Haddock, Charles Howell, Verne Lewis, Charles Kittridge, Thomas Coleman, John Wetzel, Charles Och, Obed Scott, Charles Griffin, William Strause, Lartiel Parsons, Robert Woods and Melvin Welling.

Food Sale, Feb. 19th, Stein's.

Mrs. Harwood McKernan Hostess.

Mrs. Harwood McKernan entertained the members of the Ideal Social club last evening at her home in St. George street. A business session preceded a guessing contest. Trophies were awarded Mesdames Mary Walsh and Minnie Taylor. Luncheon was served by the hostess, assisted by her mother, Mrs. Belle McKernan, places being arranged for 15 persons.

A special feature was a handkerchief shower in honor of the birthday anniversary of the hostess and her mother.

Special guests were Misses Agnes O'Reilly and May Phillips, and Mrs. Margaret Scott.

Children who get the foods which satisfy their special needs

grow—sleep—play normally

Mothers who are constantly with their children, often cannot judge whether certain physical changes are taking place normally, or not. The changes are so slight from day to day. But they are very important.

For normal growth, there are special needs which must be liberally provided for, authorities now declare.

One of the most important of these needs is for an abundance of protein. It is helpful to know how much real value certain foods have. Almost one-fourth of a child's daily need for protein is supplied by a cup of Mother's Oats with a cup of milk.

Vitamins are needed, too—and plenty of minerals, if physical development is to be perfect. These also are richly supplied by Mothers's Oats with milk. And energy materials, and bran.

For Mother's Oats is a natural whole-grain food. Its careful millers take pride in using only the cream of the oat crop each year, and then milling it in special ways to preserve all the natural health essentials. Because it is milled with such extra care, it is even-textured and fine—you can count on it always to cook up to the even smoothness that you like—always to have the same rich flavor.

Two kinds—the kind you have always known or Quick (cooks in 2½ to 5 minutes). Both with coupons interchangeable with Aunt Jemima coupons, which bring you silverware, household conveniences, toys, etc.

PILL-TAKER FREED FROM HIS HABIT

ALL-BRAN brought natural relief from chronic constipation

Constipation is almost a universal curse—father of more than forty diseases. Yet there is real assurance in Mr. Ladue's letter:

"After sixteen years of taking pills, it cured me. If the millions of people that suffer from constipation only knew what Kellogg's ALL-BRAN would do, some of the pill-makers would go out of business. Every doctor should recommend it. I tell all that I know so that they can get the joy out of life I am getting since I started on Kellogg's ALL-BRAN 3 months ago."

MR. JULIAN LADUE
Burlington, Vt.

Hollow cheeks, pimples, listlessness are some of the symptoms. Don't risk it another day. Kellogg's ALL-BRAN is guaranteed to relieve constipation. Two tablespoonfuls daily—in chronic cases, with every meal.

Delicious with milk or cream—and add fruits or honey. Use in cooking. Comes ready to eat. Sold and served everywhere. Made by Kellogg in Battle Creek. Recipes on package.

Why Stay in the Frigid North

COME TO THE Gulf Coast

The American Riviera

From New Orleans east along the L. & N. Railroad to River Junction, Florida, are nearly four hundred miles of semi-tropical water and shore. This is the Gulf Coast, one of the most beautiful and comfortable regions in all the world.

An equable climate; a wide variety of outdoor sports and pleasures; splendid accommodations of every kind, and easy access from the North, have made the Gulf Coast a favorite place for more people each year to spend the winter.

If you like outdoor sports, exploring historic places, dancing —or just resting under blue skies and a golden sun, you will like the Gulf Coast.

UNCLE SAM INVESTIGATES VICE IN YOUNGSTOWN

FEDERAL PROBE IS DIRECTED BY BERNSTEEN

Police Alleged to Have Failed to Solve Crimes.

USE $10,000 FUND

Rum Offenses, Robberies and Murders Prompt Action.

CLEVELAND, Feb. 18.—Federal investigation of Youngstown and Mahoning county vice conditions has been going on for a month, according to announcement of A. E. Bernsteen, U. S. district attorney, here today.

Alleged failure of Youngstown police to solve various crimes, ranging from violation of liquor laws to juvenile depredations, robberies and murders resulted in the federal authorities taking a hand, it was stated.

County Prosecutor Ray Thomas recently requested at $10,000 fund from the county treasurer under an old law which provides an appropriation in communities where unusual prevalence of crime exists.

Secret agents have been working under this fund for several weeks to secure information for Thomas.

REPORTS FROM STOCK MARKETS

NEW YORK, Feb. 18.—The dividend paying railroad stocks were the center of interest in early trading in the stock market today, and, under the leadership of Pennsylvania, Atchison, Baltimore & Ohio and Union Pacific, the march to higher price levels went forward without interruption. Huge gains in net 1926 income by the railroad companies, reported after the close of yesterday's market, furnished the principal incentive for the insistent buying demand for the better grade of transportation stocks.

Pennsylvania, which has been practically dormant during the wild and buoyant market in the speculative rails, jumped into the limelight with an enormous volume of sales on the way up to 61½, the highest price since 1914. Northern Pacific and Great Northern, the basis of the new Northwestern merger, equalized each other around 91¼; while stocks of the "Southwestern merger" group, Kansas City Southern, Katy and St. Louis Southwestern commanded a strong and active market.

Profit taking in the non-dividend rails as well as in the motor and specialty stocks resulted in a moderate decline in the well known stocks in these groups, and the market as a whole was irregular and unsettled in the second hour.

Call money renewed at 4 per cent, and no disappointment was expressed over the failure of the New York reserve bank directors to lower the rediscount rate from 4 to 3½ per cent. Commodity markets were steady.

City is Defendant In Two Civil Suits In Municipal Court

City of East Liverpool was made defendant in two suits for damages, one for personal injuries and the other for an automobile accident, filed in municipal court today.

Mrs. Harriet A. Carraher, 1028 St. Clair avenue, is seeking $500 for injuries which she sustained when she slipped on grease on the sidewalk near the Central fire station, Broadway, on October 2, 1926.

In the fall she sprained her left ankle, dislocated a bone in her left hand, tore the muscles and ligaments in her arm and injured her back. As a result of the accident the plaintiff claims she was confined to her bed for two weeks. Negligence on the part of the city in allowing the oil and grease to remain on the sidewalk is charged. Hill and Davidson filed the action in behalf of Mrs. Carraher.

M. A. Young, 518 College street, is seeking $95.60 for damages done to his automobile when it is alleged to have dropped into a hole in the street near a manhole at the intersection of Pink alley and Market street on May 23, 1926. He charges that the manhole opening extended above the surface of the street for more than a foot. He is represented by Attorney W. S. Foulks.

Commodore Gerry, Aged 89, Friend Of Children, Dies

NEW YORK, Feb. 18.—Commodore Gerry, 89, philanthropist, and friend of children and animals, died at his home here today after an illness of several weeks. He sustained a fractured hip in a fall several weeks ago and had been confined to his bed.

Gerry was formerly president of the New York Society for the Prevention of Cruelty to Children. He was formerly vice president of the American Society for the Prevention of Cruelty to Animals.

He was a grandson of Eldridge Gerry, vice president of the United States and one of the signers of the declaration of independence. He was the son of Thomas R. Gerry, formerly of the United States navy, and Hannah Goelet, daughter of Peter P. Goelet.

19-year-old Lad Must Pay Penalty For Girl's Murder

TALLAHASSEE, Fla., Feb. 18.—Nineteen-year-old Rufus Chesser's last hope for life went a-glimmering today when the state supreme court refused him a writ of habeas corpus. He will die in the electric chair at 2:30 o'clock this afternoon for the murder of his sweetheart, Sally Boyles, the youngest man ever to be executed in the state.

The state pardon board, headed by Governor John W. Martin, refused in a special session to commute the death sentence of the youth who was only 17 years old when he murdered his sweetheart, seven years his senior, in September, 1925, on the day before they were to have been married.

Girl and Youth Kidnap Banker, Then Steal $5,000

PLYMOUTH, Mich., Feb. 18.—A yellow wigged girl and a youth today kidnaped Frank Pierce, elderly banker, and then forced him to open the Plymouth United bank branch where the bandits obtained $5,000 from a vault.

After looting the vault the bandits drove Pierce seven miles into the country, where he was released.

CHEVROLET CAR REPORTED STOLEN

Lewis Willard, Lisbon, reported to the police last night that his 1926 model Chevrolet touring car had been stolen while parked on Broadway between 7:30 and 9:30 o'clock last evening. The machine carried license tags No. 388-002.

M'NARY-HAUGEN BILL SENT TO WHITE HOUSE

Farm Relief Measure Placed on President's Doorstep.

VETO EXPECTED

Political Observers See in Action Answer to Riddle of 1928.

BY WILLIAM S. NEAL.

WASHINGTON, Feb. 18.—Congress laid a swaddling infant—the $250,000,000 McNary-Haugen farm relief bill—on the doorstep of President Coolidge today.

The youngster was clothed with political dynamite and yelled loudly for a chance in life. Mr. Coolidge was given the task of adopting the child or turning it back to congress.

Administration supporters were sharply divided in their predictions. The majority opinion is that he will veto the bill. Those who believe in the veto denounce the bill as a price-fixing measure and a dangerous experiment which would put the government in the farming business.

Sponsors of the bill, on the other hand, declared that Mr. Coolidge had left the problem to congress and thereby was virtually pledged to sign it.

Alternative Course Open.

Political observers saw in Mr. Coolidge's action an answer to the riddle of 1928. Approval of the bill, they asserted, would be tantamount to a declaration of his candidacy for the next Republican presidential nomination.

With the middle west aroused over the farm relief problem, a veto would boom the stock of two other presidential aspirants, ex-Governor Frank O. Lowden, of Illinois, and Vice President Charles G. Dawes, it was predicted.

An alternative course open to the president is to permit the bill to become a law without his signature, but few believe that he will adopt the negative course.

Party Lines Badly Split.

The bill was passed last night by the house, 214 to 178, after a spectacular fight of nine hours, in which the farm bloc rode down all opposition. The margin of victory, 36 votes, was about what had been anticipated, and it is too small to permit of hope of repassage over a veto.

Party lines were badly split. The leaders in both parties voted against it. Generally, the line-up found the agricultural middle west and and west in support, and the industrial east against it. The south was divided, but a majority of the southerners supported it.

Thirteen states voted solidly for the measure — Arkansas, Arizona, Idaho, Indiana, Iowa, Mississippi, Montana, Nebraska, Nevada, North Dakota, South Dakota, Utah and Wyoming.

Eight states voted solidly against it—Vermont, Rhode Island, New Jersey, New Hampshire, Connecticut, Delaware, Maine and Massachusetts. The large New York delegation have only two votes in favor of it and 37 against. Ohio split, 8 for and 12 against, Illinois, 18 for and 7 against; Pennsylvania, 8 for and 19 against.

What Measure Provides.

The bill, as passed is exactly as it came from the senate, thus it goes straight to the White House. Briefly it does this:

Creates a federal farm board, appointed by the president from nominees selected by farm organizations.

Loans $250,000,000 to the board from the federal treasury.

Permits the board to declare an emergency exists in wheat, cotton, corn, rice, tobacco and swine, on approval of more than half the producers.

Permits the board to make agreements with cooperatives or processors to finance the purchase, storage or sale of the commodity to remove a surplus from the market.

Creates a stabilization fund for this purpose, provided by the levying of an equalization fee upon each bale of cotton, each bushel of wheat, etc., which is sold.

Permits the board to insure producers against price fluctuations and loan money to cooperatives to establish terminal marketing facilities.

Charged With Non-Support.

Clarence Wright, Sunnyside avenue, was arrested by Captain of Police Conley last evening upon affidavit signed by his wife, Mrs. Alice Wright, charging him with the non-support of his two children, John, 7, and Kathleen, 5. Wright was released today to confer with Solicitor Hoover, representing the wife, regarding a settlement.

say that he is sorry he committed the murder. A childish reason, for lack of repentance is only one more proof of youthful delinquency.

In any case, the boy will not be executed, even if put on trial for murder. Capital punishment survives, but killing children is no longer part of "civilization."

OPEN GLENDALE REVIVAL MEET

Evangelist Trager Preaches in Mission at Joetown.

Evangelist John Trager.

Evangelist John Trager, of Philadelphia, opened a 10-day revival service in the Glendale mission, at Joetown, back of Newell, last evening. Services will be held at 7:30 o'clock each evening an don Sunday at 3 p. m. His subject for tonight's sermon will be "A Physician, Who Never Lost A Case."

Rev. Mr. Trager based his sermon on John 3:16 "For God so loved the world" for his opening service. This passage of scripture, according to the evangelist, is the "biggest text in the Bible." A song service will precede the preaching.

The evangelist, known as a "real old-fashioned preacher," has conducted services in 24 states and Canada. Before entering the ministry, Rev. Trager fell ill and promised, if allowed to live that he would enter the evangelistic field.

Uncle Sam Acts In Nicaragua to Check Another War

WASHINGTON, Feb. 18.—The American government has decided to smother the Nicaraguan civil war, hoping thereby to prevent a general conflagration in Central America.

This was the only explanation advanced today for the sudden dispatch of 1,400 additional marines to the little republic. With these reinforcements, the United States will have in Nicaragua a mobile force of rifles equal in size to the Sacasa revolutionary army, and, of course, enormously superior in effectiveness.

The smothering process apparently is to involve policing the entire country, from Honduras on the north to Gautemala on the south, no light undertaking in view of the scarcity of good roads and transportation. How long it will be necessary can only be guessed, but the concensus today was that the marines are in Nicaragua to stay for a long time.

"TEXAS" GUINAN'S CLUB PADLOCKED

NEW YORK, Feb. 18.—As the result of the most sensational liquor raid staged on Broadway, the "300" club, of which the famous "Texas" Guinan is the hostess, was ordered padlocked for a period of six months by Federal Judge Bondy here today.

The place was closed on charges of violating the prohibition law.

Texas herself will be haled into court tomorrow, to face charges of possession and sale of liquor. United States Attorney Lowell Wadman announced that contempt proceedings also would be brought against the jovial hostess, charging that she violated a previous injunction restraining her from selling liquor.

Circus Clown Falls Dead.

COLUMBUS, Feb. 18.—The body of Alfred Flemm, 50, veteran circus clown, was to be brought here today for burial from the home of his mother. Flemm fell dead after a performance at the Shrine circus in Detroit.

SEA IS COMBED IN VAIN FOR MISSING SHIP

Fate of Freighter Elkton is Still Unknown.

CALLS FOR HELP

Vessel Believed in Distress North of Island of Yap.

MANILA, Feb. 18.—The fate of the shipping board freighter Elkton, which sent out distress signals Wednesday night, was still unknown today.

The steamer Liberator which answered the call for help was unable to locate the vessel and is proceeding to Honolulu.

Reports received here indicating the Elkton was 200 miles west of Iloilo were not correct. The vessel is thought to be north of the island of Yap, about the latitude of Guam, and at least 1,000 miles from the Philippines.

80 New Measures Await Action After Assembly Recess

COLUMBUS, Feb. 18.—While both branches of the Ohio legislature were recessed today over the week-end, 80 new measures were awaiting second reading and reference to standing committees.

Just before the solons recessed late Thursday, 35 bills were thrown into the senate hopper and 45 measures were offered in the house, raising the total number of bills introduced this session to 497. Of this number 323 were introduced in the house and 174 in the senate.

A sterilization of mental defectives is provided for in a bill introduced by Representative C. E. Knapp, Medina county. Representative C. M. Emory, Pike county, offered a bill to penalize clergymen, magistrates and probate judges if they marry persons forbidden by law to wed.

100 Fathers, Sons Attend Joint Party At Y. M. C. A. Here

Nearly 100 fathers and sons attended the joint party held at the Y. M. C. A. last night under the auspices of the boys' work department.

In the absence of several fathers, some of the older boys assumed their places. The sons won the basketball relay race, while honors for the individual evenis were divided.

Winners in the contest ate pie a la mode while the losers were served baked beans.

MINER-OPERATOR PARLEY RECESSES

MIAMI, Fla., Feb. 18.—Making no headway in reconciling drastically opposite views over a new wage contract, the sub-committee of the bituminous miners and operators adjourned this afternoon until Monday.

Leaders announced that today's secret session disclosed that the miners and operators were no nearer a peaceful settlement than they were last Monday.

RADIO CONTROL BILL ATTACKED

WASHINGTON, Feb. 18.—With a final vote in sight before night, opponents of the Dill-White radio control bill this afternoon launched their closing fight in the senate.

The measure was attacked by Senator Pittman (D) of Nevada, as inconsistent, careless and as failing to protect the interests of the people or the government. He charged that if the bill is enacted into law, the great broadcasing stations can compel millions of Americans to pay for the privilege of "listening in" to their radio programs.

Cincinnati Lawyer Dies.

CINCINNATI, Feb. 18.—Lawrence Maxwell, 73, one of the most prominent lawyers in this section of the country, a native of Glasgow, Scotland, died at his home here early today. He is survived by the widow and two daughter of this city, and a brother, W. K. Maxwell, of New York City.

Diehl to Attend East Palestine's Motor Club Meet

Elimination of gasoline pumps which do not show the correct measurement, was discussed by representatives of sealers of weights and measures from eastern Ohio at Warren, yesterday. E. M. Diehl, secretary of the Columbiana County Motor club, attended the conference as a representative of the Ohio State Automobile association.

The sealers will urge the launching of a campaign to eliminate all pumps except those equipped with the visible fountains.

Diehl will go to East Palestine tonight where he will attend a meeting of the East Palestine members of the organization.

Senator Guy Goff Takes all Blame From H. M. Daugherty

NEW YORK, Feb. 18.—Senator Guy D. Goff, of West Virginia, who was assistant attorney general under Attorney General Harry M. Daugherty, took the witness stand today in the Daugherty-Miller conspiracy trial, and assumed full responsibility for the approval of the $7,000,000 Swiss society claim, and removed all blame from the shoulders of the former attorney general.

Former Attorney-General Daugherty is on trial with Thomas W. Miller, former alien property custodian, charged with conspiracy to defraud the government.

Lively Debate in Council

favor of a new truck, while Kelly expressed the opinion that it would be a waste of money to buy a new truck when purchase of a chassis would solve the problem. He declared that a light truck should be housed in the Northside station to answer calls to the annexed zone, while heavier types should be kept in the Central and East End stations.

Prepare to Extend Water Mains.

Service-Safety Director Moore took the floor and in a vigorous talk supported the attitude taken by Kelly with the exception that he did not see the need of a pumper in the event new apparatus were acquired.

Fire Chief Bryan, requested to express his views, declared he favored new equipment against the assembled type. Questioned by Mayor Benedum as to the condition of apparatus in the East End station, he asserted that while it was in good shape he did think it was a real piece of fire fighting equipment. The mayor in closing his queries declared that the chief's views did not correspond with those he expressed to the chief executive on the same question a month ago.

Resolution was passed under suspension of rules, authorizing the service-safety director to advertise for bids on 250 tons of cast iron pipe and fittings and also 25 fire hydrants which will be required to extend water mains to the recently annexed territory.

R. E. Hoopes, part owner of Fisher Park, read a statement in which he called attention to the fact that as his property was in annexed territory he desired to submit to council plans which he had made for improvements and which would now be made under the direction of the service department. President Kerr named Members Goodballet, Kelly and Kommell with City Engineer Clapsaddle to confer with Hoopes.

Ordinance was passed under suspension of rules providing for the sale of bonds amounting to $1,600 to pay damage claims to trustees of the Second Presbyterian church and Mrs. Jennie Hamilton. Like ordinance was adopted for the sale of $9,000 in bonds to liquidate the debt of Peter Milliron for sewer work in East End.

Petitions were presented from property owners urging improvement of Watson and Monaca streets.

Ordinance was passed on second reading reducing assessments on four properties in East End. Motion to suspend the rules was defeated by negative votes of Farrall and Kommell.

Affections Lost, Asks $50,000.

CINCINNATI, Feb. 18.—Charging that Abe, Nathan, and Samuel Zimmerman, all of Cincinnati, have alienated the affections of their brother and her husband from her, Mrs Frank L. Zimmerman filed a $50,000 damage suit against the three brothers in common pleas court here.

JOIN CHURCH, PASTOR URGES

Four More Profess Conversion at Church of Christ.

Four persons professed conversion at last night's revival service at the First Church of Christ. The sermon was delivered by Rev. B. R. Johnson while the music was led by Rev. Clarence Hanna, Cleveland musical director.

A baptismal service will be held at the conclusion of the preaching service tonight. The sermon subject will be "Why the Disciples Immerse." Rev. Hanna will render a solo, "The Savior's Voice." A delegation from the Pennsylvania Avenue Tabernacle church will attend tonight's service.

In his Thursday evening's sermon, Rev. Mr. Johnson said:

"Christ is the head of the church. Above all powers, rules and principalities is Jesus. The church is His body and when we unite with the church we are joined to the body of Christ. The head of the body is Christ and He is in heaven. There is no head on earth. Christ has all authority and delegated authority to his apostles and sent them forth to preach the gospel and baptize those who believe.

"If I was preaching to an audience who had never heard of God, Jesus or the gospel, I would tell of God, his love, the sending of his son, Jesus Christ, into the world. If you heard the word of truth, believed the word, repented of your sins and confessed your faith in Jesus, I would baptize you into the name of the Father, Son and Holy Spirit. This would make you a member of Christ's body, a member of his church.

"If you want to know how, when and who organized the Christian church you must read the book of Acts. This book tells how men were converted in the days of the apostle's preaching. Jesus said, 'He that confesses me before men, him will I also confess before my Father who is in heaven.'

"While getting into the church is essential, and all should unite with the church as Christ has commanded, yet we fail of getting the reward prepared for the blest if we stop at the waters of our baptism Faith, repentance, confession and baptism, is the process which brings us into the kingdom, the new birth.

"In the first chapter of second Peter we find the steps necessary to take, in order to have supplied unto us an abundant entrance into God's eternal kingdom. We are told to add to our faith. Add to your faith, virtue, to virtue, knowledge; and to knowledge, temperance, and to temperance patience; patience Godliness; to Godliness brotherly kindness; to brotherly kindness love. For so an entrance shall be ministered unto you abundantly into the everlasting kingdom of our Lord and Savior Jesus Christ.

REVIVAL MEETS CONTINUE HERE

Timely Sermons Being Delivered by Rev. L. S. Hoover.

Large crowds continue to attend the revival meetings in the Oakland Free Methodist church in charge of Evangelist L. S. Hoover of Tionesta, Pa.

Last night his subject was "The Power of Human Influence." He spoke in part: "We recognize ourselves as will power transmitters for good or evil. Influence is that indescribable power that goes forth from each life to affect another soul for good or evil. We are social beings, therefore, everyone with whom we come in contact will be affected by our life. If we are real Christians people will be drawn to church, if we are not, souls will be driven away from God.

"You have seen the little pebble in the water lightly thrown, but a hundred little rippies going on and on and on. So it is with influence. In the judgment we shall be judged not only by what we are but from the standard of what we might have been by the grace of God. If we might have been saved and helped to save others and failed to do it, what a fearful condemnation will be ours. How important it is then that we get saved and live for God."

CHESTER PASTOR TO FILL PULPIT

RE-OPENING OF MAYOR FOGO OUSTER CASE ASKED

REMOVAL SUIT ARGUMENTS SET FOR SATURDAY

Petitioners Will Cite Appellate Ruling at Steubenville.

COURT WILL ACT

Wellsville Citizens Claim Verification of Pleadings is Not Required.

Ouster fight of 417 Wellsville electors against Mayor W. L. Fogo, which was halted yesterday in common pleas court, Lisbon, when Judge Thomas S. Price granted the defense motion for dismissal, will be resumed tomorrow morning when arguments for a re-opening of the case will be heard by the court.

The removal case, originally docketed for next Tuesday, was brought up when Attorney J. H. Brookes, representing Mayor Fogo, was successful on a motion for dismissal on the grounds that the contents of the petitions filed by the prosecution lacked verification.

Judge Price announced today, however, that he is prepared to hear arguments on a motion by Attorneys W. H. Spence and W. A. O'Grady, representing the prosecution, for a re-opening, counsel for the petitioners basing their action on the outcome of the Mayor J. H. Patton removal proceedings in Steubenville.

In the Patton case, the appellate court was unanimous in a ruling that the case stood despite the fact that the pleadings had not been verified.

Defense counsel also cite section 4268 of the general code which, they point out, does not require verification in a petition of removal filed with the governor, the procedure adhered to before authority was given common pleas court to act in such cases.

The decision of Judge Price yesterday was based on general law practices, in which verification is required.

Judge Louis T. Farr, member of the district court of appeals, has submitted a copy of the appellate court's opinion in the Patton case to Judge Price for the latter's consideration.

"FRIEND NIGHT" AT U. P. CHURCH

Special Sermon to be Delivered by Pastor.

"A Good Man Who Went to Hell and a Bad Man Who Went to Heaven" will be the subject of a sermon by Rev. R. W. Ustick, pastor of the First United Presbyterian church, at tonight's evangelistic meeting in the church.

"Bring a friend night" will be observed, each member of the congregation being urged to take a companion to the services.

Special vocal selections will be rendered by Mrs. Elizabeth Baker who also will lead group singing.

Large crowds were present at the Wednesday and Thursday night meetings, the attendance being swelled by delegations on each night from the McCullough Jefferson County Children's Home, at Yellow Creek.

The special services, which have been under way during the week, will continue through Sunday with meetings on Sunday morning and evening.

There will be no services Saturday night.

Will Visit In Florida.

Rev. J. H. Porter, of Anderson avenue, has left for an extended visit in Florida where he will seek to regain his health.

YELLOW CREEK CHURCH PROGRAM

Services will be held Sunday at 11 a. m., and 7:30 p. m. in the Yellow Creek Presbyterian church. Rev. K. J. Stewart's evening subject will be, "God's Hand in History—Washington." Sunday school will meet at 10 a. m., and the Young People's society at 7 p. m. The subject will be, "Our Duty as Christian Citizens."

Services will be held in the Long's Run church Sunday afternoon at 2:30 o'clock. Sunday school will convene at 1:30 o'clock.

Officers of the church now are engaged in an intensive campaign in the interests of the church pension fund.

REV. R. W. USTICK AT STEUBENVILLE

Rev. R. W. Ustick, pastor of the First United Presbyterian church, will conduct services during next week in the First United Presbyterian church in Steubenville.

Meetings will be held each evening of the week. Rev. James Best is pastor of the Steubenville church.

STUBBORN, UNSIGHTLY PIMPLES ON FACE AND BACK

Skin now clear and smooth

Doubs, Md., July 13:—"Three or four years ago, my face and back broke out with pimples and blackheads. When I picked or pressed them they would get very sore and burn. I used several kinds of cold cream, but none of them helped a bit. Then I happened to see your advertisement and thought I would try Resinol Soap and Resinol Ointment. Within a few weeks I had not a pimple or blackhead at all and now my face is nice and smooth. I have also found Resinol Soap very refreshing after coming in out of the sun or wind." (Signed) Miss Elsie E. Painter.

If you are troubled with a rough, pimply skin, ask your druggist today for Resinol Soap and Ointment, and see what an improvement a week's use will make.

REV. B. H. POCOCK RECEIVES CALL

Nazarene Church Votes Him Sixth Year in Pastorate.

Rev. B. H. Pocock, pastor of the Church of the Nazarene, has been tendered a call for his sixth year here, it was announced today.

During the past few months the church has been remodeled. More funds passed through the hands of the treasurer last year than at any time since the church was organized. Approximately $2,000 was expended for improvements. The church now has a seating capacity of about 250. During the past four years the membership has more than doubled.

A Young People's society will be organized next Wednesday night, when Rev. G. Howard Rowe, New Castle, Pa., district president, will deliver an address.

Dedication of the remodeled church will be held next month. Dr. J. H. Sloan, district superintendent, who will be in charge, will preach the sermon.

REV. FRANK HELME ACCEPTS CHARGE

Rev. Frank Helme, a former pastor of the New Cumberland Christian church has accepted a call to become the pastor of the Bellevue, Pa., Christian church and will begin his pastoral duties the first Sunday in March. Rev. Helme when pastor of the New Cumberland church resigned to accept the secretaryship of the Western Pennsylvania Missionary Society, and on Monday tendered his resignation to the society.

Rev. Helme succeeds Rev. E. H. Koch as pastor of the Bellevue church who resigned last September to go to Orlanda, Florida. Rev. Helme is one of the youngest ministers of the Pittsburgh district. He graduated from Bethany college, class of 1923. Following his graduation he became pastor of the New Cumberland church.

Scout Troop Meets.

Rev. W. J. H. McKnight, pastor of the First United Presbyterian church, had charge of the meeting of Boy Scout troop No. 24 last night in the church basement.

Rheumatism can't be rubbed away

Are you one of those unfortunates who suffer with pains in your muscles and joints, making you miserable, less efficient, interfering with your working hours, ruining your sleep?

You may have tried many things without relief. Why not try S. S. S.? For more than 100 years it has been giving relief in thousands of cases, as testified to in unsolicited letters of gratitude.

"I suffered from rheumatism for a good many years. At times my joints would swell so, I couldn't walk. I tried most everything. Went to Hot Springs and finally I decided to try S. S. S. I took a course. In a short time the rheumatic pains entirely left me. I also had a breaking out on my hands for years that nothing would heal, but now this has disappeared, and I am sure that it was S. S. S. which removed the cause. I am now in perfect health, and want to add that I have tried all kinds of medicines but I think S. S. S. is the best." Carl C. Campbell, 115 West Main street, Johnson City, Tenn.

S. S. S. is purely vegetable. It is extracted from the fresh roots of medicinal plants and herbs and gives to Nature what she needs in building you up so that your system throws off the cause.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

Brewer Funeral.

Funeral services for Alvin Lewis Brewer, 17-months-old son of Mr. and Mrs. Pearl Brewer, were held this afternoon in the home, Johnsonville, back of Chester, in charge of Rev. W. H. McKee, pastor of the First Presbyterian church. Burial was made in Locust Hill cemetery.

WEIRTON BLAZE BEING PROBED

Weirton police officials are investigating the cause of the blaze which destroyed the partially gas wrecked home of Thomas Battista shortly after midnight Wednesday. The blaze, it is stated, started on the second floor of the residence.

Employes of the gas company on Wednesday morning turned the gas off the line which ran into the house from the county road. This line, from which gas escaped is believed to have been the cause of the explosion.

The Weirton fire department answered the call sent in by neighbors who discovered the fire in the home, but were unable to check the blaze which had gained considerable headway before their arrival.

CLASS TOURNEY SCHEDULED HERE

Four teams will compete in the inter-class floor tournament to be held tomorrow morning and afternoon on the Rock Springs park floor. No admission will be charged.

This evening the Junior high basketball team will meet the Weirton Juniors at the latter place.

Chester high boys and girls are scheduled to clash here tonight with the Weirton high squads.

Sloan Funeral Services.

Funeral services for John Sloan, 76 years old, New Cumberland, will be held at 2 o'clock tomorrow afternoon in the home, in charge of Rev. W. S. Hamilton, pastor of the New Cumberland Methodist Episcopal church. Burial will be made at Toronto.

PASTOR TO SPEAK AT REVIVAL MEET

Rev. R. C. Ehrheart, pastor of the First Methodist Episcopal church, will speak tonight on the subject, "Home on Earth and Home in Heaven." This will be observed as "Family Night" at the revival meeting.

Special program will be given by a delegation from the Conway Methodist Episcopal church as follows: Duet, Rev. Roy Thompson and Miss Jeanette Mitchell; baritone solo, Andrew Porter; soprano solo, Miss Viola Parker, East Liverpool.

There will be no services tomorrow night.

Rehearsal Postponed.

Owing to the illness of Miss Peterson there will be no choir rehearsal this evening in the First Presbyterian church.

Arab, Negro Singers Plan Invasion of Paris This Year

PARIS—Paris will be invaded by Arab and Negro singers during the year, of 1927, according to promises made by theatrical and musical managers. Ben Said Bouzion, a young Algerian who has been studying music seriously for the past year, is expected to sing at the Opera Comique within a short time. Not a few among the North African tribes, particularly among the Kabyles in the mountains, have extraordinarily beautiful voices. A certain Beni Mahieddine, a tenor, is expected to make a great hit when he sings in Paris this winter.

Rangoon, principal city of Burma, now has 342,000 population.

Phone 319-R. Lisbon, Ohio.

REPORT FILED ON SHIPMENTS

Co-operative Plan of Live Stock Marketing Is Successful.

Live stock weighing 9,638,178 pounds went to market through cooperatives of Ohio during January, according to a report just announced by County Service Manager Phil E. Heim of the county farm bureau. Of this amount Columbiana county shipped 152,215 pounds valued at $4,996.63.

More than 19 per cent of the total amount shipped went directly from the feedlot to the packer, Mr. Heim declared. Such direct shipments have trebled during the last three years. In the stock shipped, hogs held first place as to the number marketed, with sheep next with calves and cattle in third and fourth place. All of the Columbiana county shipments went to Cleveland and Pittsburgh.

VERDICT UPHELD BY JUDGE PRICE

"Had you returned any other than a verdict for the defendant I would have set it aside," Judge T. D. Price informed a jury in No. 2 court room after it had returned a verdict in the case of Mrs. Mary Osborne of Salem against C. H. Walker. The case was carried to common pleas court on appeal, the money involved being but $29. The jury had the case less than an hour and returned a verdict in favor of the defendant.

Leave To File Answer.

In the foreclosure action filed in court Nov. 7, 1925, by Herman Gordon against William Fisher and others, the court has granted the plaintiff permission to file his reply to the answer of the defendant that was filed Jan. 4, 1926.

SPECIAL LODGE MEETS LISTED

Knights of Pythias lodges in this county will observe the 60th anniversary of the founding of the fraternity next week, six special meetings having been arranged for this event.

The first of these meetings will be held at Salem next Monday evening, and at East Palestine Tuesday evening. Lisbon will observe the anniversary Wednesday evening and Columbiana lodge Thursday evening. Sebring lodge will hold its anniversary meeting next Friday night, and a district meeting at Berlin Centre will close the series Saturday evening, Feb. 26th. Special programs of speaking and entertainment will feature all of these gatherings.

Divorce Decree Issued.

On the grounds of wilful absence for more than three years, a decree of divorce has been granted by Judge W. F. Lones to George Allison against his wife, Elizabeth Allison, an action that was filed on the appearance docket December 27 last. The decree was granted upon the payment of costs in the case.

Sale Confirmed.

In the case of Mrs. E. F. McCrea against Charles Dorsey, for money and the appointment of a receiver, the sale of property has been confirmed, and a distribution has also been ordered. William B. Moore as receiver has been discharged, and released from further liability.

Marriage Licenses.

A marriage license has been issued to Kenneth Glenn, a painter of East Liverpool and Miss E. Agnes Turner, daughter of Mr. and Mrs James A. Turner also of East Liverpool. The couple are to be married by the Rev. J. G. Reinartz of St. John's Evangelical Lutheran church at East Liverpool.

Damage Case Dismissed.

The $5,000 damage action pending in common pleas court since Sept. 18, 1925, of George S. Patterson against the Salem Rubber company has been dismissed by the plaintiff, and at his costs.

LEETONIA STORE ROBBERY SOLVED

The robbery of the Cavanaugh Bros., store at Leetonia several months ago is declared to have been solved by the arrest at Toledo of Americo Stumpo, whom Toledo police have advised county authorities has confessed to the robbery of several stores in the Leetonia and Columbiana district. A warrant for the arrest of Stumpo has been issued from the court of Mayor Galen Lodge at Leetonia and given to Sheriff George Wright. Toledo police have been instructed to hold the prisoner for an officer from this county.

Granted Leave To File.

Leave to file an amended petition on the part of the plaintiff and the defendant the right to refile his answer has been granted by the court in the case of William Walsh, by his next friend, Harrold Powell, against John Milbuck. In this case the plaintiff seeks $25,000 damages for personal injuries sustained at the hands of the defendant. The original petition was filed February 20, 1925.

Restored to Maiden Name.

Although Ruth E. Walton was granted a divorce from her husband Joseph P. Walton Jr., on the grounds of wilful absence, Feb. 4th, she was not restored to her maiden name at the time, although the petition sought such court order. The case went before the court again on a motion of the plaintiff and a supplimental order has been handed down, restoring the plaintiff to her maiden name, that of Ruth Gilson.

Case Dismissed.

The case of Ray Bowersock against Clarence Bowersock for $112.50 claimed to be due on an automobile, and carried to common pleas court on appeal from a lower court has been dismissed on a motion of the plaintiff and at his costs. Judgment has been handed down against the plaintiff for the costs in the action. This case was filed June 5, 1924.

Secure Right of Way.

The Ohio Power Co., in order to extend its transmission lines into the western part of the county, has taken a right of way through the lands of E. E. Starkey at Kensington, the stipulations in the agreement being $1 and other valuable considerations."

Real Estate Transfers.

Real estate transfers have been recorded as follows:

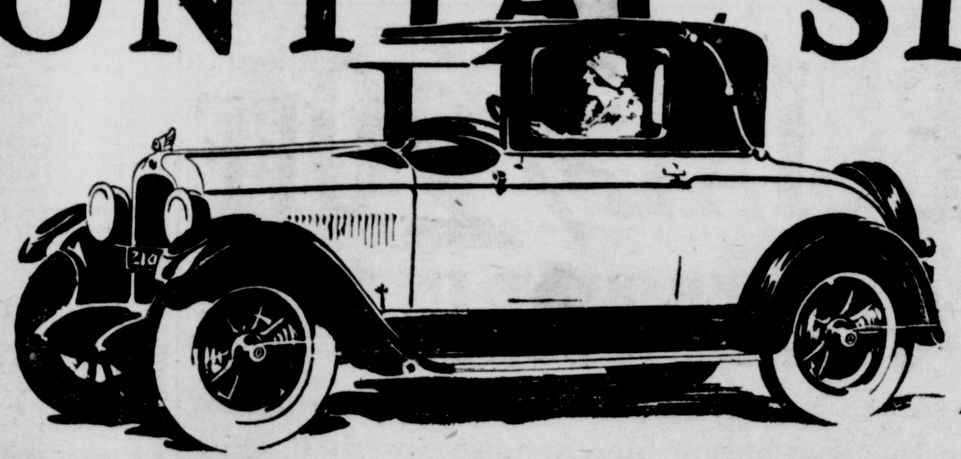
EVEN STRONGER
to the
PONTIAC SIX



ASIDE from the overwhelming success enjoyed by the Pontiac Six, probably the most significant compliments paid to the car are the attempts being made to imitate its appeal. Yet for all the conscientious and capable effort expended in that direction, Pontiac sales continue at record-breaking figures; *and, what is more important, the tide is turning stronger to the Pontiac Six!*

Thousands inspected the Pontiac Six last year. Impressed as they were by its beauty, size and obviously fine construction, some of them cautiously deferred purchase until "the car had proved itself by a year of actual service". And this, despite the fact that the Pontiac Six was sponsored by General Motors and had undergone three years of testing and developing on the General Motors Proving Grounds!

But now that year of service has been completed—with flying colors, too! The number of actual owners is now well above 70,000—the largest ever won by a new make of car during a similar period. Under the most trying and drastic conditions, Pontiac Six design proved itself—for performance, for reliability, for economy and for the ability to endure the pitiless pounding of top speed driving, hour after hour.

And when a low-priced six as beautiful, powerful and as comfortable as the Pontiac Six so clearly proves itself to be right—

—it is only *natural* that buyers should prefer it so strongly over what the market affords!

Pontiac Six, $825 to $975. Oakland Six, companion to Pontiac Six, $1025 to $1295. All prices at factory. Bodies by Fisher. Easy to pay on the liberal General Motors Time Payment Plan.

Speed, Punch, Smartness Give Delaney Edge in Big Battle

But Experts Don't Overlook Maloney's Weight Advantage

Nineteen Thousand Will Jam Way Into Madison Square Garden Tonight at Total Cost of About $200,000; Scalpers are Busy.

By Davis J. Walsh.

NEW YORK, Feb. 18.—Fistiana's toreador—lithe, graceful, good to look at but deadly in his cold blood—and the bull image of a man from the Boston fish market will have at it tonight in all the blood fury of ancient Rome at its height—or depth.

The occasion will be semi-championship heavyweight meeting between Jack Delaney, that majestic scion of the north woods, and Jimmy Maloney, the fishmonger with the paunch of a brewer and the charging rush of a bull. They will meet over the ten r[illegible]nce and so agitated is the populace over the prospect that M[illegible]e Garden will suffer a terrible rush of customers to the portals.

Nineteen thousand, in all, will observe the proceedings as best they may. Their number might well have been trebled, for New York has gone stark mad over the match and would have thrust money upon poor Mr. Rickard with great avidity if the gentleman were in a position, these many weeks, for some mysterious reason, and the speculators have been considerably irritated by the number of gents they have been forced to push upon the chest.

Scalpers' Rates High.

Current prices were said today to be $125 for a $22 ticket, the idea being that there is one born every minute and most of them live long enough to reach the streets. A matter of $200,000 in legitimate money will be in the house by the first minute of play but the actual total paid by the addicts for the privilege of being present defies estimation. Each of the principals will receive about $50,000. The estimate is in round numbers but the pay-off will be in strictly American money.

The match, in other words, is a "natural," the kind that seldom smokes up outside the usual bout of bouts for the heavyweight championship. As to that, many of the boys have achieved the notion that they will be gazing upon the future champion tonight and that idea never kept anybody at home. There will be other hurdles to take before the winner goes through to a title meeting with Gene Tunney but this one is regarded by some as the highest in the field, regardless of their choice in the betting.

The odds have run strongly to Delaney, the combination fencer and bludgeoner, during recent weeks but he was a shrinking favorite today. The inevitable shifting of the tinhorn to the short-end man has set in and so has the customary pre-fight rumor that the smart money is going in on Maloney. The latter's chances are held at 2 to 3 at the moment but the prospect was for even money at the ringside and take your choice—if you must.

For the choice this time is not one that comes readily to even the most subtle of intellects. Delaney's advantages are more than few; Maloney's are at present impressive. He will come into the ring at 200 pounds against not more than 174 for Delaney. The difference in heft will mean plenty, even in a short fight. Maloney also will top the other considerably in the matter of sheer strength. That, too, will have its effect if he can get to wrestling around with his man.

The prospects are that he can't. Delaney, a Pavlowa for speed and trained within an inch of his life, will make a running fight of it while awaiting the pot shot for which he is famous. Superiority in speed will be with Delaney; also in sharpshooting for he has the greatest right hand in all boxing and usually one punch is about all for the evening. Jack is the quickest finisher in the racket.

Maloney is a fast man for a heavyweight but not as fast as Delaney. The former also is a fair hitter but Delaney, too, has the edge in that department. Just what kind of a target he will get is another matter, since Maloney carries his left shoulder over his jaw. However, the writer saw him crossed with a sparring partner's right this week and, besides, Delaney almost tore Berlenbach's heart out with rights to the body.

As to condition, I must give that to Delaney too. He has never before trained so well. Maloney didn't look good to me last Monday but then it is not my purpose to set myself up as a judge of physical condition. Many expressed themselves as satisfied with the young man's preparation but Jimmy De Forest is not included.

The fight, in any case, has been hailed as the greatest attraction ever held indoors. I concur with that but not with the sentiment that two of the greatest fighters of the age will be with us. Both have trick chins; both blow up or are inclined to do so. Both have made poor fights against indifferent opponents, although there seems to be little doubt that Delaney is one of the greatest light heavyweights that ever lived.

But to me he is a good man going out of his class. I don't think out of it tonight, however. Maloney, a good second rater a few months ago, has had a build-up through mere victories over De Kuh, Diener and Rersson. Delaney's build-up comes through Berlenbach and McTigue, light heavyweights, and Gorman, a broken-down-if-ever-up heavyweight. Those records analyzed, are not impressive.

But, in a man to man survey, Delaney has the undoubted class, in spite of the difference in the weights. Speed, intelligence and the punch usually win. They probably will tonight.

CITY LEAGUE "STANDS PAT"

Six Clubs of Last Year Will Compose Circuit.

Assurances were made that the City Industrial Baseball league would be composed of the same six-club circuit as last year, during the season of 1927 at an initial session of the organization magnates in the Chamber of Commerce rooms last evening.

Representatives of Victor Motor, Laughlin, Wellsville, K. T. K., Turk-Nash and Chester teams were in attendance. The meeting was presided over by President C. C. Cline.

Tentative plans were announced of possible new playing fields, with the improvements of others utilized.

Announcement was made of meetings held by several slubs of the diamond aggregation at which plans for the season had been outlined.

In attendance were Robert McHenry of Victor Motor, Saul McCoy, of K. T. K., Joseph Dickey, of Laughlin, Mayor Frank Riley, of Chester, John Fowler of Turk-Nash and a representative of Charles Armstrong of Wellsville.

Saul McCoy, who piloted Laughlin to two mid-half pennants in 1925 and '26, thus putting the Newell aggregation in as many baby world series clashes, the last of which he won, has taken over the K. T. K. management.

McCoy, having for several months been connected with the K. T. K. plant, has accepted the new berth thus offered him. For the time being the interests of the Laughlin contingent are being looked after by Joseph Dickey, the club's business manager.

Agreement was reached to hold another meeting on March 3.

CINCINNATI, Feb. 18.—Denison university was a step nearer the Buckeye association basketball championship today after slipping over a 29-24 defeat to Cincinnati university here last night.

MANAGERS FACE TICKET PROBE

NEW YORK, Feb. 18.—Pete Reilly and Dan Carroll, respective managers of Jack Delaney and Jim Maloney, will be hailed before the boxing commission today to be interrogated about their distribution of tickets to tonight's Delaney-Maloney fight. Some of their allotment, it is charged, have been found in the hands of speculators. Albert W. Loose, secretary to Tex Rickard, also has been summoned to furnish data from the offices of Madison Square Garden.

The ticket hearing will precede the ceremony of weighing the boxers.

Tony 'Surrenders' To Cub Contract

Only One Holdout Reported Now in Bruin Family.

CHICAGO, Feb. 18.—The annual baseball mystery—"Where is Tony Kaufman?" was solved today when Tony "gave himself up" voluntarily and admitted he had signed a contract to pitch for the Cubs during the season of 1927.

Tony, as usual, had been reported a holdout, but the lure of the trip to sunny California, only a week away, brought the Bruin hurler to terms. Today he was busy packing up to join the rest of the troupe on the training trip to Catalina island.

President William Veeck or the Cubs, announced that all of the Bruin family are now accounted for with one exception. He wouldn't name names, but the consensus of the lone holdout is Charley Root, another pitcher.

The terms of Kaufmann's contract were not revealed.

SPORTSMEN PLAN EUCHRE, SMOKER

Plans for a euchre and smoker were completed by the East Liverpool branch of the county fish and game association at its meeting last night in the Ingram building.

The session brought out a good crowd. A number of new members were reported.

CHESTER SET FOR WEIRTON

Boys' and Girls' Teams Play at Rock Springs.

Ray Wilde's Chester scholastic passers will take on another Hancock county foe tonight at the Rock Springs court. A two-ply program with Weirton High has been scheduled, with both the girls' and the boys' teams in action.

The Chester five was nosed out at Salineville last week by the close count of 17 to 15 and the Purple and Gold aggregation is figuring on evening up for that trimming, with Weirton as the prospective victim.

And if Simcox, one of Wilde's chief scoring stars, contrives to get the range early, Chester's chances of victory should look good.

Christians Lose To Presbyterians

Fourth Street Outfit Lands 59-21 Clash.

The Presbyterians, of the Sunday school loop, with almost an all-star aggregation, ran away with the Christians last night at the M. P. court. The final count was 59 to 21.

The count at the first quarter was 14-7 in favor of the Presbyterians and 25-19 at the half. The Presbyterians spurted in the third period and made it 42 to 21.

HIGHS BATTLE STEUBENVILLE FIVE TONIGHT

Expect to Hang up Second Win Over Red Quint.

VICTORS over Coach Charles Cartledge's Steubenville high school squad here January 29 by a decisive margin, local scholastic passers, who have run up a string of six victories in the last seven games, are confident they will be able to repeat over the Jefferson countians in their return match tonight at Steubenville.

The Cartledge combine has failed to achieve the impressive degree of success in basketball that was its fortune in football last fall but, nevertheless, puts up an excellent game on the hard-wood, and especially is expected to show a stronger front tonight on its "home grounds" than here.

Although Lorah's outfit was not pressed any too hard in the previous game on the local court, they are bound to find the task of licking the down river aggregation somewhat more difficult.

The Dover game, if all reports are reliable, probably will provide more of a job tomorrow night. Dover has its eyes on the sectional tourney championship at Muskingum March 4 and, enroute to its goal, has achieved a fine record in the season's skirmishes to date.

ORANGE PLAYS WILDE'S SQUAD

Meet in Inter-city Clash Saturday at Wellsville.

Wellsville high school gymnasium, scene of one hectic inter-city clash this week, will draw the spotlight again on another encounter of a similar nature Saturday night when Coach Earl Klinck's lads tangle with Chester.

The Orange and Black put up a great battle against East Liverpool Tuesday, but a three-day respite should put them in top shape again for the week-end encounter.

Chester has been coming along rapidly this winter and, barring an unexpected upset at Salineville last week, has been performing right up to the handle.

Team Strengthened For Important Tilt

Nate Lippe and Dave Shute, School Teachers, Join Local Ranks; Columbiana Bows to Body Makers; Quakers Trim Lisbon.

Their ranks re-inforced by the addition of two new performers, East Liverpool Elks of the county amateur cage circuit, tonight will attempt to dab the first blot on the hitherto unmarred second half escutcheon of the Salem Mullins club. The battle will take place on the high school floor, beginning at 9 o'clock.

Dave Shupe and Nate Lippe, intimate friends and former team mates of Ray Wilde, ex-Geneva star, have become members of the Antlers club for the last half drive.

Both Salem and Damascus have taken on strength for the race to the wire, and, as a result, Manager Ray Adams and Coach Bill Powell have let no grass grow under their tan lowcuts, with B. P. O. E. supporters clamoring for a place in the championship series at the end of the campaign.

Shupe and Lippe, both now engaged as high school teachers, a role which Wilde has filled since leave Geneva, will join the Antlers tonight and will work with Wilson, Pusey, Anderson, McConville, Canne and Clarke in remaining contests.

Lippe is reputed to carry a deadly shooting eye, especially on distance shots, not so much of the sensational mid-court variety, but, more particularly, those that come frequently from back of the foul line zone and the corners.

Shupe, although not more than five feet and eight or nine inches tall, bunries up about 170 pounds of bone and muscle in a solid, compact frame but, his friends say, he trundles his avoirdupois over the boards with the skill and deftness of a ballet dancer and is fast.

Coach Powell has not announced his lineup for tonight's game but both Shupe and Lippe will work in with the rest of the boys.

Mullins took another step pennant-ward last night at Salem by defeating Columbiana, 39 to 30.

The Boosters battled the body makers to a standstill for three quarters of a game. Then "Boots" Hawkins, one of the cleanest players in the circuit, was retired on personal fouls and Columbiana's hopes for victory went to the dressing room with him.

"Red" Matticks was the Salem scoring star, performing with Wiffler at a forward and Sidinger on the other. Siskowic held down one of the guards with Al Sartick, ex-high lad, and a new member of the Salem team, on the other defense job.

Damascus routed the Lisbon Scholastics last night at the Rollaway, the final count being 58 to 35. Firth and Schaffer, the Alliance lads who joined the Quaker ensemble recently, were the scoring stars, the former making 21 points.

CHAPTER FORTY-THREE.

My first step was to close the air hole and wedge up the cracks in the wall with a face towel. I then examined the geyser which, as I have explained, was clamped to the wall inside the air hole. It was of an antiquated pattern, but of fine proportions, a patriarch among geysers.

I looked feverishly for matches. Search as I would there were none in my pockets. This was disaster, and I stopped in despair, all my plan checkmated, when I espied a box lodged behind a pipe, evidently placed there by a careful servant. I blessed his forethought and taking the box, swung open the apparatus containing the jets for heating the water, lit the bypass, and then, turning the gas full on by means of the necessary lever with my left hand, I rapidly pushed back the heater with my right.

I had now done exactly what a large notice in French and German, nailed to the wall, told me not to do. I had lit the geyser without first turning on the water.

Having lit the gas, I cast about for cover, hoping that the cracks in the wall giving upon the airshaft were as deep as they appeared to be. There was a small space between the end of the bath and the wall. In this I crouched, awaiting developments. It was a bad moment, for I had not the least idea how long the geyser would take to explode, and whether it would do what I had designated, or whether I should not be killed or injured by flying fragments. The moments of waiting, however, were enlivened by blows and knockings on the door.

"Alarms without, as Claypole would say," I thought to myself, forgetting in that moment that Claypole was dead.

The noise without increased, but the bolt, as I had noted with satisfaction on entering, was a strong one and would hold for some moments yet. Then the crisis came. With a tremendous report the geyser blew up, and the bathroom was filled with fragments of flying tin and bits of piping, one of which hit the bath a sonorous bang within three inches of my head; even as I cautiously emerged from cover, the whole great geyser tottered from the wall and crashed heavily to the floor, bringing away, as I had hoped, a considerable portion of the wall.

About half the ceiling appeared to have fallen into the bath. I sprang up, crossed towards the opening and looked up the shaft. It was less than five feet across, and at the top of it I could see the sky. I had some experience of rock climbing, and what I proposed to do was not so difficult as it seemed. While waiting for the geyser to burst, I had removed my shoes and tied them around my neck by the laces. I now climbed through the hole and wedging my shoulders against one side of the shaft I put my feet against the other and started to shuffle awkwardly up towards the top in the way adopted by mountaineers, which I had myself employed in negotiating an awkward chimney in the Dolomites two years previously. The distance was, I judged, not more than thirty feet, the bathroom being on the second floor of the house. I shuffled up inch by inch, getting slowly higher and higher. It was desperately tiring, and the slightest relaxation of my taut muscles meant that I would have fallen down the shaft to the bottom, some thirty feet below, and in all probability have broken my neck.

I had done about ten feet when a terrific hullabaloo beneath me warned me that the door of the bathroom had given way, and that my enemies were just below me, doubtless watching my frantic efforts to scale the shaft.

I prayed that they had no firearms, for they could have shot me with the greatest ease. Either they had none or else they did not wish to use them. I do not know, but at any rate no shot was fired, and I continued my slow progress.

Presently my hands encountered a pipe running in a slanting direction to the top. I gripped this and letting go with my legs, swung along it, holding on with my hands. It was a pretty severe strain, but I succeeded, and after what seemed hours, though it was really only a few minutes, I got high enough, thanks to the friendly pipe, to throw a leg over the parapet and scramble onto the roof.

My first action was to look over the way I had come. There was a hole in the wall, and framed in the aperture I saw the head and shoulders of Doctor Kuntz, the lower part of his face a mass of blood. On seeing me, he shook his fist and roared out something which echoed up the shaft but which I could not understand.

I waved my hand to him, and turning around, saw to my dismay that another figure had already emerged from a trapdoor in the roof, a Japanese servant who must have arrived almost simultaneously with myself. He was just getting to his feet when I closed with him.

The struggle was a fierce one. He had seized me by the left wrist and was trying to prevent my right hand, which was groping for his throat, from obtaining a hold. We swayed and staggered, it seemed to me all over the roof. At one moment his Oriental face, passive even in the intensity of the struggle, as though only a strict sense of duty kept him playing his part, was close to mine, and I saw the beads of sweat start from beneath the black hair and glisten on the yellow forehead. Then suddenly my right hand found his throat and gripped. He uttered a choking sound and his grasp of my left wrist loosened. I tore my hand free and it went to join its fellow, so that I held the man at arms' length by the throat and squeezed his windpipe.

As I stood there, shaking him as a terrier shakes a rat, fierce exultation took possession of me. I shouted aloud, though what I said I cannot remember.

I seemed after a time to be achieving victory when my opponent made a last desperate effort. He forced his hands between my arms and opening his shoulder put forth all his strength and succeeded in breaking my grip. I staggered back, and I saw a momentary gleam of exultation in his eyes. Evidently now that he was free, he would exert his skill as a master of jujitsu, and I remembered in a flash the ignominious role I had played in the company of the Centurion on a similar occasion. I sprang forward with the object of closing again before he could try to throw me. He saw me come, and probably with the intention of placing himself in a better position to receive my attack, took a pace backwards. It was his last!

He had been standing on the very brink of the airshaft up which I had so laboriously climbed, and his step landed him over the edge into empty air. With a high, thin scream, he dropped like a plummet and I was just in time, looking over the edge, to see his body bound and rebound against the sides of the shaft until it was swallowed up in the gloom of its lower depths. A crash of glass followed by a dull thud told me he had reached the bottom.

There was a shout, and a voice cried in French, "There's an end of him." I hoped that in the darkness of the shaft my pursuers might mistake the corpse of the Japanese for my own, and thus give me a few precious moments to spare.

I lost no time in needless inquiries, however, but at once looked around for my shoes which had fallen from my neck during the struggle. Fortunate, they were lying on the roof close to the edge. I picked them up and put them on. This done, I walked across the roof, which was flat, and peered over the edge.

I perceived that I had come out on a screen of the roof opposite to that covered with the glass to which the chimney had previously led me.

At first sight further prospects of escape did not look too bright. The house walls descended sheer on all three sides, and beyond them was the fence of steel netting which I knew to be unclimable. Beyond that again was the open space and the pine woods in which lay comparative safety, if I could only get there. But how was that to be done? I looked around desperately for some means of further progress, when suddenly I noticed a stout bundle of telephone cables running from a corner of the house to a post situated just outside the fence: I made up my mind at once. I ran around the roof to where the cables joined it and tested them with my hand. There were about half a dozen, all lapped around with good strong insulation tape and easily capable of supporting my weight. Without more ado I tore a strip of lining from my coat, and wrapping one hand in this and the other in my handkerchief, I seized the cable and swung off downward hand over hand.

CHINESE TRADE SHOWS GROWTH DESPITE WAR

Customs Collections are Greater Than Last Year.

PRICES SLASHED

Americans Capture Large Share of Business.

PEKING.—Foreign trade in China increased $5,500,000 in the year 1926 over 1925, of which the United States got a good share. The gross income of the Chinese Maritime Customs was approximately $53,850,000 in the past year.

Remarkable about this increase is the fact that the nation has never been so torn with civil strife, resulting in the incapacity of all trunk railways for months on end. In addition there has been almost a perpetual boycott directed against all foreign imports and British goods in particular at Canton, despite which the importance of foreign products at that port alone increased by $1,200,000 over 1925.

Customs collections on imports at Shanghai totalled $25,000,000, placing it in the fore among the world's large ports. Tienstin came second with $6,000,000. The Japanese controlled port of Dairen in Manchuria made a return of $5,000,000.

America's Share.

American merchants at present obtained approximately one quarter of all China's business abroad. Statistics for the first nine months of 1926 according to the American Commercial Attache here show that American trade, while startling in no one line, is steadily broadening as the Chinese demands grow more diversified.

International business competition is growing more fierce in China, explained the attache, and with increased overhead and paring down of profits, it is inevitable that there will be a high mortality among the many firms doing business here.

Most phenomonal among American exports to China was the boom in unmanufactured cotton which increased $5,100,000 in the first nine months of 1926 over the same period of 1925. American flour boomed from sales $453,000 in 1925 to $2,263,000 for nine months in 1926.

Record of Steel Sales.

The greatest record in American steel sales in China was made in 1926, although prices were lower due to strong competition. Sales of electrical equipment from the United States increased 25 per cent and plans have been made to handle a 30 per cent increase during 1927.

Fifty-two million pounds of American tobacco came to China in nine months last year against 43 000,000 for the same period of 1925. Prices were lower, however, and the value was $10,918,000, a decrease of $8,000 from the previous year despite the increased sales.

American kerosene sales suffered badly, falling off two millions for the first nine months of 1926. They were offset, however, by an increase of $1,200,000 in parafine wax imports into China.

As an automobile market China lags behind the rest of the world. American cars are well ahead of all others but only 800 passenger cars were imported from America during the first nine months of last year.

Other leading American imports into China during nine months of the past year included canned milk, $833,000; sole leather, $809,000; leather belting, $256 000; raisins, $224 000; tin plate, $1,701,000; typewriters, $123,000; Douglas fir, $2,189,000; canned fruits, $122,000; newsprint paper, $301,000, and automobile tires, $226,000.

Tests to eliminate the sounds made by airplanes are being made in England.

China has given notice that all radio sets will be treated as contraband of war.

Ordinance Number 3012

AN ORDINANCE TO PROVIDE FOR THE PHYSICAL EXAMINATION OF HANDLERS AND DISPENSERS OF FOOD IN RESTAURANTS, HOTELS, CANDY SHOPS, LUNCHROOMS, BAKERIES, ETC.

BE IT ORDAINED by the Council of the City of East Liverpool, State of Ohio:

SECTION I. That each and every person who works in any restaurant, hotel, candy shop, lunch room or bakery where food is prepared and sold, and who prepares or helps to prepare such food, and each and every person who comes into physical contact with the food which is prepared and sold at the above designated places shall have a certificate of health. Such certificate shall be issued by the department of health only after records filed at the health office show such person to be free from any infectious, contagious or veneral diseases. Each person included in the above classification shall submit to a physical examination semi-annually, to be performed in accordance with the regulations of the board of health, either by a physician in the employ of the board of health, or any physician approved by the said board.

SECTION II. The results of physical examination performed in accordance with the foregoing shall be filed with the department of health, upon official blanks furnished for such purpose. Such blanks shall be signed by the physician making the examination and shall contain the following examination:

FOOD HANDLERS EXAMINATION.
Division of Health.

I hereby certify that the above named person has been examined by me as to the presence of communicable disease and has been found free (not free) from such diseases. Dated at East Liverpool, Ohio, ——— M. D.
Address ———

Food handlers license shall not be issued if this blank is not completely filled out, signed and filed with the department of health and approved.

SECTION III. When such official blank shall have been properly filled out, signed, filed and approved by the commissioner of health, a certificate properly numbered and specifying the date of issue thereof shall be issued by the department of health to the person so examined on the payment of a fee of fifty cents (.50). Such certificate shall specify the date of such physical examination, and shall state that the person to whom it was issued was free from any disease in a communicable form on the date of such examination.

SECTION IV. Certificates issued under and by virtue of Section II. hereof may be cancelled by the Health Commissioner by notice in writing to the licensee and the employer when such licensee has contracted, or become infected with or exposed to any communicable disease requiring isolation or exclusion from their employment by law or ordinance. The Health Commissioner shall have the authority to order the re-examination of any person of the classes mentioned in this ordinance for cause, but the expense of any examination oftener than semi-annually shall be borne by the health department.

SECTION V. Whoever, being subject to the requirements hereinabove specified, shall perform work without such certificate of health and contrary to this Ordinance, shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be fined not less than Five Dollars ($5.00) nor more than Fifty Dollars ($50.00) and costs of prosecution.

SECTION VI. This Ordinance is hereby declared to be an emergency ordinance. The emergency consists in the necessity of protecting the public from the possible spread of disease.

SECTION VII. This Ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed this 3rd day of February, 1927.
N. E. KERR.

MEMPHIS OPENS FIGHT AGAINST TERROR GANGS

Unique Criminals are Rampant in Tennessee City's Underworld.

EVADE ARREST

Petting Parties Broken by New Kinds of Bandits.

MEMPHIS.—Herrin may have its organized gang warfare, Chicago its machine gun bandits and thrill murderers but Memphis can boast the most unique lot of unapprehended criminals who ever made their debut in underworld circles.

A naked burglar has terrorized a southwestern section of this city for many months. He greases his body and creeps through the shadows, Indian fashion. He has thrice been fired upon by citizens and police but eludes his pursuers like a greased eel.

A barefoot thief, whose successfully walks about the houses he loots between midnight and daybreak without awakening its occupants, has left half a hundred looted houses in his wake during the past few months. Bare footprints are always left outside the window.

A petting party bandit. Not the usual type, a common thug. But a middle aged man, who uses a shotgun and preys upon couples found parked on the roadsides in automobiles. He starts the robbery with shouting "that's my daughter," and then gets the drop on the couple.

A bicycle bandit. A callow youth, red faced and daring, has robbed three huge payrolls during the past two weeks. Under guise of a bicycle messenger, this youth clings on the fender of a payroll car and steps over on the running board, pistol in hand, and successfully escapes with the cash.

A pyromanic who loves to hear the thrilling scream of fire sirens and see the giant engines roar by, has been starting fires of homes in the eastern section of the city.

An auto bandit, suffering with a publicity complex, who robs a store or a restaurant, gives the money back to the owner or throws it into the street, drives a few blocks away and calls police headquarters and "kids" the detectives, telling them he is the "lone wolf," is among these unusual criminals.

There are many others, strange in actions, but dangerous criminals, say the police.

Children's Sore Throat

Mothers know that children's sore throats are serious, often leading to tonsilitis, scarlet fever or diphtheria. Also that it is hard to treat because the usual remedy is a gargle and children can not gargle.

A famous physician's prescription called Thoxine works on new principle—goes direct to the cause not reached by gargles and patent medicines and brings relief within 15 minutes or money back.

And the remarkable thing about it is it contains no iron, chloroform or dope—harmless and safe, pleasant taste. Remember, relief within 15 minutes or money back. 35c., 60c., and $1.00. At all druggists.

BUTLER'S PLAN SOAKED IN RUM, SAYS WHEELER

Educator's Wet Program Full of Avarice, he Adds.

LUST MENTIONED

Anti-saloon League Chief Challenges New York Man.

NEW YORK, Feb. 18.—The liquor program suggested by Dr. Nicholas Murray Butler in his recent New York address is "soaked in avarice, lust and rum and the people of the United States will never make Uncle Sam a bartender," according to Wayne B. Wheeler, general counsel of the Anti-Saloon League of American.

Wheeler challenges Dr. Butler to "make good on his declaration that prohibition has got to come out of the constitution."

His statement follows:

"The liquor program, suggested by Dr. Nicholas Murray Butler is soaked in avarice, lust and rum. The people of the United States never will make Uncle Sam a bartender, nor will they surrender to a small minority of lawbreakers the majority right to make the nation's laws.

Challenges Declaration.

"We challenge Dr. Butler to make good on his declaration that the Eighteenth Amendment must come out of the Constitution and that the states must each in its own way deal with the evils of the liquor traffic. Let him and his wet associates try to elect a congress and three-fourths of the state legislatures favorable to his plan and they will discover that only the most tremendous majority can ever amend the Constitution.

"Dr. Butler and his allies, having lost in the only forum where they had the right to discuss these questions, now whine and show their yellow streak by encouraging lawlessness because the nation adopted a policy contrary to their appetite or financial interest.

"Dr. Butler lines up with the bootleggers, rum runners, owners of speakeasy property, wet newspapers, underworld denizens, alcoholic slaves and personal liberty fanatics in his fight to bring back booze. After fighting the foes of prohibition for over thirty years, we know that the bootlegger is a bitter enemy of the Eighteenth Amendment and not a supporter as Dr. Butler claims. His lawless activities were less perilous to his freedom under license, which he hopes will return.

"Dr. Butler's declaration that the Eighteenth Amendment has no place in the Constitution is as amusing as his assumption of the past of spokesman for the White House. The courts hold otherwise.

He Invokes Statistics.

"There are law violators not far from Dr. Butler's own circle who could correct his statement that bootlegging is either safe or profitable. That may account for some of the gentleman's bitterness when he assails the enforcement of this law. The assert that the liquor traffic was never so widely extended or profitable as now is absurd when we recall that before prohibition we annually consumed 42,728,276 gallons of wine, 1,885,071,504 gallons of malt liquors and 167,740,325 gallons of distilled spirits. This meant an annual consumption of 165,772,000 gallons of pure alcohol. The total production of industrial alcohol in 1926 was 105,375,886 wine gallons, of which over 90 percent can be traced to its legitimate use in industry.

"Neither Nicholas Murray Butler nor any other apologist for the liquor crowd will ever occupy the White House. Dr. Butler's political astigmatism is shown by the fact that the states he cites as hopes of the wets have elected dry governors, senators or dry legislatures by large majorities. In Pennsylvania and Massachusetts the new governors chosen by record majorities took unequivocal positions favoring prohibition. Ohio and some other states named by Dr. Butler learned that a wet United States senatorial candidate is doomed to defeat."

BILLY HAINES AT AMERICAN

'Brown of Harvard' Star in "Tell It To Marines."

Gee, girls! Whenever you see the blue uniform of a Marine on the street it's going to give you the thrill of your life—after you see Billy Haines in "Tell It To The Marines" which is now playing at the American theatre.

Yes—Billy is a Marine—and those who liked him in "Brown of Harvard" will adore him in his uniform, in his troubles with the tough sergeant, and his battles and adventures all over the world. It's all so human.

That's the way the whole story is. Lon Chaney as the old sergeant makes you laugh—but he makes you cry a little, too—when he isn't keeping you almost screaming with excitement in the big fight with the bandits, or when he fires the big guns on the battleship.

The battleship scenes—the great fleet practice at sea—the hundreds of Marines and Chinese bandits fighting on the Hangchow plains; the strange Chinese cities and dark jungles—the cloudburst—these are all wonderful thrills.

And then there is the love story of Billy Haines and Eleanor Boardman through it all. Carmel Myers is wonderful, too, as the island vamp.

How to Get Rid of Rheumatic Pain

NO MATTER how long you have suffered, or how severe the pain, you can get rid of the agony without dosing, and without taking powerful drugs into your system. The great penetrating power of Mustang Liniment is nothing short of marvelous and wherever used, nothing has been found to take its place. No smarting or burning, yet the pain goes in a jiffy, and sore, stiff muscles become limber and flexible. Your druggist will supply you with Mustang Liniment—start using it today.

MULKEY'S IODINE SALT

It is a pity that so many mothers of beautiful young daughters seem to disregard the warnings issued by health authorities in regard to Goiter. In this region any girl between 12 and 18 years of age is a probable victim of this malady. It may not only affect the mental and physical condition, but also reach the disfiguring stage.

The preventive for simple Goiter is MULKEY'S IODINE SALT, sold at grocery stores everywhere, and used the same as ordinary free-running salt. This is the brand officially approved. Read the certificate on label.

FOR GOITER PREVENTION

Build Strength In Place of Weakness

Perhaps you are one of many who are convalescing after a troublesome cold or cough or possibly grippe and find that your strength is at rather low ebb.

At such times it is all-important that you be well-nourished, and nothing quite equals pure, emulsified cod-liver oil *to help build strength in place of weakness.*

SCOTT'S EMULSION

OF PURE VITAMIN-TESTED COD-LIVER OIL

is the effective means that thousands use daily to help re-establish health and vigor. Containing as it does a wealth of health-promoting cod-liver oil vitamins *it is the very help the weakened body needs.*

If you are convalescing from a cold, cough, grippe or other respiratory infection—we strongly recommend the regular use of Scott's Emulsion for at least thirty days.

Youths Ransack Central and High School Buildings

Youths ransacked the Central and high school buildings last Saturday night, and obtained a small amount of cash from the high school principal's office, it became known today. No report of the robbery was made to the police.

Entrance to the Central school was made by removing the glass in the door of the ceramics department.

To enter the High School building the culprits used part of a pick handle in jimmying the lock on the door leading into the furnace room. Offices of the superintendent, high school principal, the locker rooms, band instrument room, gymnasium, auditorium, and practically all class rooms were visited. Papers and records in the offices were scattered over the floors.

Two bunches of keys secured at the Central school building and a bent screwdriver were found in the High school building.

"IT" SCREEN HIT AT CERAMIC

Clara Bow and Antonio Moreno in Glyn Story.

And so, clinging to a ship's anchor, they go into the final fadeout clinch without which no good movie is complete.

That's the way Clara Bow and Antonio Moreno ring down the curtain on Miss Bow's initial Paramount starring vehicle, "It," now at the Ceramic theatre.

Clara plays the part of a sales-girl in Moreno's large department store. Used to admiration, she is nonplussed when he makes no effort to gain her friendship. Then, Providence, in the form of William Austin, Moreno's pal, comes along. Antonio "falls for" Clara, hook-line-and-sinker. But she uses him only as a means to reach Moreno. When she finally does get to him, he—

Well, Elinor Glyn wrote "It," and when Madame Glyn has anything to do with a story, you can always look for lots of excitement, originality and heart throbs.

JUNG LIM TEW, ROCHESTER, N. Y., ONLY CHINESE MEMBER OF LEGION

ROCHESTER, N. Y.—Jung Lim Tew has the distinction, it is believed, of being the only Chinese member of the American Legion in the United States.

"I am an American citizen, I was born in the United States, and because I like this country I enlisted in the army," he declared. Thirty seven years ago he was born in New York City, returning to China when very young. At eighteen he returned to this country

With the true impassivity of the Chinese Jung Lim Tew dislikes to talk, unless the topic be the Chinese situation. Then words do not fail him.

"China is a strong country," he said. "The English and Japanese hold the land of the Chinese. Some day they will be driven out and then China grow like the United States."

Men Past 40 Often Increase Energy 100%

Get Rid of Nervous Weakness and Check Signs of Old Age

Recent investigation shows that the "pep," energy, endurance and NERVE FORCE of the average man past 40 may often be increased 100 per cent by getting into his system the marvelous restorative Radium power of ARIUM. By producing a vitalizing internal exercise—ARIUM acts to renew proper normal functioning, just as Nature intended. A multitude of alarming symptoms often quickly disappear. You should see and feel a truly startling improvement in yourself each day.

Amazing testimony of physicians and users gives convincing proof of the remarkable power of ARIUM to help restore health and strength to the sick and afflicted. Dr. C. E. Morris of New York City says: "ARIUM puts back force and vigor into the veins and strengthens the entire system to fight off disease and signs of old age." S. C. H. of Paterson, N. J., writes: "I find ARIUM to be the real thing to put 'pep' into me." Mr. D. F. K. of Pennsylvania declares: "I have been using ARIUM for a week and am feeling 100 per cent better." E. F. M. of Jersey City says: "ARIUM increased my vital power; results more wonderful than I had ever dared hope for."

If you are a sufferer from prostate gland inflammation or enlargement, kidney trouble, torpid liver, bladder irritation or high blood pressure, with such distressing symptoms as lame back, pains in the head, sour stomach, bilious attacks, dizziness, frequent getting up nights, embarrassing nervous weakness and other middle age ailments, you owe it to yourself to start taking ARIUM at once.

NOTE: The Associated Radium Chemists, Inc., of New York, which supplies druggists with ARIUM guarantees successful and satisfactory results in every case from its progressive use or money refunded, and also that a definite quantity of genuine radium is used in its preparation. ARIUM is easy and economical to take and may now be readily obtained in this city from any good druggist such as

Chas. T. Larkins, Carnahan's, Herche's Drug Store and Mathews.

MAGNESIA BEST FOR GASSY STOMACH

Bisurated Magnesia Promptly Ends Gas, Sourness and Acid Indigestion.

If everything you eat turns to gas and your stomach is a constant ferment of sourness and Acid indigestion, try taking a little pure Bisurated Magnesia after meals for a while and get the immediate relief from stomach trouble this simple prescription unfailingly gives.

It is a serious mistake to seek relief from Indigestion or a bad stomach by using pepsin or other artificial digestants. You get relief but weaken the stomach and do not reach the cause which, nine times in ten, is simply "too much acid" in the stomach. Bisurated Magnesia, taken after meals, dissolves or neutralizes this acid, sweetens and cleans up the stomach, drives out gas and bloat and lets the stomach digest your food as nature intended without a particle of trouble.

Reliable druggists everywhere supply the genuine Bisurated Magnesia in both powder and tablets in sealed packages. Do not confuse with ordinary citrate, milk or lump magnesia. Be sure to get Bisurated, which is not a laxative and is especially prepared for stomach trouble.

DISTRICT SCHOOL ATTENDANCE HIGH

Attendance in the Grant district public schools is exceptionally good for this season of the year, according to a statement made today by A. D. Osborne, superintendent of schools.

Mr. Osborne, who made a tour of the district this week in which he visited six buildings declared that few of the pupils were detained at home on account of illness.

BASEBALL MEET LISTED TONIGHT

Plans for the coming season will be outlined tonight at a meeting of the officers and players of the Homer Laughlin China company in the rooms of the chamber of commerce, East Liverpool.

At this session a manager and other officers to guide the destinies of the team will be elected.

WHIPKEY FUNERAL RITES SUNDAY

Funeral services for Mrs. Viola Virginia Whipkey, 76 years old, widow of Josiah Whipkey, who died in the home of her daughter, Mrs. Ethel Reese, Washington street, will be held Sunday afternoon at 2 o'clock in the First Presbyterian church. Burial will be made in Locust Hill cemetery.

To Those Who Have Indigestion

Jesse D. Holloway Makes This Offer.

Your Money Cheerfully Refunded If One Bottle of Dare's Mentha Pepsin Doesn't Do You More Good Than Anything You Ever Used.

During the past year thousands of sufferers from stomach distress have blessed the day they first heard of this grand medicine for poor disordered stomachs.

Not only will Dare's Mentha Pepsin, a pleasant tasting elixir relieve these attacks but taken regularly will help to overcome the most obstinate cases when due to excesses or faulty elimination.

Thousands in this part of the state know it and that is why every druggist hereabout is having such a tremendous demand for it.

If your disordered digestion keeps you feeling miserable, start to improve it today—one bottle of Dare's Mentha Pepsin is guaranteed by Jesse D. Holloway and all druggists to help you more than anything you ever tried or money back.

CATARRH DESTROYS TENS OF THOUSANDS

So many people do not know how serious catarrh really is that they are astonished to find how easy victims they prove to influenza, pneumonia and other serious diseases.

Catarrh weakens the whole system. It eventually interferes with all bodily functions, and it leaves its victims easy marks for epidemics and serious illness. Here's a case reported by Mr. N. W. Carr, 1008 Buckeye avenue, Wellsville.

Cleared It All Up

"I neglected my catarrh until it began to affect my stomach seriously. Then one day I went home with a bad headache, which speedily developed into flu, and for six weeks I was in bed—a sick man. When I began to get around again, I couldn't regain my strength until I took your wonderful medicine, World's Tonic. I started on it just to build up strength, which it did, but I kept on taking it because it was helping my catarrh so much. A few bottles cleared up this condition, and I am now in better health than for ten years past.

Catarrh, besides being a nuisance to everybody you come in contact with, is a vicious enemy that is undermining your health and strength. World's Tonic is a great constitutional medicine, upbuilding strength and conquering catarrh. The thousands who have been wonderfully benefitted are your best proof that it will help you. At Carnahan's, also Brannan's, Wellsville and all reliable drugists. (202)

British Industrial Commission Report Is Sent to America

LONDON.—The report of the Industrial Commission of Inquiry, sent by the government to the United States and Canada is likely to be disappointing.

In a word, it will set no new light on British industrial problems. The labors of the commission will apply no magical key to the labor troubles which have beset Britain since the war. The main statement of the report will be to prick the bubble that America and Canada possessed industrial systems superior to those in Britain.

The investigation has been particularly pointed and profound, and the report will state that most of the surprises have come from the side of the United States. Preliminary statements go to show that American industrial magnates have frequently been astonished to find themselves carried out of their depth by men who knew things about their businesses not even known by the greatest of hustlers.

The new radio station at Angora, Turkey, will soon be put in operation.

REGULATE-DON'T PURGE BOWELS

Harsh Physics, Calomel, Salts and Purgatives Soon Lose Effect.

Here is a pleasant, harmless laxative, system cleanser, stomach tonic and bowel regulator which everyone troubled with constipation, especially chronic obstinate cases, should try.

"VINCO" is a chocolate coated tablet made of Herbs, Roots and Barks (no dope). Does not gripe or sicken. Your druggist will refund money if you do not get relief from the first 25c box.

Lay aside nasty salts, dangerous calomel and harsh physics. Use only "VINCO" to regulate the bowels. Do a kindness by telling others about "VINCO." They, too, will appreciate the difference between harsh physics and gentle, harmless "VINCO."

How to Look and Feel Younger

Scientific Stimulation Will Banish That Tired, Nervous Appearance.

Nothing detracts so much from the appearance of strength and success in a man as lack of plenty of firm, hard flesh on his bones. Thin, underweight men have no endurance, tire easily and have hard work to keep going—they are the ones who lose out in the race for success.

If you want the appearance and vitality of strong, successful, vigorous men, you should try a healthful and proven digestive stimulant. After the first few days you will note renewed energy, your food will taste better and you will experience an added snap and vigor. As you continue, you will find your weight increasing—in the place of worry lines and flabby muscles, there will be smooth, firm, solid flesh.

As you continue to get full nutriment out of your food as brought about by this scientific stimulant, the nerves become steadier and more controlled, the eyes brighter and there will be a determination and vigor in your actions that will surprise you as well as your friends. These facts may seem amazing to you, but results like these are happening every day to men all around you.

A remarkable stimulant-tonic has been devised for just such conditions. It is delightfully palatable and is prepared by an old Virginia concern in business for nearly a century. Druggists and physicians have come to know this stimulant as "Old Monticello Tonic." Get a bottle today from your druggist, take a small wineglass full before your next meal—see how much better you eat—feel the glow of stimulated functions throughout the body. A few days' treatment will bring a quick change in run-down conditions and overcome lack of energy.

What's What in Washington

BY CHARLES A STEWART

COOLIDGE'S DISARMAMENT BID MEETS BOTH FAVOR AND DOUBT

WASHINGTON, Feb. 18.—"It's the right spirit," is the practically unanimous verdict in congress on President Coolidge's bid for another naval limitation conference, to do some really effective limiting.

However, very few congressmen can be found who believe any of the big European powers or Japan can be drawn into any discussion which promises genuine restrictions on their warship building programs. While professing all sorts of good intentions, the old world governments are very backward about fulfilling any of them, the congressional critics say.

The way they see it on Capitol Hill, each nation favors naval limitation for other nations, but, with the exception of the United States, none wants to limit its own navy.

So what's looked for, in response to President Coolidge's overtures, is a bunch of seemingly encouraging communications, which, on analysis, will be found not to mean anything.

Still, everybody agrees that there's no harm in trying.

That is to say, most congressmen agree to this. Naval officers don't agree to it so readily. Their idea is that the United States was badly bamboozled at President Harding's armament limitation conference and they're afraid of more of the same if President Coolidge succeeds in arranging another one.

To be sure, not all navy enthusiasts think the Harding limitation agreement has been a bad thing for the United States.

Col. Theodore Roosevelt, for instance, very much an enthusiast, told me, when assistant secretary of the navy, that he felt sure the American fighting fleet was stronger than it would have been if there had been no such compact.

The American navy always has fallen into a state of dilapidation after every war, he explained, because the country thinks it no longer has any use for one and loses interest in it. But this last time, he said, there was the "5-5-3" bargain, between the United States, Great Britain and Japan, to serve as a sort of standard to be lived up to, as well as not to be exceeded.

The colonel admitted that America hadn't kept up a 5 to 5 basis with Great Britain and hardly to a 3 to 5 basis with Japan, but in his opinion it would have been still worse off if it had had no standard whatever.

The rank and file of navy men don't take so cheerful a view.

President Coolidge puts considerable trust in a paper navy.

The theory is that a big batch of plans of warships, on hand in the navy department building, serve as a constant reminder to America's possible naval rivals, of what a huge fleet this country can put into the water if it actually start to build.

Men like Chairman Butler of the house naval affairs committee, Chairman Hale of the senate committee, Congressman Britten of Illinois, a super-big navy booster, and other don't subscribe to this notion. They want sure-enough warships, that will float and can shoot. Their argument is that if takes two or three years to build a cruiser, and that a war—which, they say, Heaven forefend, but you never can tell—might be all over in that length of time.

Undoubtedly one reason why the president has stuck so tight to his paper navy policy is that he's had this armament limitation scheme in the back of his head all along, and didn't want to spend a lot of money on ships that would have to be scrapped.

How he'll feel about paper navies if his latest limitation proffers are snubbed remains to be seen.

FIVE HORSES DIE IN NEWARK FIRE

NEWARK, O., Feb. 18.—Authorities today were seeking to learn the origin of a fire here in which three race horses and two draft animals were destroyed, and the barn of Albert Seiler burned to the ground. The animals were valued at $3,000.

Germany now has 56 regular airplane lines touching 61 cities.

Don't Let a Cough or Cold "Go Down"

If you let a cough get down into your bronchial tubes or lungs, it stops being merely a nuisance and becomes a real danger. A "head cold" is only a bother while it stays in your head. But once it gets down into the danger zone, serious trouble threatens.

Act promptly to check the cough; to keep the head cold from "going down." Sure *and lasting* relief is as near as the nearest drug store.

Quickly and unfailingly Ayer's Cherry Pectoral goes straight to the seat of danger. *Real medicine*, reaching deep with its soothing, healing power, penetrating through and through the irritated membranes of your throat and bronchial tubes.

If you are catching cold; if you have a "head cold"; if your chest is tight; if you have a cough—even if bronchitis has developed—Ayer's Cherry Pectoral *at once!* Keep your cold from going down into the danger zone.

Cherry Pectoral is pleasant, safe and dependable—for children and grown people. At all druggists—60c; twice as much, $1.00. 1d34c

WHY HAVE A COLD?

Let Nature Help You Keep Free!

THE secret of good health lies in a fit body. It's the system that's tired and weakened that catches cold easily. Keep your stomach right, and let your system look after itself.

Dillingham's Plant Juice, the pleasant tasting natural remedy, will make your stomach do its work properly. See what Mr. James M. Penncyker of Cooper Hospital, Camden, N. J., says about Dillingham's Plant Juice:

"Two years ago my appetite left me, my stomach was weak, and what I ate would repeat on me hours after meal time. Gas would bloat me so that I was forced to loosen my clothing to get relief. Mornings I would get up feeling more tired than upon going to bed. While on my first bottle of Plant Juice I felt a great deal better. Today I never have the least bit of bother with my stomach. When I go to bed now I don't know a thing until I am called in the morning, and then I just feel as bright and sound as a brand-new dollar."

"As bright as a brand-new dollar"! Keep yourself feeling like that, and you can afford to laugh at colds.

Plant Juice contains nothing but the juices of herbs and plants.

Ask your druggist for the original Dillingham's Plant Juice, for over thirty years the safeguard of health.
